Re: Water Right Transfer Application-City of Mountain Home

Dear Mr. John Westra:

Enclosed is a transfer application for the City of Mountain Home. The transfer requests a change of a point of diversion, an addition of three points of diversion, a change in nature of use, a change in period of use, and a change in the place of use for Water Right #61-2167 and #61-2210. The rights have historically supplied irrigation to the Warkentin farm in Sections 19 and 30 T4S R 5E through a well in the NWSW of Section 19 and a well in the NWNE Section 30. The City of Mountain Home has contracted for the purchase of the entirety of these two rights and is requesting a transfer to provide additional municipal water for the City.

If you have any questions, please contact Charles E. Brockway at our office. Thank you and have a great day.

Sincerely,

Daren Nelson, Hydrologist
