RE: Change in Ownership for Water Right No. 79-10248

Dear Water Right Holder(s):

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

- ☒ **Evidence of Water Right Ownership:** copy of Warranty Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question
- ☒ **Legal Description of Property**

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right indicated in your notice. The water right place of use indicates property in T31N R3W, Section 24, which is not included on your deed. In order to proceed with the ownership change, our office will require further evidence of ownership for the missing portion. If you believe the indicated property is not yours, please contact our office for further instructions. I have enclosed a computer report of the water right for your reference, with the missing portion highlighted.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information **within 30 days** we will return your notice and all attachments and your notice will not be processed.

If you have questions, please contact me at 208-287-4962.

Sincerely,

Kandice L. McDermott
Records Analyst
