RE: 147444 - Callister

Dear Mr. Young:

Attached are Proof of Application of Water to Beneficial Use and Application for Amendment in connection with Permit No. 33-7013, Rulon J. Callister. As we understand it, the reason the point of diversion has changed is that Mr. Callister's neighbors, who are long-time residents of this area, felt that he would hit a better supply of water in Section 21 than in Section 28. The ditch right-of-way was already established and Mr. Callister is pumping from the well into the ditch and transporting water through this ditch to Section 28.

Please send us a letter acknowledging receipt and filing of this Proof of Application of Water to Beneficial Use so that we can disburse funds and complete our loan. Thank you.

Yours truly,

Dear Mr. Young:

Enclosed herewith is Application for Permit from Rulon Callister. As indicated in the permit, he proposes to drill a well in the NW corner of the NE $\frac{1}{4}$ of Section 28. Attached is a photocopy of the arial photograph which we received from the Soil Conservation Service at Arco. Mr. Callister just purchased 400 acres from Merle Hoffman, described as follows:

NW $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, Section 21; NE $\frac{1}{4}$, Section 28; all in Township 6 North, Range 29 E.B.M.

Attached is a photocopy of our application showing what water rights Mr. Callister has from the Blaine County Canal Co., Dry Creek Development, Inc., and the existing well which is located in the NW corner of Section 21.

You will note from the arial that the S $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 28 is still in sagebrush. The proposed new well will enable the applicant to get sufficient water to develop this 80 acres for pasture land for his dairy herd, and also more adequately water the entire NE $\frac{1}{4}$.

Kindly let us know if any additional information is needed for approval of this permit. Attached is the \$55 filing fee.
