WATER RIGHT NO. 61-7207A
As Modified by Transfer No. 69700

CONDITIONS OF APPROVAL

5. This right does not grant any right-of-way or easement across the land of another.
6. After specific notification by the Department, the right holder shall measure the diversion or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.
7. Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.
8. The total instantaneous diversion of water from all points of diversion under Rights 61-7207A, 61-7207B and 61-7306B shall not exceed 7.17 cfs, nor total combined annual volume of 1804.0 af for the irrigation of 451 acres within the place of use described above in a single irrigation season.
9. The period of use for the irrigation described in this approval may be extended to a beginning date of 3/15 and an ending date of 11/15 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 4/1 and after 10/31 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than October 26, 2000.
10. This right is limited to the irrigation of 136 acres within the place of use described above in a single irrigation season.
11. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.0 afa per acre at the field headgate for irrigation of the lands above.
12. All water rights within Basin 61 are from connected sources of water in the Snake River Basin and shall be administered conjunctively.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
