Attention--Lee Sisco.

Dear Sir; I (C.L.(Lafe)Harris am writing this for the record concerning some farming property belonging to Lee T.Trail ,King Hill, Idaho, R.1. This land in question is the N.W. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ of S.21-S-R.9-E.B.M. & about 11A. IN THE north side of the N.E. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of section 21-S-R.9-E.B.M.

The Question: When was irrigation first started & applied to this parcel of land ? We first irrigated this ground in 1968 with one hand line, and a model B. John Deere tractor and a power take off pump.

In 1969 we used a model A. John Deere Tractor with power take off pump and three hand lines .--we raised barley on this land both years, 1968 & 1969.

In 1970 Lee Trail put in a sprinkler system, that included this land along with the ³¹³~~309~~ irrigated A. he had farmed beginning in 1958.

I farmed this place of Lee Trails , beginning the spring of 1962 till the fall of 1977.

yours truly .

Re: Claim to Water Right 61-4079 by Lee T. Trail

Dear Mr. & Mrs. Trail:

This letter is in response to your letter to Mr. Dunn regarding the above referenced claim to a water right. As we discussed when you were in my office and as described in my letter of June 16, 1983, Mr. Trail's claim does not mean more water will be stored in the reservoir but rather that he has used his existing reservoir water on more acres than originally licensed. In so doing Mr. Trail has, according to the claim, developed an additional water right.

As I discussed with you, you may wish to file an exception to Mr. Trail's claim or we can consider the letter you have already written as an exception to this claim if you wish. Please inform the Department at your earliest convenience if you wish to have your existing letter considered as an exception to Mr. Trail's claim number 61-4079.

Yours truly,
