Re: Jevin Investments' Application for Permit

Dear Lori:

As noted in Jevin Investments' pending Application for Permit, the Applicant will abandon License No. 63-12551 and the accompanying uses (aesthetic and wildlife storage) if IDWR approves the Permit. The timing for such abandonment will coincide with Jevin Investments' acquisition of the land and appurtenant water rights from the current owner, which closing presently is scheduled to occur in August but might take place sooner. Immediately upon closing, Jevin Investments will provide IDWR with proof of ownership and a written statement of intent to abandon License No. 63-12551.

As you know, Jevin Investments needs to begin grading the site and associated ponds as soon as possible. Therefore, to avoid any additional delays caused by waiting to publish the application, we request that IDWR approve the Permit conditioned upon the occurrence of such abandonment. Based on our prior discussions, I understand that such a condition is acceptable to IDWR; please let me know if that is not the case.

Since I have not heard otherwise since our last phone call, I assume IDWR's internal meeting to review Canyon County Water Company's SRBA claim is still scheduled for June 20th. We remain hopeful that such claim can be processed quickly, so that Jevin Investments' Application for Permit and the associated mitigation from the transfer of Canyon County water can be published in July. Please let me know if you foresee any schedule changes.

I appreciate all of the work IDWR has put into moving this Application forward.

Sincerely,

Deborah E. Nelson
