Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Jan:

Hope this is Ok. I called later to talk to you and since you weren't there was referred to a man who told me according to the Idaho Code it was not necessary to file on the other two wells so I have crossed them out. I also remembered a man here who used to work for John O'erson, who started the place & dug the wells. So he knew the well had been used for irrigation since 1926. So I am enclosing an affidavit from him. Hope I have the exact location of the well on the map. With such a small scale it was a little difficult, But I had an A.S.C. map that helped.

Thank you very much.
