RE: Ownership Change on 36-16141 (Isaacs)

Dear Mr. Francis,

I talked to Jeff Peppersack from our State Office in Boise and he thought the Department could probably accept the Chain of Title and the Contract for Deed in order to do an ownership change on 36-16141. We will need a copy of your entire contract along with the enclosed and completed Notice of Change of Ownership Form and the \$25.00 filing fee. (If you have any further proof that you have paid the contract off, and/or a copy of the letter you sent requesting the Deed, please send copies of those items also.) I am returning the *copies* of the other transactions in the Chain of Title so you can return **everything** to us in one packet.

Feel free to call the office if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Jeanie'.

I don't see any other option at this point since we have nothing before us to approve or disapprove. An ownership change is just a notice of a change that has already occurred.

So we would just leave **both** rights on the property and not worry about it? Jeanie

Jeanie,

The contract for deed may be sufficient to show his interest in the property. If we processed an ownership change, I don't think we would address the other right because we couldn't make changes without some administrative process like a transfer.

Subject: Ownership Change Question on 36-16141

Hi Jeff,

I worked with a fellow yesterday regarding right 36-16141. An ownership change was done on 36-2404A in 2003 which split that right into 36-16141 (Isaacs) and 36-16142 (V & L Dairy). The warranty deed for that change specified the NENE of Section 33, T07S, R14E **excepting the west 165 feet**. This guy, Mark Francis, has deeds showing the chain of title for that west 165 feet piece. The only problem is that the last transaction, his part, is a Contract for Deed with M. Ingersoll of SLC in 1986. He said he paid off the contract about 5 or 10 years ago but has never gotten the deed. He tried several times, and even sent a registered letter, but it was returned unopened. He contacted the county and they now send the tax notices to him, but he has no deed. What will it take for us to change our records?

Another interesting wrinkle is that he got his own license for the same parcel, 36-8371. He said he did that years ago since he couldn't get the deed. Now he realizes that it's better to have a part of the right with the earlier priority date, if he can get it. This new license, 36-8371, also has domestic. If we did an ownership change on the old right, 36-16141, would we want him to relinquish the newer one, would we change the new one to domestic only, put some combined limits on it, or what?

Thanks, Jeanie

Dear M. and M. Ingersoll:

This letter is in regards to the deed to my property. I have made another request for this deed to be sent without response. The deed was sent to you, and you signed for it on or around June 8, 1992. I know this because I have a signed return receipt from the United States Postal Service. The deed only needed both of your signatures before a notary public, before returning it to me. I assume this has been an oversight on your part; however, you are in default of our contract for failure to "execute and deliver to the Buyer, a sufficient Warranty Deed conveying to the Buyer the property".

Also under Paragraph 11 of the contract I will be entitled to reasonable attorney's fees and costs.

I don't wish to cause you undue hardship or expense, so please send me the warranty deed and avoid getting attorneys involved and the expenses that will incur.

Sincerely,

Mark William Francis
