Dear Mr. Carlsen:

Thank you for pointing out the incorrectly described water sources on our applications for permit that were recently submitted to your office. The necessary corrections have been made and the permits should now be ready for advertising.

Thank you for your assistance.

Sincerely,

Dear John:

Although the Department has receipted the seven applications for permit we received on November 6, 1980, six of the applications do not appear to be in form to advertise. According to the U.S.G.S. quad maps the source on these applications may be described incorrectly. Below I have listed the applications and sources as submitted along with the changes we have identified.

1. Pass Creek Unit (004)064 - Coal Creek which is a tributary of Pass Creek, change Pass Creek to Wet Creek.
2. Pass Creek Unit (004)065 - Unnamed Stream which is a tributary of Pass Creek, change Pass Creek to Wet Creek.
3. Pass Creek Unit (004)088 - Sands Creek which is a tributary of Pass Creek, change to Sands Creek which is a tributary of Wet Creek.
4. Pass Creek Unit (019)018 - Unnamed Stream which is a tributary of Mill Creek, change Mill Creek to Methodist Creek.
5. North Unit Little Lost (005)001 - Unnamed Stream which is a tributary of Deep Creek, change Deep Creek to Little Lost River or sinks, if it is not tributary to another stream.
6. South Unit Little Lost (007)001 - Unnamed Stream which is tributary of Camp Creek, change Camp Creek to North Creek.

To assist you in evaluating these proposed changes we have included a copy of the front page of each application. If you find our recommendations to be correct, simply make the necessary changes on the copies, and return them to this office.

After the copies have been returned to this office we will commence advertising, indicating any changes. Feel free to call me at 525-7161 should you have any questions.

Respectfully submitted,

ERNEST CARLSEN
