RE: LICENSING AMENDMENT *✓ jg*

DATE: 29-JUL-1992

=====

Marold Dilworth failed to respond to original letter regarding the amendment. The amendment was received 06-17-92 following the second notice signed by Orin Dilworth, but no fee was paid. The amendment was returned requesting the fee and correct signature with no response. Notice of Pending Void was sent to and received by Marold Dilworth.

Per Rob Whitney's memo of 07-28-92, Marold Dilworth's son (Orin?) discussed the matter with him and did not concur with the amendment. After reviewing the entire matter, Rob agrees that the field exam recommendations were in error. He forwarded a corrected map and recommends that the place of use remain as described on the permit.

I agree with Rob's findings and will prepare the license with the original place of use. A licensing amendment is not required.

RE: Licensing of 61-7348

Attached is correspondence and applications for amendment sent to Mr. Dilworth for licensing of the above referenced permit. The field Exam was conducted in the 1991 field season by Sara West. The amendment recommended in the field exam is to change the place of use. However, pursuant to my discussion with the applicants son (HE WAS HOT) it is apparent that no amendments are necessary to the original application with exception of dropping the irrigation and reducing the flow rate for the domestic portion. Mr. Dilworth stated that the well is not pumped and has an artesian flow of 11gpm (.02cfs). The map attached to the field exam indicates that the water actually flows up hill - could this be? Additionally, the Dilworth property lies only in the tracts described on the original application and the tracts for the place of use shown by the field exam and application for amendment are owned by another party. Based on my discussion with Mr. Dilworth I would recommend issuing the license for Domestic at .02cfs and no amendments be made to the original application.

Thank,
Rob

Dear Permit Holder(s):

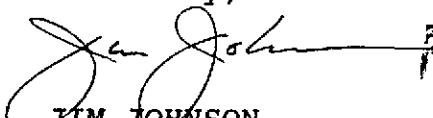

The development proposed in Permit to Appropriate Water No. 61-07348 was examined in 1991 by Department of Water Resources personnel. At the time of the examination, the Department personnel discovered that the actual place of use and purpose differed from the place of use and purposed proposed in the permit.

We have attempted on several occasions to persuade you to file an application for amendment of Permit No. 61-07348 with the Department. To date, the application for amendment of the permit has not been filed with the Department.

Enclosed is a completed application for amendment of your permit which reflects the correct place of use and purpose. You should sign the application for amendment, and return it to this Department accompanied by a \$20 filing fee within thirty (30) days of the date of this letter.

Should you fail or refuse to submit the application for amendment within thirty (30) days, the Department will act to void your permit. The grounds for voiding the permit are set forth in Section 42-219, Idaho Code, where it states that if the Department finds "that the applicant has not fully complied with the law and the conditions of the permit . . . [it] may refuse issuance of a license and void the permit.". One of the conditions of the permit was that the place of use would be located as indicated on the permit.

Sincerely,

JIM JOHNSON
Water Right Supervisor

Dear Mr. Dilworth:

We previously forwarded an Amendment for Water Permit so that you could amend your permit to correspond with the findings of the Department's field examiner.

The amendment contains information that will be included on the license when it is issued. The enclosed amendment was signed by Orin Dilworth and returned to our Western Region office. This amendment must be signed by you, the permit holder.

Please review the amendment carefully and if you concur, sign the amendment and return with the \$20.00 filing fee within 15 days.

If you have any questions, please contact me at 327-7943.

Dear Mr. Dilworth:

In reviewing your file for Permit No. 61-7348 it was noted that the exam fee sheet submitted on April 30, 1987, was submitted without an exam fee. When no fee is submitted this limits the total amount of water that can be licensed to 0.04 cfs(18 gpm).

Your permit was filed for irrigation of 40 acres for .80 cfs(40") and domestic use for .04 cfs, with a total of .84 cfs(378 gpm). If the irrigation of the 40 acres was never developed from this well, then 0.04 cfs will be sufficient for a single family domestic use and no further reply is needed. However, if the 40 acres are being irrigated from this well, then based on the amount of water being diverted, a fee will be required to issue the license to include these acres. Enclosed is a copy of your permit for your review along with an exam fee schedule which shows the fee required based on the amount of water being used.

If we do not hear from you within 30 days, we will assume the 0.04 cfs is sufficient and a field exam will be scheduled next field season and a license issued based on the amount of water actually being used. If you have any questions concerning this letter, please feel free to contact us.

Sincerely,

JAN SHURTE

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information set showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Dear Permit Holder:

We acknowledge receipt of your statement submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this department.

A condition of approval of your original permit required the installation of a measuring device which, according to the proof card submitted by you, has not been installed. A measuring device must be installed and operating at the time the field examination is made. If a measuring device is not installed your permit may be subject to cancellation.

A field examiner will contact you to arrange to examine your system.

If you have any questions regarding the field examination, please contact this office by phone at 334-2190 or in person in the third floor State Towers Building, 450 West State Street, Boise.

RE: PERMIT NO. 61-7348

DEAR PERMIT HOLDER:

ENCLOSED IS A COPY OF YOUR APPROVED APPLICATION FOR PERMIT. WE DIRECT YOUR ATTENTION TO THE CONDITIONS OF APPROVAL ON THE FOURTH PAGE.

BE SURE TO NOTE THE SPECIAL CONDITION REQUIRING YOU TO INSTALL A MEASURING DEVICE, OR AN ACCESS PORT TO PROVIDE FOR THE INSTALLATION OF MEASURING EQUIPMENT BY THE DEPARTMENT. ENCLOSED PLEASE FIND A LIST OF MEASURING DEVICE OPTIONS, AND SPECIFICATIONS FOR THE INSTALLATION OF THE ACCESS PORT.

THE EXERCISE OF THIS PERMIT MAY ALSO BE AFFECTED BY THE COURT'S DETERMINATION OF WATER RIGHTS IN THE CASE OF IDAHO POWER COMPANY V. STATE OF IDAHO, ET AL., CIVIC NO. 62237, CURRENTLY PENDING BEFORE THE DISTRICT COURT OF ADA COUNTY. SINCE THE USE OF WATER UNDER YOUR PERMIT MAY AFFECT THE FLOWS IN THE SNAKE RIVER BETWEEN MILNER DAM AND HELLS CANYON, THE FINAL DECISION IN THIS CASE MAY DETERMINE TO WHAT EXTENT THE EXERCISE OF YOUR PERMIT IS SUBJECT TO WATER RIGHTS OF IDAHO POWER. WHILE THE ADA COUNTY COURT IS EXAMINING THIS QUESTION, IDAHO POWER COMPANY HAS NOT FILED A SPECIFIC PROTEST TO YOUR PERMIT. HOWEVER, THE DEPARTMENT OF WATER RESOURCES HAS BEEN ADVISED THAT THE POWER COMPANY IS NOT WAIVING ANY OF ITS RIGHTS TO CONTEST OR LIMIT THE EXERCISE OF YOUR PERMIT OR SUBSEQUENT LICENSE.

WE HAVE ENCLOSED A FORM ENTITLED "MAKING PROOF OF BENEFICIAL USE". PLEASE READ THE INSTRUCTIONS CAREFULLY SINCE YOU MUST TAKE FURTHER ACTION TO DEVELOP THIS PERMIT INTO A LICENSE.

SINCERELY,

DAVID R. TUTHILL, JR., P.E.
