RE: Permit No. 61-7468

Permit Approval Notice

Dear Permit Holder:

The Department of Water Resources has issued the enclosed permit authorizing you to establish a new water right. Please be sure to thoroughly review the conditions of approval and remarks listed on your permit.

The permit is a PRELIMINARY ORDER issued by the Department pursuant to Section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Enclosed is a form entitled 'Instructions for Proof of Beneficial Use.' Please read the instructions carefully since you must take further action to develop this permit into a licensed water right. Also enclosed is a form entitled 'Proof of Beneficial Use.' If your project is already completed, you should complete and submit this form immediately.

The right to drill a well is not a part of this permit to appropriate water. Beginning in July of 1987, a statute was enacted which requires a drilling permit for new well construction and deepening of existing wells. If the well(s) proposed for use under this water right permit were drilled or deepened after July 1, 1987, a separate drilling permit must be obtained from this Department. Please contact the Ground Water Protection Section located here at this office or our regional office nearest you.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-327-7946.

Sincerely,

A handwritten signature in black ink, appearing to read "Shelley W. Keen". The signature is fluid and cursive, with the first name "Shelley" being more prominent.

Shelley W. Keen

Water Rights Supervisor

Enclosure(s)

CERTIFICATE OF SERVICE

I hereby certify that on September 13, 2004 I mailed a true and correct copy, postage prepaid, of the foregoing PRELIMINARY ORDER(Approved Permit) to the person(s) listed below:

RE: WATER RIGHT NO.

61-7468

**VENETTA I REDIKER
WILBERT H REDIKER
4630 REDIKER DR
MOUNTAIN HOME ID 83647**

A handwritten signature in cursive script, reading "Karl Lynn Townsend", written over a horizontal line.

**Karl Lynn Townsend
Secretary**

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Re: Application for Permit No. 61-7468

Dear Mr. and Mrs. Rediker:

Enclosed is some information regarding your application as we discussed during your recent office visit. The purpose of my letter is to outline options available to you based on what you told me the other day.

Option 1 – Amended Application

You can amend the application to delete irrigation as a use. This would allow the application to be processed for domestic and stockwater use, including up to ½ acre of yard/garden irrigation associated with your home. Those uses can be approved within the Mtn. Home Ground Water Management Area (GWMA). Irrigation beyond ½ acre associated with a home cannot be approved within the GWMA.

Because the application was advertised in the local newspaper when originally filed, a \$50 amendment fee would be needed to amend your application. Enclosed is a copy of your original application and an amended version for your review and approval. If you want to amend the application, please complete items 6c through 6e and sign it at the signature block on the second page. Only one signature is needed.

Option 2 – Withdrawn Application

Domestic use for a single home, including up to ½ acre of irrigation associated with the home, and/or stockwater up to 13,000 gallons per day is exempted from water right approvals under I. C. § 42-111. Your existing well can be used for those uses without a recorded water right. The use of the well under those circumstances would be an unrecorded beneficial use water right dating to the first use of the well for those purposes. But there is no requirement to seek an approved water right from this agency under those conditions. You can withdraw your application if you decide not to amend it. Use the enclosed withdrawal form if that is your choice.

August 25, 2004

Page 2

Option 3 – No Change

You can keep the original application as is and allow it to remain on hold with this agency pending further changes in the management policy of the GWMA. However, there is no basis to conclude that the management policy will become less restrictive in the foreseeable future. There is probably no benefit to be gained under this last option. Please send a letter stating that you want to use this option if that is your decision.

Please send your written response within the next (30) days. Please contact me at 208-334-2190 if you have any questions. Thank you for your attention to this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Lester", with a stylized flourish at the end.

Steve Lester
Water Rights Supervisor

MORATORIUM EXEMPTION QUESTIONNAIRE

IF YOUR APPLICATION PROPOSES AN IRRIGATION USE, PLEASE
COMPLETE AND RETURN THE FOLLOWING:

RECEIVED
JUN 9 1992

Department of Water Resources

- Has ALL the land you propose to irrigate been irrigated with surface water in the past?

no

- Do you summer fallow any of your irrigated land? If so, how many acres?

do not farm - just a garden & yard

- List the water right(s) you have used to irrigate the land listed on the application. If you have received water from a canal company or water district, please identify the name of canal or water district.

none

- During the last ten years, how many years has your surface irrigation water been available for the entire irrigation season?

none

- What crops have you grown in the past ten years?

none

I understand if my proposed diversion of groundwater is approved as a supplemental use, that I can only use my well during periods of drought, when a full supply of water is not available. I also agree that my surface water will be fully used to the extent available, will not be sold or used on other lands, and that a change in use of my surface water may result in revocation of any groundwater right granted pursuant to my application for supplemental water.

Dated this 5 day of June, 1992.

(Please sign)

RE: Permit No. 61-7468

Wilbert H. &/or Venetta I. Rediker
7685 West 36 South
Mountain Home, ID 83647

Dear Mr. and Mrs. Rediker:

Please be advised that we have completed initial processing of the the above referenced application for permit. The application was advertised and no protests were received.

Your proposed well, however, is located within the Mountain Home Study Area encompassing about 28 square miles north of the Snake River and surrounding Mountain Home. In some parts of the area, groundwater levels have been falling at an alarmingly fast rate. We are currently monitoring the area to determine if additional irrigation wells can be allowed.

We will hold your application until the results of the study are available. We are aware that this may cause some inconvenience to your plans for development, but we feel that this action must be taken to protect existing waterusers. Please be advised that if you decide to drill a well for domestic purposes and irrigation of less than 1/2 acre, no permit is necessary.

This office will advise you as soon as results of the study are known. If you have further questions, please call me or Dave Tuthill at 334-4104.

Sincerely,

L. GLEN SAXTON
Chief, Operations Bureau
