Scale: 2 inches equal 1 mile

MICROFILMED

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Alan J. Diney
(Applicant)

MICROFILMED

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT	)	
	)	
NO. 33-7178 IN THE NAME OF	)	ORDER OF REINSTATEMENT
	)	
NEW ENERGY, INC.	)	

This matter having come before the Idaho Department of Water Resources (Department) the Department finds as follows:

FINDINGS OF FACT

1. On February 27, 1986 the Director of the Department of Water Resources issued Permit No. 33-7178 with a condition of approval that proof of construction of works and application of water to beneficial use be submitted on or before February 1, 1991.
2. On November 30, 1990 the Department sent a proof due notice to the permit holders.
3. On February 5, 1991 the Department sent a lapse notice to the permit holders since neither proof of beneficial use nor a request for extension of time had been received from the permit holders.
4. On April 29, 1991 Proof of Beneficial Use was received by the Department from the permit holders.
5. Section 42-218a, Idaho Code, authorizes the Department to reinstate a lapsed permit, with the priority date advanced to the date that proof of beneficial use was received,

MICROFILMED

JUL 01 1991

upon submittal of evidence clearly establishing the extent of beneficial use prior to the proof due date and a showing of reasonable cause why the proof was submitted late.

6. The permit holders have submitted evidence to confirm that water has been put to beneficial use prior to the proof due date. Evidence includes a statement by the project engineer attesting that beneficial use had been accomplished prior to the proof due date. Other evidence includes account statements of hydropower sold to Utah Power and Light Company between July, 1987 and January, 1991.

7. The permit holders have stated that they submitted proof of beneficial use late because the proof due and lapse notices was sent to a former address and not forwarded to the updated address before the proof due date. The permit holders still own the property at the former address but the occupants did not forward the Department's correspondence until after the proof due date.

CONCLUSIONS OF LAW

1. The permit holders have submitted proof of beneficial use along with supporting evidence which establishes that water was in fact beneficially used as identified on the permit.

2. The permit holders have shown sufficient cause why the proof of beneficial use was not submitted in a timely manner.

3. The permit can be reinstated with the date of priority advanced to the date proof of beneficial use was

received by the Department.

ORDER

IT IS HEREBY ORDERED that Permit No. 33-7177 is
reinstated.

IT IS FURTHER ORDERED that the date of priority of this
permit is advanced to April 29, 1991.

Dated this 12th day of June, 1991.

APPROVED

To appropriate the public waters of the State of Idaho

1. Name of applicant Alan J. Amy Phone 767-3374
Post office address Star Route P.O. Box 170 Howe, Idaho 83244
2. Source of water supply Black Creek which is a tributary of Little Lost River*
*kw 2/25/1986
3. Location of point of diversion is NW $\frac{1}{4}$ of SE $\frac{1}{4}$ of SW $\frac{1}{4}$, Govt. Lot _____
Sec. 10 Township 10N Range 27E B.M. Butte County; additional
points of diversion if any: _____
4. Water will be used for the following purposes:
Amount 2.7 for Power purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
5. Total quantity to be appropriated is (a) 2.7 and/or (b) _____
cubic feet per second acre feet per annum
6. Proposed diverting works:
 - a. Description of ditches, flumes, pumps, headgates, etc. Headgate to pipeline* to generating facility and discharged into Little Lost River (NWSW 20 T 10N R 27E)* Note: Pipeline joins with pipeline from Deep Creek.
 - b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total reservoir capacity _____ acre-feet; period of year when water will be diverted to storage: _____ to _____ inclusive.
 - c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.
 - d. Is ground water with a temperature of greater than 90°F being sought? _____
7. Time required for the completion of the works and application of the water to the proposed beneficial use is 5 years (minimum 1 year).

MICROFILMED

a. Hydropower; show total feet of head and proposed capacity in KW.

b. Stockwatering; list number and kind of livestock.

c. Municipal; show name of municipality.

d. Domestic; show number of households.

e. Other, describe fully.

9. Description of place of use:

a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.

b. If water is used for other purposes, place a symbol of the use (example: *D for Domestic*) in the corresponding column.

ponding place of use below. See instructions for standard symbols.

[illegible]

Total number of acres to be irrigated.

10. Describe any other water rights used for the same purposes as described above.

11. a. Who owns the property at the point of diversion? U.S.F.S.

b. Who owns the land to be irrigated or place of user? _____ Applicant

c. If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing. Special use permit with U.S. Forest Service.

12. Remarks:

This topographic map illustrates a proposed diversion of the Black River. The map features a grid system with sections numbered 8 through 29. Key geographical features include the Black River, Deep Creek, and Birch Basin. A dashed line indicates the diversion route, starting from the Black River and flowing towards the Birch Basin. A solid line shows the original river path. A 'PLACE OF USE' is marked near the river's mouth. The map also shows contour lines, a 'POINT OF DIVERSION', and various elevation markers such as 6400, 6800, and 9200. A 'PIPE' is indicated in the upper left corner, and a 'DITCH' is shown near the diversion point. The map is titled 'Black River' and 'Birch Basin'.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 33-7178 and said application is hereby APPROVED

1. Approval of said application is subject to the following limitations and conditions:

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or before

February 1, 1991

c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.
d. The water right acquired under this permit if for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this permit and shall not give rise to any right or claim against any future rights to the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this permit.
e. Other:

SEE ATTACHED SHEET FOR CONDITIONS e thru n.

Witness my hand this 27th day of February, 1986.

D. Newington
Chief, Operations Bureau

ATTACHMENT TO CONDITIONS OF APPROVAL

For Permit No. 33-7178

- e. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which permit holder had no control.
- f. This permit is subject to the provisions of Sections 42-205 through 42-210, Idaho Code, restricting the sale, transfer, assignment, or mortgage of this permit. Failure to comply with these provisions is cause for immediate cancellation of this permit.
- g. Water used under this permit if discharged into a natural channel or subsurface system shall meet Idaho Water Quality Standards.
- h. The Director retains jurisdiction of this permit in order to limit the use of water for hydropower generation purposes to a specific term of years as required by Section 42-203B(7), Idaho Code.
- i. The water right acquired under this permit for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this permit and shall not give rise to any right or claim against future rights to the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this permit.
- j. Use of water under this permit shall be non-consumptive.
- k. This permit does not constitute Idaho Public Utilities Commission or Federal Energy Regulatory Commission approval that may be required.
- l. The issuance of this permit in no way grants any right-of-way or easement across the land of another.
- m. A measuring device of a type approved by the Department shall be permanently installed and maintained as part of the diverting works.
- n. Use of water under this permit is subject to control by the watermaster of State Water District No. 33, Little Lost River.

Witness my hand this 27th day of February, 1986.

RE: Permit No. 33-7178

Dear Permit Holder:

The Department received your proof of beneficial use statement for the above referenced permit on April 29, 1991. The permit lapsed February 1, 1991 so the 60-day late period during which the permit can be readily reinstated has passed.

Pursuant to Section 42-218a, Idaho Code, (copy enclosed) the permit can now be reinstated only if you submit the following:

a) Evidence to show that beneficial use of the water did commence and to show the extent of the use of water during the authorized permit period from the time the permit was issued until the proof due date.

b) Reasonable cause why the proof of beneficial use was filed late.

Your proof of beneficial use statement along with any information which may have been submitted with it will remain on file in this office for 60 days to allow you an opportunity to assemble and submit the additional required information.

Please feel free to contact this office if you have additional questions.

Sincerely,

A handwritten signature in cursive script that reads 'Tim Luke'.

LAPSE NOTICE

RE: PERMIT NO. 33-07178

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated November 30, 1990. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifteen dollar (\$15) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 33-07178

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 1991. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager

APPLICATION FOR CERTIFICATE OF AUTHORITY

(Profit Corporation)

DEC 13 1986

To the Secretary of State of Idaho

Pursuant to Section 30-1-110, Idaho Code, the undersigned Corporation hereby applies for a Certificate of Authority to transact business in your State, and for that purpose submits the following statement:

1. The name of the corporation is NEW ENERGY INC.

2. The name which it shall use in Idaho is NEW ENERGY INC.

(To be used only when required to avoid a conflict with a name already on file. Must be accompanied by a Board of Directors resolution adopting assumed name in Idaho.)

3. It is incorporated under the laws of Arizona

4. The date of its incorporation is November 7, 1979 and the period of its duration is perpetual

5. The address of its principal office in the state or country under the laws of which it is incorporated is

321 E. Concorda Drive, Tempe, Arizona 85282

6. The address to which correspondence should be addressed, if different from that in item 5.

N/A

7. The street address of its proposed registered office in Idaho is 820 W. Washington,

P. O. Box 893, Boise, Idaho 83701, and the name of its proposed

registered agent in Idaho at that address is Consulting Associates, Inc.

8. The purpose or purposes which it proposes to pursue in the transaction of business in Idaho are:

Any and all lawful business for which corporations may be incor-

porated under the laws of Idaho.

9. The names and respective addresses of its directors and officers are:

FEDERAL ENERGY REGULATORY COMMISSION

Notice of Application Filed with the Commission

(July 24, 1985)

Take notice that the following hydroelectric application has been filed with the Federal Energy Regulatory Commission and is available for public inspection:

- a. Type of Application: Conduit Exemption.
 - b. Project No.: 8700-001
 - c. Date Filed: April 4, 1985
 - d. Applicant: Alan J. Amy
 - e. Name of Project: Amy Ranch
 - f. Location: At existing irrigation diversions on Deep Creek and Black Creek in Butte County, Idaho
 - g. Filed Pursuant to: Section 408 of the Energy Security Act of 1980 (16 U.S.C. §52705 and 2708 as amended)
 - h. Contact Person: Ted S. Sorenson
Consulting Engineer
550 Linden Drive
Idaho Falls, ID 83401
 - i. Comment Date: SEP 3 1985
 - j. Description of Project: The proposed project would consist of: (1) a 6,600-foot-long, 8-inch-diameter pipe from the existing irrigation diversion on Black Creek to confluence with a 17,000-foot-long, 20-inch-diameter pipe from the existing irrigation diversion on Deep Creek; (2) a powerhouse containing a single generating unit with a capacity of 600 kW and an average annual generation of 3.7 GWh. The water will discharge into the applicant's irrigation ditch.
- Purpose of Exemption - An exemption, if issued, gives an Exemptee priority of control, development, and operation of the project under the terms of the exemption from licensing, and protects the Exemptee from permit or license applicants that would seek to take or develop the project.
- k. Purpose of Project: Project power would be sold.
 - l. This notice also consists of the following standard paragraphs: A3, A9, B, C, D3b

FEB 10 1986

Eastern District Office

MICROFILMED

A3.

Development Application -- Any qualified development applicant desiring to file a competing application must submit to the Commission, on or before the specified comment date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified comment date for the particular application. Applications for preliminary permit will not be accepted in response to this notice.

C.

Filing and Service of Responsive Documents - Any filings must bear in all capital letters the title "COMMENTS", "NOTICE OF INTENT TO FILE COMPETING APPLICATION", "COMPETING APPLICATION", "PROTEST" or "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing is in response. Any of the above named documents must be filed by providing the original and the number of copies required by the Commission's regulations to: Kenneth F. Plumb, Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. An additional copy must be sent to: Mr. Fred E. Springer, Director, Division of Project Management, Federal Energy Regulatory Commission, Room 203-88, at the above address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

A9.

Notice of Intent -- A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, include an unequivocal statement of intent to submit, if such an application may be filed, either (1) a preliminary permit application or (2) a development application (specify which type of application), and be served on the applicant(s) named in this public notice.

B.

Comments, Protests, or Motions to Intervene - Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of the Rules of Practice and Procedure, 18 C.F.R. §§385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

D3b.

Agency Comments - The U.S. Fish and Wildlife Service and the State Fish and Game agency(ies) are requested, for the purposes set forth in Section 30 of the Federal Power Act, to file within 45 days from the date of issuance of this notice appropriate terms and conditions to protect any fish and wildlife resources or otherwise carry out the provisions of the Fish and Wildlife Coordination Act. General comments concerning the project and its resources are requested; however, specific terms and conditions to be included as a condition of exemption must be clearly identified in the agency letter. If an agency does not file terms and conditions within this time period, that agency will be presumed to have none. Other Federal, State, and local agencies are requested to provide comments they may have in accordance with their duties and responsibilities. No other formal requests for comments will be made. Comments should be confined to substantive issues relevant to the granting of an exemption. If an agency does not file comments within 45 days from the date of issuance of this notice, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Re: Applications for Permit No. 33-7177 & 33-7178

Dear Mr. Amy:

No protests were received by the Department of Water Resources objecting to the above applications for power generation on Deep Creek and Black Creek respectively. But before they can be forwarded to our State Office for final processing you must provide some supplemental information.

Under Section 42-206, Idaho Code, an individual must confirm he is a resident of Idaho as part of filing a hydropower application. To verify you are a resident complete item one of section A on the enclosed forms. One of the blocks under section B should also be checked. Prior to returning these forms make sure both of them are notarized.

In addition to the residency affidavit forms the Department also needs documentation the project is actually being pursued. This can be satisfied by furnishing one or more of the following items: engineering feasibility report, preliminary design report, contracts to construct the project, contracts to purchase power or verification that an application has been submitted to the Federal Energy Regulatory Commission.

Documentation regarding the project should be submitted as soon as it is available. The residency affidavits, however, must be returned to this office by February 24, 1986 in order to keep the applications in good standing.

Respectfully submitted,

Ernest Carlsen
Assistant Regional Supervisor

Re: Application for Permit No. 33-7177 & 33-7178

Dear Water Right Applicant:

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned identification no. 33-7177 & 33-7178. Please refer to these numbers in all further correspondence.

This office is currently in the process of advertising the application in the Arco Advertiser. The advertisement will be published for two weeks, and a period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely,

Ronald D. Carlsen
Eastern Regional Supervisor
