Dear Mr. Archibald:

Our records indicate two licenses to irrigate the lands listed in your letter of April 23, 1969. The first one, G-26022, which you or Mr. Allen has a copy of and the second one is G-20397 in the name of Chester H. Whitten, for 1.74 c.f.s. with a point of diversion in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 22, for use on 87 acres; 80 acres in the W $\frac{1}{2}$ NE $\frac{1}{4}$, Section 27 and 7 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 22, with a priority date of April 3, 1948.

The other license mentioned in your letter, 20629, is not for use on the NW $\frac{1}{4}$, W $\frac{1}{2}$ NE $\frac{1}{4}$, Section 27, T 6 N., R 29 E.

Gentlemen:

We have an application for a loan from Norman G. Allen of Howe, Idaho. He owns the following described property:

NW, W1/2NE of Section 27, T6N, R29EBM.

In addition to his surface water from the Blaine County Canal and Little Lost River, Mr. Allen also has three wells from which he draws underground water. One of these wells is located in the NW1/4 of Section 27 and the other two are located in Section 22. He was able to locate his water license #20629 for 3.37 cfs with a priority of 8-27-48, but it appears that it is licensed to irrigate land in Section 36. He also brought in a copy of water license G-26022 with a priority of 10-13-55 in the amount of 2.2 cfs which is for irrigating the NW1/4 of Section 27. If you have any information which would indicate additional water rights for the 240 acres described above which Mr. Allen claims, kindly forward this information to us. Mr. Allen indicated that this water license may be registered in the name of John Dietrich. Thank you.

Yours truly,

Dear Mr. Allen:

The Agricultural Stabilization and Conservation Service has supplied this department with a list of farmers who drilled wells under the 1966 Drought Emergency Program. Your name appears on the list; however, we are unable to determine under what permit the well was drilled. Would you please advise this office as to the number of the permit authorizing the well?

State Law requires that a permit be obtained prior to the diversion of irrigation water from a well. If no permit has been issued, application forms should be obtained from this office and a filing made.

Re: Permit No. G-26022

Ida McGhee
Howe, Idaho

Dear Madam:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26022. The proofs are to be made at 10:00 A. M. on the 24th day of November, 1958, before Darrell E. Byerly, Notary Public, at Arco, Idaho.

As of this date we have mailed the Notice to the Arco Advertiser, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, at the time, and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each, and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer
