Re: Seward Prosser Mellon Water Rights
MTBR&F File No. 18-977.4

Dear Steve:

When I last spoke to you, you indicated that no state examination would be required in order to license Water Right No. 67-14279. Instead, since it is a domestic right, you indicated the Department could simply go ahead and license it.

In order to ensure that the water right is licensed, please provide me with some indication of when we might expect the license to be issued.

Thank you very much in advance for your cooperation and assistance in this matter.

Very truly yours,

Angela Schaer Kaufmann
