9a. Who owns the property at the point of diversion? If other than applicant, describe the arrangement enabling the applicant to make this filing.

APPLICANT

9b. Who owns the land to be irrigated or place of use? If other than applicant, describe the arrangement enabling the applicant to make this filing.

APPLICANT

10. Remarks:

This application covers the planned expansion of Magic Village Sub. No. 3 for the west half of Block 2 and a portion of the west half of Block 3.

The main well will be drilled at the south end of the property, and the backup well will be drilled near the middle of the property. The backup well will also serve as the main well for the lots in the east half of the property, and the main well for the west half will serve as the backup well for the east half. The two halves are being developed separately to avoid costly DEQ regulations for larger systems. We plan to drill the well as soon as possible, but it could take 5 years for all the lots to be developed. There are 19 lots involved, but no more than 10 homes will be built.
