Re: Water Right Permit no. 98-7812 in the name of Bryce Wells

Dear Mr. Johnson:

Enclosed is a copy of the application filed with the department by Bryce Wells, for development of a water right from a surface water source, per our telephone conversation yesterday. I understand you have a copy of the Permit to Appropriate Water, but do not have a copy of the application.

I am also enclosing a copy of the Proof of Beneficial Use that Mr. Wells filed on October 21, 2004 and my confirmation letter that the department had received his proof. It is important that you send in a completed Assignment of Permit form with the appropriate filing fee to update this permit's ownership records.

Additionally, should you relocate to the Bonners Ferry area, please provide the department with a change in address form referencing this water right. Be advised that Section 42-248, Idaho Code, requires you or the owner of these water rights to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

Sincerely,

A handwritten signature in black ink that reads "Deborah J. Gibson". The signature is written in a cursive, flowing style.
