Dear Mr. Boyer:

Thank you for your letter of March 28, 1968 on the above referenced permits.

Please be advised that the Department of Reclamation is preparing to license G-30348 for 120 irrigated acres at 2.4 cubic feet per second. We are also preparing to license G-33364 for 55 irrigated acres at 1.10 cubic feet per second. This would allow Mr. Andreason approximately 158 miners inches of extra production in his well. Therefore, pursuant to your request, we have prepared an application for permit to cover his additional ground in section 7 and 18. Please have Mr. Andreason review the application and if it is within his intent, sign and return the application with his filing fees. We are enclosing an instruction sheet to assist you in determining the fees.

You should be advised that it takes approximately 6 weeks to get an application approved. Therefore, we will supply you with a copy of the application when we receive it and return Mr. Andreason's receipt, hoping that this will satisfy the lending institution until such time as the application is approved.

Very truly yours,

Dear Mr. Higgenson:

Re: Juel W. Andreason
Permit No. G 33364 &
G 30348

Mr. Andreason who holds the above permits upon which proof has been filed has now acquired additional land adjacent to this land, his well produces sufficient water to allow additional lands to come under this well and he wants to apply for another permit to cover the following lands:

Township 6 N. 29 EBM:

Sec 7:

SE $\frac{1}{4}$ - 2.2 c.f.s for 110 acres (he owns this 160 acres)

Sec. 18

NE $\frac{1}{4}$ - 1 c.f.s for 50 acres (is in process of acquiring this) 160)

His well produces over 400 miners inches or 8 c.f.s, the current permits has appropriated only 4.8 c.f.s. of this, so that 3.2 c.f.s. can still be filed on.

Will you please send a new permit with the above information filled in so that we can get it executed properly.

Sincerely Yours,

Howe, Idaho 83244

Dear Mr. Andreason:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Arco Advertiser, all submitted in proof of completion of works and beneficial use on Permit No. G-30348 and G-3364.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try to contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Dear Mr. Andreason:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit Nos. G-30348, G-33364. The proofs are to be made ~~at the place, on the date, and at the time and before the Notary, as advertised.~~, on the 30th day of January, 19 67, before Fred H. Moyer 145 Grand Ave. Arco, Idaho Notary Public.

As of this date, we have mailed the Notice to the Arco Advertiser, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION

Very truly yours,

M. Russell Beach

Re: Permit G-30348

Juel Andreason
Howe, Idaho

Dear Mr. Andreason:

Returned herewith is your permit G-30348 forwarded to our office with your letter of November 21, 1966. It is possible to amend the permit and we are enclosing a form for this purpose. There is a \$1.00 recording fee required for each amendment. You should be advised, however, that if you do add the additional land to your present permit the priority date will be advanced to the date we receive the amendment and fee. You can file a new permit using the same point of diversion and request 80" of water and show the ~~SE 1/4~~ Section 8 and then make the proofs on both permits at the same time. You would then be able to retain your priority on the original permit.

We are enclosing an application form in case you desire to file a new permit.

If we can be of further assistance please contact our office.

Re: Permit No. G - 30348

J. H. Andreason
Howe, Idaho

Dear Mr. Andreason:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 30348 are due not later than Jan. 10, 1967

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.
