RE: Permit No. 25019

Forest Supervisor
Challis National Forest
Challis, Idaho

Dear Sir:

We have your letter of September 30, enclosing Form 6 in proof of Completion of Works on Permit No. 25019 and also two typed copies of Form 17, being depositions of witnesses in proof of beneficial use on said Permit.

You evidently misunderstood our office letters of July 1, 1954, and August 20, 1954,

Proof of completion of works on Form 6 is alright and is acceptable but proof of beneficial use requires Form 16 to be executed by the Permit Holder and two of Form 17 by witnesses.

We therefore enclose another copy of Form 16 with the request that you complete it and transmit to this department.

We are returning voucher for the \$5.00 fee which is in connection with proof of completion of works and not proof of beneficial use. The fee in connection with beneficial use proof is not due until after a field inspection has been made by an engineer from this department.

If you will resubmit the voucher showing that it is for proof of completion of works on Permit No. 25019, it will be signed and returned to you for payment.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Kulp:

We are enclosing State of Idaho Form No. 1, Application for Permit, for .71 miner's inches of water in the Arco Pass Water Development. Our maps accompanying this permit are considerably larger scale than those required by your office, but we believe they will be acceptable to you.

We are also enclosing our Standard Form No. 1034. If you will sign this voucher in ink as indicated by the red x, showing your title in the space provided, and return the voucher to the Forest Supervisor, Challis National Forest, Challis, Idaho, we will schedule it for immediate payment so that you will have the \$5.00 filing fee to accompany our application for permit.

Very truly yours,

A. L. BUNCH, Forest Supervisor
