BENEFICIAL USE FOR A WATER RIGHT PERMIT

Department of Water Resources

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right.

Permit No. 25-7669  
Name(s) of Permit Holder: Morgan Construction  
Address: PO Box 1604 City Idaho Falls State ID Zip 83403  
Telephone No. 208-529-3312 Date Proof is Due: April 1, 2004

Describe what work has been completed toward the development of this water right:  
(This must be filled out! If no work has been completed, show "none".)

The well has been drilled. The water system is fully developed and operational and is servicing 8 homes in the subdivision. All pumps have been installed. Everything is complete except we are not servicing 65 homes yet because sales have been so slow.

Costing \$ 148,000.00

The permit holder(s) has been unable to complete the remainder of the work for the following reasons: not including the distribution lines in roads and to the houses

All work has been completed on the water system, short of drilling a second well. The second well has not been drilled because the sales of lots has been extremely slow & there are only 8 homes using the system at this point.

Permit holder(s) request an extension to April 1 2009

\*If other than permit holder, Power of Attorney must be supplied.
