

APPLICATION FOR PERMIT To Appropriate the Subterranean Waters of The State of Idaho

63-3212

Application No. G- 36862
Permit No. G- 28877
District No.

United States of America, Acting by and through the Department of the
1. Name of Applicant: Army, Corps of Engineers, Walla Walla District

Postoffice address: City-County Airport County: Walla Walla State: Wash.

2. Quantity of water claimed: 300 G.P.M. (Well No. 2)

(a) Rate of withdrawal in cubic feet per second 0.668 or Idaho
Miners' inches or gallons per minute

(b) Annual withdrawal in acre feet per annum

3. Source of water supply: Subterranean source located approximately 543 feet
below surface

4. Location of point of diversion or well is in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 9
Twp. 1 S, Rge. 4 E, B.M., County of Ada

5. Water is to be used for: Military Purposes

6. If for municipal, industrial or recreational purposes, give:

(a) Point of use of water is in the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 9, Twp. 1 S.
Rge. 4 E., B.M.

(b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section, Twp., Rge., B.M.

7. Kind of works: Military

8. Estimated cost of works: \$ 50,000.00

9. (a) Is reservoir to be used? No

(b) Capacity of reservoir:

10. The time required for the completion of such work and complete application of the water to the proposed use is 5
years.

11. If applicant is a corporation, give:

I. (a) Date and place of incorporation:

(b) Amount of capital stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the applicant are (a) Cash on hand: \$

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

12. The land to be irrigated is described in the following tabulation:

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supple-
mental to the existing water rights.

(b) (cubic feet per second, inches or gallons per minute) is for new lands.

Scale: 2 Inches Equals 1 Mile. Draw Map In Ink.

Linda Nelson

, being duly sworn,
deposes and says: That she is the Principal Clerk of The Idaho
Daily Statesman, a daily newspaper printed and published at
Boise, Ada County, State of Idaho, and having a general circula-
tion therein and which said newspaper has been continuously
and uninterruptedly published in said County during a period of
twelve consecutive months prior to the first publication of the
notice, a copy of which is attached hereto; that said notice was
published in the regular Monday edition of The Idaho Daily
Statesman in conformity with Sec. 60-108, Idaho Code, for

four

consecutive weekly insertions
beginning with the issue of January 23, 19 61,
and ending with the issue of February 13, 19 61.

Linda Nelson

, Principal Clerk

Subscribed and sworn to before me this 15th day of

February, 19 61.

Jana A. Young

Notary Public for Idaho, Residing at Boise, Idaho.

NOTICE OF PROOF OF
COMPLETION OF WORKS and
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at
1:00 P. M., on the 24th day of
February, 1961, at Mountain Home
Air Force Base, County of Elmore,
State of Idaho, before Juanua J.
Schmitz, Notary Public, at Office of
the Area Engineer, Mountain Home,
U. S. Army, Corps of Engineers, Bal-
listic Missile Construction Office,
Building 109, Mountain Home AFB,
Idaho, proof will be submitted on
the completion of works for the di-
version of 0.668 cubic feet per sec-
ond of underground water from a
well, and of the application to bene-
ficial use of said water, in accor-
dance with the terms and conditions
of Permit No. G-288/7, heretofore is-
sued by the Department of Reclama-
tion of the State of Idaho.

1. The name and postoffice address
of the person or corporation holding
said permit is United States of
America, Acting by and through the
Department of the Army, Corps of
Engineers, Walla Walla District,
City-County Airport, Walla Walla,
Wash.

2. Said works of diversion will be
fully completed on the date set for
such completion, and the amount of
water which said works are capable
of conveying to the place of use is
0.668 cubic feet per second.

3. The use to which said water has
been applied is for military purposes,
and the amount applied to beneficial
use is 0.668 cubic feet per second.

4. The point of diversion of said
water is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of
Section 9, Twp. 1 S., Rge. 4 E., B. M.

5. The place where said water is
used is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section
9, Twp. 1 S., Rge. 4 E., B. M.

6. The date of priority which said
user is prepared to establish is
25 July 1960.

Re: Permit No. G-28877

DEPOSITIONS ARE OF NO VALUE

UNLESS AFFIDAVIT OF PUBLICATION

IS ATTACHED

Mr. Max K. Tysor, Chief
Real Estate Division,
U. S. Army Engineer Dist, Walla Walla,
Bldg. 602, City-County Airport
Walla Walla, Washington.

Dear Mr. Tysor:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-28877. The proofs are to be made at 1:00 o'clock P.M., on the 24th day of February, 1961 ~~1959~~ before Juanda J. Schmitz, Office of the Area Engineer,, Notary Public.

Mt. Home, US Army Corps of Engineers, Ballistic Missile Constr. Office, Bldg. 109, Mt. Home AFB
As of this date we have mailed the Notice to the Idaho Daily Statesman with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

RE: Application for Transfer of Water Rights Nos. 61-02251 and
61-07007 in the Name of Robert C. Rhead

Gentlemen:

This office is in receipt of three items in the above-referenced matter. These items are addressed herein in chronological order.

In a letter dated January 7, 1992, Mr. Ringert has authorized use of the air line in the Squaw Creek Farms well closest to the Rhead well for purposes of a pump test. However, Mr. Ringert has objected to both the admission of evidence based on the proposed test pumping of the Rhead well, and the test pumping on grounds that such testing constitutes a waste of the water.

With respect to the admissibility of evidence based on the proposed test pumping, all parties in this matter are interested in ensuring that any data obtained accurately reflects the characteristics of the aquifer. In this specific matter the data that is to be obtained from test pumping is necessary input for the Department's decision regarding the proposed application.

The Department position relative to the test pumping of wells is that for purposes of data acquisition it is more beneficial to conduct a pump test during the non-irrigation season than during the irrigation season because during the non-irrigation season the impacts of pumping from other wells in the aquifer are minimized. While a seven day pump test may cause some depletion of the aquifer, the data obtained during such a test is considered to be required for decision-making regarding future pumping from the aquifer.

Page 2

Robert C. Rhead Application for Transfer

The Department hereby approves a seven day pump test from the Rhead well during the non-irrigation season, subject to the conditions that both the protestant and this office must be notified prior to the initiation of the test, and the test must be conducted and monitored by a qualified professional at the expense of the applicant.

On January 14, 1992, the applicant Mr. Rhead visited this office to clarify the intent of the Application for Transfer by proposing the addition of a condition of approval. This condition, included in his letter of which a copy is enclosed, has been made a part of the file and is considered to be appurtenant to the application.

On January 21, 1992, this office received a telephonic message that Mr. Ringert will be unable to participate in the hearing for this matter if it is held on the originally scheduled date of February 25, 1992. In aid of identifying an alternate date this office will attempt to conduct a conference call next week. In light of the approaching irrigation season, a date in early March is encouraged.

Sincerely,

David R. Tuthill, Jr., P.E.
Manager, Western Regional Office

RE: Application for Transfer of Water Rights Nos. 61-2215 and
61-7007

Gentlemen:

The purpose of this letter is to request that the following condition of approval be placed on the above-referenced Application for Transfer, in order to clarify my intent in filing the application:

The maximum rate of diversion from the well located within Government Lot 2 (NWNE), Sec. 5 T 5S, R6E, shall be limited to 2500 gallons per minute (5.56 cfs).

Sincerely,

Robert C. Rhead

RE: Application for Transfer of Water Rights Nos. 61-02251 and
61-07007 in the Name of Robert C. Rhead

Gentlemen:

At the water right conference for the above-referenced matter held on December 17, 1991, I indicated that I would forward to you additional documentation. The purpose of this letter is to transmit copies of the following items, which are enclosed:

1. BLM Manual Supplement H-2520-1 entitled "Economic Feasibility Analysis of Desert Land Act Applications." The Department will attempt to apply this analysis to the above-referenced matter prior to the upcoming hearing, and will provide to the parties advance notice of the results if possible.
2. Memorandum from Lori White, Senior Water Resource Agent in the Western Regional Office describing 1991 data collection at the Rhead well, accompanied by the data collection documents.
3. IDWR Order creating the Mountain Home Ground Water Management Area, accompanied by a map of the area.

As we discussed at the conference, the tentative date for a hearing in this matter is February 25, 1992, pending settlement or completion of a trial on another matter for Mr. Ringert. If for any reason this date is unacceptable, please advise this office no later than January 15, 1992. We will plan to send out the Order setting the date for the hearing shortly after that date.

Sincerely,

David R. Tuthill, Jr., P.E.
Manager, Western Regional Office

3. Location of point of diversion: Is in the SW¹/₄SW¹/₄ of Section 9

T. 1 S R. 4 E.B.M. County of Ada

4. Describe works as they exist, giving dimensions and capacities of same: 40 H.P. Reel Submersible Pump Motor # 54-7600, Pump # 54-9223, 706' of 4" column, 27 stages, Well (1166' with tools stuck in bottom) 16" x 351', 12" x ^{703'}~~351'~~, 10" x ^{915'}~~351'~~, Well screen Tail pipe at 934'.

~~Well #2 Motor # 54-7601, Pump # 54-9223, 40 H.P. Reel Subm.~~

see G-28877

5. Water is used for: Military purposes
6. State whether or not water has been turned into works of diversion: _____

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

PLACE OF USE: SW¹/₄SW¹/₄ Sec. 9., Twp. 1 S., Rge. 4 E.B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Mr. Larry Catobas along. (Mech. insp. USA C&E)
Mr. Tom Tate along.

2 wells located approximately 90' apart (see G.28877)
Though 2 different filings only one well will be used at a time - the 2nd well is a standby in case of emergency or failure of the other well

This examination was made on the 3rd day of November, 1961

Examination for Completion of Works & Beneficial Use

County Ada

Sec. 9 T. 1 S R. 4 E. B. M.

Quantity: *0.35 a.c. 17 inch can*

Source: *Well.*

P.D.: *SW. SW, Sec. 9, T. 1 S. - R. 4 E, B. M.*

Use: *Military*

Filed: *April 20, 1959*

Due: *April 23, 1964*

Extension: _____

Completion of Works: _____

Other Rights: _____

Driller

Protests.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Kelle:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the The Idaho Daily Statesman, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Permit No. 28877

Proof of Application of Water to Beneficial Use

Deposition of Holder and Completion of Works

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. BENAIAN W. MOLLE, 935 North 10th E., Mt. Home, Idaho
Deputy Area Engineer, U. S. Army Corps of Engineers, Ballistic Missile Constr. Ofc.
Building 109, Mt. Home AFB, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf. United States of America, Acting by and through the Department of the Army, Corps of Engineers, Walla Walla District, Walla Walla, Wash.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 28877 dated 26 July 1960 Priority - 25 July 1960

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. A well - SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 9, T. 1 S., R. 4 E., B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. The only available copy of the well log was submitted to your office by letter of 12 July 1960. Withdrawal is by pump, 125 GPM, rated by manufacturer's tests.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is for military use in an underground installation. Point of use and point of diversion are the same.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. Russel Cowe, 1514 Longmont Street, Boise, Idaho.

28877

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Water is for military use primarily as cooling water.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 125 GPM

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Not applicable.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. No use prior to activation of the military installation has been made.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. See proof under Permit No. G-27899

Permit No. 28877

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. THOMAS J. MENDIOLA - Age 37 - 965 North 10th East, Mt. Home, Idaho
Chief Constr Branch, U S Army Corps of Engineers, Bldg. 109, Mt. Home AFB, Idaho

Ques. 2. Are you acquainted with The United States of America, the holder of Permit No. 28877? How long have you known him and where does he reside?

Ans. 10 years 935 N 10 E Mt. Home, Idaho

Ques. 3. Have you read or heard read said Permit No. 28877, and are you familiar with its provisions and conditions?

Ans. _____

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water is withdrawn from an underground aquifer by a drilled well located in SW 1/4 Section 9, T. 1 S., R. 4 E., B. M. Place of use is same as place of diversion.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 125 GPM.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 125 GPM capacity taken from manufacture's pump rating.

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for military purposes at the point of diversion.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Well is standby - no use until the military installation has been activated.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Not Applicable.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. _____

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

28877

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 1:00 P.M., on the 24th day of February 1961, at Mt. Home Air Force Base, County of Elmore, State of Idaho, before Juanita J. Schmitz, Notary Public, at (address) Office of the Area Engineer, Mt. Home, U.S. Army, Corps of Engineers, Ballistic Missile Construction Office, Building 109, Mt. Home AFB, Idaho, proof will be submitted of the completion of works for the diversion of 0.668 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-28877, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is United States of America, Acting by and through the Department of the Army, Corps of Engineers, Walla Walla District, City-County Airport, Walla Walla, Wash.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 0.668 cubic feet per second.

3. The use to which said water has been applied is for military purposes, and the amount applied to beneficial use is 0.668 cubic feet per second.

4. The point of diversion of said water is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 9, Twp. 1 S., Rge. 4 E., B. M.

5. The place where said water is used is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 9, Twp. 1 S., Rge. 4 E., B. M.

6. The date of priority which said user is prepared to establish is 25 July 1960

Bldg. 602, City-County Airport
Walla Walla, Washington.

Dear Mr. Tysor:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-28877. The proofs are to be made at 1:00 o'clock P.M., on the 24th day of February, 1961 ¹⁹⁵⁹ ~~xxxxxx~~ before Juanda J. Schmitz, Office of the Area Engineer,, Notary Public.

Mt. Home, US Army Coros of Engineers, Ballistic Missile Constr. Office, Bldg. 109, Mt. Home AFB
As of this date we have mailed the Notice to the Idaho Daily Statesman with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Re: Voucher No. 101-4785
Permit Nos. G-27899;
G-28781 and G-28877 .

Mr. Max K. Tysor, Chief
Real Estate Division,
U. S. Army Engineer District Walla Walla
Bldg. 602, City-County Airport,
Walla Walla, Washington.

Dear Mr. Tysor:

We are returning to you herewith Voucher No. 101-4785 dated December 28, 1960, in connection with the above captioned permits.

Publication fees are paid by the permittee direct to the publisher.

In case your fiscal arrangements prevent such action without first advertizing for bids, as is the case with some other government agencies, we can await the bill for publication, and, knowing the amount, we can bill the Corps of Engineers, and upon receipt of the check, endorse it over to the publisher.

This is the procedure we use with the Bureau of Reclamation of the Interior Department.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Dear Sir:

Please refer to your letter of 3 January 1961 regarding Permits G-28781, G-28877, and G-27899.

Corrected copies of Forms 36, in duplicate, for each of the above numbered permits are inclosed naming Juanda J. Schmitz as the designated notary public. Forms 11 for each permit are returned herewith. To allow for the 4 publications prescribed by your statutes, we have changed the date of the hearing to 24 February 1961.

Your cooperation in this matter is appreciated.

Sincerely yours,

Bldgs 602, City County Airport
Walla Walla, Washington

Dear Mr. Tysor:

Returned herewith are the two forms 36 and form 11
for each of the Permits, also six new forms 36.

The forms show that the proofs are to be made before
Samuel A. Fenn, Major, CE and Notary Public has been x ed out. The
proofs must be made before some one authorized to take civil affidavits
such as Notary Publics or Justices of the Peace.

Kindly return the Forms 11 with corrected Forms 36.

Very truly yours,

Dear Sir:

Please refer to your letter of 10 November 1960 transmitting Form No. 11 and Form No. 36 for making completion of works and application of beneficial use forms on Idaho Ground Water Permits Nos. G-27899, G-28781, and G-28877. The completed forms are returned herewith.

You will note that Form No. 11 does not indicate the name of any specific publication. As we are unfamiliar with the official county newspapers involved we respectfully request that you publish the notices in the appropriate newspapers.

Reimbursement of the costs of publishing the inclosed notices, which we understand is a statutory requirement, can be accomplished by your completing, signing and returning the attached Standard Form 44. Upon receipt of the signed Form 44 in this office, a check will be drawn and forwarded to your office.

We would appreciate receiving the remaining forms necessary to complete the application for a license on each of the above permits at your earliest convenience.

Your cooperation in this matter is appreciated.

Sincerely yours,

Dear Sir:

Please refer to Permits No. G-27899, G-28781, and G-28877 to appropriate the subterranean waters of the State of Idaho, issued to the United States of America by your office on 20 April 1959, 9 June 1960, and 25 July 1960, respectively.

We wish to inform you that construction was completed in accordance with the above numbered permits and that water was appropriated and applied to beneficial use as follows:

a. Permit No. G-27899 - Work was completed on 10 March 1960. This well is on "stand-by" status for beneficial use as needed.

b. Permit No. G-28781 - Work was completed and water applied to beneficial use on 20 March 1960.

c. Permit No. G-28877 - Work was completed and water applied to beneficial use on 10 March 1960.

It is respectfully requested that the United States of America be granted a license to use the ground waters of the State of Idaho in accordance with the provisions of the above numbered permits. If the information submitted is not complete enough to issue the requested licenses, we will be pleased to furnish any additional information you might require.

Your cooperation in this matter is appreciated.

**NOTICE OF PROOF OF
COMPLETION OF WORKS and
APPLICATION OF WATER
BENEFICIAL USE**

Notice is hereby given that at 1:00 P. M., on the 24th day of February, 1961, at Mountain Home Air Force Base, County of Elmore, State of Idaho, before Juanda J. Schmitz, Notary Public, at Office of the Area Engineer, Mountain Home, U. S. Army, Corps of Engineers, Ballistic Missile Construction Office, Building 109, Mountain Home AFB, Idaho, proof will be submitted of the completion of works for the diversion of 0.688 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-28877, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is United States of America, Acting by and through the Department of the Army, Corps of Engineers, Walla Walla District, City-County Airport, Walla Walla, Wash.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 0.688 cubic feet per second.

3. The use to which said water has been applied is for military purposes, and the amount applied to beneficial use is 0.688 cubic feet per second.

4. The point of diversion of said water is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8, Twp. 1 S., Rge. 4 E., B. M.

5. The place where said water is used is SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 8, Twp. 1 S., Rge. 4 E., B. M.

6. The date of priority which said user is prepared to establish is 25 July 1960

GEO. N. CARTER
State Reclamation Engineer.
