Mr. Haight does not agree with the number of acres we have recommended for licensing. He states that there are 160 acres in the NW 1/4 of Sec. 34 that should also be included - says these lands have been irrigated for the past 15 years... He also stated that the lands in Sec. 22 should be listed as full 40 acre-tracts - says all are sprinkler irrigated & should be full 40's.

I recommend we ask the region to re-examine the space of use of water & under this right.

ON SAID TRACTS, PERMIT HOLDER MUST DEMONSTRATE THAT FULL 40'S ARE IRRIGATED. Jim
