Hi Terry,

A 30 day extension is not a problem. I will give you until 4/29/2005 to supply the information for the Church's transfers.

I also had my reminder for the Champion Homes information come up today, so you will need to give me an update and ask for more time on that application if needed.

Thank you.

Dan –

In response to your letter of February 23, I have drafted revised water right transfer applications for the Farmway and Northside projects in Canyon County, and am mailing the applications to Salt Lake City for review and signature. I have also reminded the architect that I need revised landscape maps for the Lansing, Farmway and Northside projects. I hope to receive them soon, and will forward them on to you. I will be out of town the week of March 21 through 25, so it does not look like I will make the 30-day deadline of listed in your letter. Can I get another 30 days to wrap this up please?

Terry
