RE: Ownership Change

Date: 07/25/2005

Received original Notice of Change of Water Right Ownership on 3/09/2000
Kandice McDermott started to process ownership change in 12/30/2004 but due
to lack of evidence Kandice sent out an Deficiency Letter requesting a Warranty
Deed and Legal Description of property. On 2/01/2005 Kandice copied the
ownership change request form and sent the originals back to Lars & Joyce
Larsen. The Department of Water Resources has received the Warranty Deed
with legal description but there is no received date stamped on the forms.

Jeff Peppersack has reviewed the file and waived the filing fee and permitted the
use of the old notice of change of water right ownership due to the length of time
we had the request form.
