Affidavit of Publication

County of Elmore }
STATE OF IDAHO } ss.

I, Lloyd S. Waters, do
solemnly swear that I am the foreman, the
publisher of the

MOUNTAIN HOME NEWS

a weekly newspaper of general circulation,
published once a week at MOUNTAIN HOME,
IDAHO, that the notice attached hereto and
which is a part of the proof of publication
thereof, was published in said newspaper for

...4... consecutive weeks, the first publica-
tion having been made on the 20th day
of June, 1963, and
the last publication having been made on
the 11th day of July,
1963; every number of the paper during
the period and time of publication and that
the notice was published in the newspaper
proper and not in a supplement thereof.

And I further swear that the said MOUN-
TAIN HOME NEWS has been continuously and
uninterruptedly published in said Elmore County
during a period of 78 consecutive weeks prior
to the first publication of the attached notice.

Lloyd S. Waters

Subscribed and sworn to me this 12th

day of July, 1963.

Jane Lathrop
Notary Public.

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 a.m. on the 23rd day of July, 1963, at Mountain Home, County of Elmore, State of Idaho, before Perce Hall, a Notary Public, proof will be submitted of the application to beneficial use of 236 acre feet per annum of the waters of an unknown stream, a tributary of Rattle Snake Creek in accordance with the terms and conditions of Permit No. R-890 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and post office address of the person or corporation holding said permit Harvey Groefsema, Route 1, Box 768, Mountain Home, Idaho.

The use to which said water has been applied is Irrigation and stock water.

The amount applied to beneficial use is 236 acre feet per annum.

The point of diversion of said water is NW 1/4 SE 1/4, Sec. 8, T 4 S, R. 7 E.B.M.

The place where said water is used (LEGAL DESCRIPTION) E 1/2 E 1/2 Sec. 17, T. 4 S., R. 7 E.B.M., Elmore County, Idaho.

The date of priority which said user is prepared to establish is June 23, 1952.

APPLICATION FOR PERMIT

To Construct a Reservoir and Appropriate and Store
The Public Waters of the State of Idaho

Application No. R 30610
Permit No. R 890

R-890

61-2227

1. Name of Applicant: HARVEY GROEFSEMA

Postoffice address: Box 384, Mountain Home

County Elmore

State Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of Capital Stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the corporation are:

(a) Cash on hand: \$

(b) Treasury Stock: \$

(c) Bonds to be issued: \$

(d) Other resources:

2. Quantity of water to be stored: 236 acre feet per annum.

3. Source of water supply is An un-named stream (Creek) (River) (Spring), a tributary of Rattlesnake Creek River.

4. The outlet of the proposed reservoir is located (bearing) feet, distant from the corner of Section , Township , Range , B. M., and is in the NW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 4 , Township 4 S. , Range 7 E. , B.M. County of Cuyahoga

5. Fill out either (a) or (b).

(a) The reservoir is located in the channel of an un-named stream (Creek) (River).

(b) The reservoir is to be filled through a feeder canal, the point of diversion for which is located (bearing) feet distant from the corner of Section , Township , Range , B. M., and is in the $\frac{1}{4}$ of $\frac{1}{4}$ of Section , Township , Range B. M.; width at bottom feet, width at top feet, depth of water feet; average grade per mile feet; Capacity cubic feet per second.

6. (a) The area of the high water line of the reservoir is 59 acres.

(b) The reservoir capacity is 236 acre feet.

7. Height of reservoir dam 14 feet, length at top 1300 feet, length at bottom 300 feet, size of outlet 18" steel ~~sex~~ round pipe by feet. The dam is to be constructed of materials as follows: Earth

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

8. (a) Will water stored in reservoir be diverted to canal or aqueduct, thence to land to be irrigated without commingling with natural flow of

the un-named stream (Creek) (River)? No

(b) Water stored in reservoir will be carried in the channel of the un-named stream (Creek,) (River,) a distance of $1\frac{1}{4}$ miles to point of diversion located (bearing) feet, distant from the corner of Section , Township , Range , B. M., and in the NW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 8 Township 4 S. , Range 7 E. B. M.

9. (a) Area of watershed above dam site Eight (8) square miles

(b) Estimated maximum flow of stream 20 cubic feet per second.

10. Water is to be used for Irrigation and stock water purposes.

11. If for mining, milling, power or manufacturing purposes give:

(a) Point of use of water (bearing) feet, distant from Corner of Section , Township , Range B. M. and is in the $\frac{1}{4}$ of $\frac{1}{4}$ of Section , Township , Range , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to (Creek) (River) (Spring) at a point (bearing) feet distant from the corner of Section , Township , Range , B. M. in the $\frac{1}{4}$ of $\frac{1}{4}$ of Section , Township , Range , B.M.

12. Water stored in accordance with this Permit will be carried to place of use through a canal ~~hereafter~~ ^{to be} constructed ~~under the terms of Permit No.~~ ^{which is hereby returned to and under such terms}

13. Kind of diversion works: Canal or ditch and steel headgate (Dam, canal, flume, pipe, etc.)

14. Height of diversion dam: None feet, length at top feet, length at bottom feet. The dam is to be constructed of materials as follows:

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

15. Size of headgate: Width None feet, Height None feet.
16. Diversion Canal: Width at bottom 2 feet, width at water line 5 feet, depth of water 0.5 feet, Dimensions of Flume 0.5 feet.
- Diameter of Pipe One inches; Length of Conduit One miles. Average grade per mile None feet.
17. Estimated cost of Works: Storage Works: \$ 3,500.00 Diversion Works: \$ None
18. Time required for completion of work Five (5) years.
19. Time required for complete application of water to proposed beneficial use is None years.
20. The land to be irrigated is described in the following tabulation:

(Give Irrigable acreage in each 40-acre subdivision.)

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$

Application for Amendment
LAND LIST
Permit No. R-890

Comes now Harvey Groefsema, and represents to the STATE RECLAMATION ENGINEER of the State of Idaho: That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. R-890, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 16; E $\frac{1}{2}$ E $\frac{1}{2}$ Sec. 17; N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 21, T4S, R7E BM, making a total of 520 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Boise, Idaho this 12th day of January, 1962

/s/ Harvey Groefsema

Date of receipt at office of Department of Reclamation: January 12, 1962

APPROVAL OF STATE RECLAMATION ENGINEER

I, Ralph W. Thomas, Deputy State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. R-890. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Dear Mr. Groefsema:

It appearing to the State Reclamation Engineer that the terms and conditions of Permit R-890 to appropriate the public waters of the State of Idaho, have not been complied with as to failure to submit licensing fees of \$24.00

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the State Reclamation Engineer on or before March 10, 1969 why said permit should not be cancelled.

Permit R-890 claims the use of 236 acre feet per annum of water. The point of diversion was to be located in the channel of an unnamed stream

and the permit was approved July 29, 1952.

Harvey Groefsema, Rt. #1, Mtn. Home, Idaho

R-890

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

REPORT OF ENGINEER

Permit No. R-890

This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant Harvey Groefsema
2. Source of water supply: un-named stream
3. Location of point of diversion: Is in the NW 1/4 SW 1/4 of Section 4
T. 4 S R. 7 E. B. M. County of Elmore

4. Describe works as they exist, giving dimensions and capacities of same: _____

Earth dam approximately 1300' long and with a maximum height of about 18'. Vertical headgate approximately 20" dia.

5. Water is used for: irrigation and stock water

6. State whether or not water has been turned into works of diversion: _____

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

S 1/4 NW 1/4, SE 1/4, SW 1/4, SE 1/4 Sec. 16., E 1/2 Sec. 17., N 1/4 NW 1/4 Sec. 21., Twp. 4 S., Rge. 7 E. B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Reservoir dry at inspection dam appears to be well built. Capacity probably not over 75 A.F. if forebord is maintained at 3' overflow capacity is probably less than 256 A.F.

This examination was made on the 17th day of June, 1966

County Elmore

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
 6. Give general characteristics of soils, topography, and crops raised.

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that on the 2nd day of September, 1966 at Mountain Home, County of Elmore, State of Idaho, before Perc. Hall, proof will be submitted of the application to beneficial use of 236 acre feet of the waters of an unnamed stream in accordance with the terms and conditions of Permit No. R-890 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and post office address of the person or corporation holding said permit Harvey Groefsema, Box 777, Mountain Home, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 236 acre feet.

The point of diversion of said water is NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 4, T 4 S., R 7 E. E.M.

The place where said water is used SW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 16, E $\frac{1}{2}$ E $\frac{1}{2}$ Section 17, N $\frac{1}{4}$ NW $\frac{1}{4}$ Section 21, all in T 4 S., R 7 E. E.M.

The date of priority which said user is prepared to establish is June 23, 1952.

R. KEITH HIGGINSON
Deputy State Reclamation
Engineer

(P. O.) _____

TO THE STATE RECLAMATION ENGINEER

Boise, Idaho

Dear Sir:

You are hereby authorized to have the attached notice published
at my expense in the Mountain Home News of
Mountain Home, Idaho Published in
the county in which the works are situated.

Harvey Grofsman

(In case of canals or other works designed to divert and
carry more than 50 cubic feet of water per second, the following certificate
must be signed by a well known and competent engineer)

I hereby certify that the facts set forth in the attached
notice are true.

Engineer

July 20, 1966

Re: Permit No. **23553, 2-890**

Harvey Greefacka
Box 777
Mountain Home, Idaho

Dear Mr. Greefacka:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. **23553, 2-890**. The proofs are to be made at **Mountain Home, Idaho** on the **2nd** day of **September**, 19 **66**, before **Perce Hall**, **Mountain Home, Idaho** Notary Public.

As of this date, we have mailed the Notice to the **Mountain Home Home**, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION

Very truly yours,

M. Russell Beach
Office Manager

RE: Permit R-890

Mr. Harvey Groefsema
Route #1
Mountain Home, Idaho

Dear Mr. Groefsema:

Our field engineer was out to exam your works in connection with the above numbered permit. We find his examination does not agree with your permit or the advertisement at the time the proofs were taken. Your original permit was to cover the E_{1/2} of the E_{1/2}, Section 17, but was later amended to include the SW_{1/4}, S_{1/2}SW_{1/4}, Section 16, and the NE_{1/4} of Section 21, all in Township 4 South, Range 7 East, 8.N. Since your advertisement must agree with the license we find you will have to re-advertise and submit new proofs prior to issuance of a license by this office.

We have filled out the form 10 with the corrected land list and point of diversion. If you will complete the form as to the Notary and data for proof, sign the Form 11 and return to this office, we will re-advertise the permit in order that a license can be issued.

Very truly yours,

M. RUSSELL BOSCH
Office Manager

R-890

**Mr. Harvey Greenbaum
Route #1, Box 768
Mountain Home, Idaho**

Dear Mr. Greenbaum:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the ~~Mountain Home News~~ ~~_____~~, all submitted in proof of completion of works and beneficial use on Permit No. **R-890.**

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours ,

GEO. N. CARTER

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. ✓ R-890

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

✓ Ans. Harvey Groefsema, Mountain Home, Idaho, Farmer,
Route 1, Box 768, Mountain Home, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. No

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

✓ Ans. R-890 July 29, 1952; June 23, 1952

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. An unnamed stream, a tributary of Rattlesnake Creek.
R.R. in NW⁴SW⁴, Sec. 4, T.4S. - R.7E3M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. A dam was put in the creek at point of diversion and from there
it goes into a ditch on to place of use. It is capable of conveying
approximately 600 inches. The dam is 14 ft. high, 1300 ft. in length at
top, 300 ft. in length at bottom, outlet consists of 18 in. steel round
pipe, is constructed of earth and has 236 acre feet capacity.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigating 60 acres in the E¹/₂NE¹/₄ and 60
acres in E¹/₂SE¹/₄, all in Section 17, Township 4 South, Range 7 East,
Boise Meridian. The land is all cultivated. Raised alfalfa hay
and some oats.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. _____

R-890

[Handwritten signature]

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Owner

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. In May, 1962, approximately 400 second feet was used for irrigation, and in May, 1963, approximately 700 second feet was used for irrigation.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. In 1963 about 40 acre feet were used from the well on the upper 60 acres and about 80 acre feet of well water and 80 acre feet of Mountain Home Irrigation District water were used on the lower 60 acres.

(Sign) Harvey Joseph

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Mountain Home, County of Elmore, State of Idaho, on this 23rd day of July, A. D. 1963.

My commission expires June 29, 1967

Archie Hall

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. R-890

Proof of Application of Water to Beneficial Use
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Elvin E. Ott, age 44, Mountain Home, Idaho

Route 1, Box 679, Mountain Home, Idaho

Ques. 2. Are you acquainted with Harvey Groefsema, the holder of Permit No. R-890? How long have you known him and where does he reside?

Ans. Yes, I have known him five years.

Ques. 3. Have you read or heard read said Permit No. R-890, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. An unnamed stream, a tributary of Rattlesnake Creek. A dam was put at point of diversion in the creek and water is conveyed by means of a ditch to point of use. The dam is 14 ft. high, 1300 ft. in length at top, 300 ft. in length at bottom, outlet consists of 18-inch steel pipe, is constructed of earth and has 236 acre feet capacity.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. approximately 1200 second feet. About 700 second feet have been conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation of 60 acres in th E $\frac{1}{2}$ NE $\frac{1}{4}$ and 60 acres in E $\frac{1}{2}$ SE $\frac{1}{4}$, all in Section 17, Township 4 South, Range 7 East, Boise Meridian. The land is all cultivated and it is being used to raise alfalfa hay and some oats.

R-890

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. None

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is A1 soil with a 2% to 3% grade on land, all levelled.
It requires about 3 acre feet of water for profitable cultivation.
Soil is sandy loam.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In 1963 about 120 acre feet of water have been used from a well
and about 80 acre feet from the Mountain Home Irrigation District.

(Signed)

Elvin E. Ott

Re: Permit No. R-890
Harvey Grossmann

Mr. Perce Hall,
Attorney at Law,
Mountain Home, Idaho.

Dear Mr. Hall:

This acknowledges the Notice of Proof of ~~Completion of Mountain~~ Application of Water to Beneficial Use under Permit No. R-890, in the name of Harvey Grossmann. Final Proof is to be made before you, as Notary on the 2nd day of July, 19 63, at 10:00 o'clock A.M., at Mountain Home, Idaho.

As of this date we have mailed the Notice to the Mountain Home News, Mountain Home, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

~~GEO. N. GARTER~~
State Reclamation Engineer

R-890

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

Re: Permit No. R-890

Date:

May 1, 1963

Mr. Harvey Groefsema
P. O. Box 384
Mt. Home, Idaho

Dear Mr. Groefsema:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. R-890 is due not later than July 29, 1963. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date and/or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date, the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated - by legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your notice is published.

Also enclosed is Form 11, which is the authorization for us to have the notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

The amount of water allowed in a license cannot be more than is actually produced and measured and put to beneficial use, and cannot be more than the statutory amount allowable per acre of land actually found by field inspection to have been irrigated at the time of proof.

Very truly yours,

GEO. N. CARTER

Re: Permits R-890; R-1007

Harvey Groefsema
R. F. D. Box 95
Mountain Home, Idaho

Dear Mr. Groefsema:

Enclosed are Forms No. 6 and No. 4A.

Your legal notice of intention to make proof of Completion of Works and beneficial use of water under Permit No. R-1007 has been checked and is substantially correct.

You have the Certificate of Completion of Works under Permit No. R-890 for 236 acre feet of water in, apparently, the same reservoir with a priority of June 23, 1952. Proof of beneficial use of that water is not due until July 29, 1963. The lands to be irrigated are shown as E¹/₂ E²/₂, Sec. 17, T. 4 S., R. 7 E. The lands to be irrigated can be changed by amendment to the land list for which there is a \$1.00 recording fee.

Permit R-1007 shows 300 acre feet of water with a priority of January 10, 1957, or $4\frac{1}{2}$ years later than R-890. If your reservoir will hold 300 acre feet of water you can make proof of completion of works for the additional 64 acre feet and request an extension of time to make proof of beneficial use of the water at the same time you do for Permit No. R-890.

Your legal notice for proofs under the direct flow permit are adequate and will be sent to the paper. It will be held until the middle of next week pending a reply from you.

You may complete the enclosed Forms No. 6 and No. 4A or we will send your legal notice to the paper for Permit No. R-1007, however you wish. Kindly enclose the \$5.00 fee if you complete Form 6. There is no fee for Form 4A, Extension of Time.

Advise at your earliest convenience.

Very truly yours,

GEO. N. CARTER

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

We enclose Approval of the State Reclamation Engineer for an extension of time to July 29, 1963; granted in connection with Permit No. R-890 for water to beneficial use.

This extension of time has been recorded in conjunction with Permit No. R-890 in the Department of Reclamation in Book 3 of Permits, page 890. It should now be attached to the original permit to which it refers and of which it now becomes a part.

Permit No. R-890

Application for Extension of Time for Beneficial Use Proof

STATE OF IDAHO }
County of Ada } SS

Harvey Groefsema, of Mountain Home

State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. R-890

That, under the terms and conditions of said permit, proof of beneficial use thereunder was required to be made by July 29, 1957

That he has heretofore put to beneficial use 40 acre ft. ~~second year~~ of water and has irrigated None acres. (This amt. of water only filled the creek and ditch.)

That, for the following reasons, he is unable to put to beneficial use within the required time the remainder of the water appropriated under his permit, to-wit:

When this permit was originally applied for, I did not ask for the additional six years to make beneficial use. As the last several years did not allow for adequate storage and as I had to obtain right-of way across state and federal lands, I have not been able to complete beneficial use at this time.

WHEREFORE, He asks that the ~~Commissioner of~~ ^{State} Reclamation ^{Engineer} extend the time for the making of proof of beneficial use under said permit to July 29, 1963, 19

Subscribed and sworn to before me this 15th day of June, 1957

Re: Water Permit R-890, Harvey Groefsema

Dear Sir:

On my permit as above designated #R-890 applied for the 29th of July, 1952 I erroneously did not ask for the six years to make beneficial use.

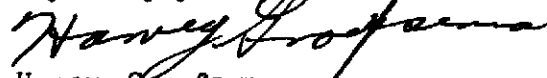

Since that time, there have been several years which did not allow adequate storage in the works that I have completed to make beneficial use.

Also, I have had to obtain right-of-way across state and federal lands which have only recently been allowed and that permitted me to go ahead and complete these works.

For the above good and sufficient reasons, it is hereby respectfully requested that I be given the full statutory time or until July 29, 1963 in which to submit my proof of beneficial use.

I have enclosed herewith and am submitting at this same time my completion of works.

Very truly yours

Harvey Groefsema
Mountain Home, Idaho

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is Harvey Groefsema, residence 4 miles east of Mt. Home, Idaho; occupation, farming; postoffice address, Mt. Home, Idaho.

Ques. 2. If acting on behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual.

Ques. 3. State number and date of permit, acre feet of water you claim for storage, and source of same.

Ans. The number of my permit is R-890, dated ^{July 29, 1952} ~~June 23, 1952~~; 236 acre ft. claimed for storage; source, unnamed tributary to Rattlesnake Ck.

Ques. 4. Under terms of permit construction was required to be completed by ~~July 29, 1957~~ ^{July 29, 1952} 19.

Ques. 5. Construction was actually completed on the date of April 19 54.

Ques. 6. Does the construction fully comply with the specifications? Yes.

Ques. 7. Of what material was the dam built? Dirt, clay.

Ques. 8. State whether or not the water has been turned into your reservoir, and if so, when and to what extent.

Ans. Water has been turned into the reservoir. In 1956 about 30 acre ft. and in 1957 40 acre ft. Water last year was 6 ft. deep and this year 8 ft. deep.

Ques. 9. The capacity of the reservoir is 236 acre feet.

Ques. 10. The area of the high water line of the reservoir is 55 acres.

Ques. 11. The height of the dam above bottom of reservoir is 14 feet, above low water is 13 feet.

Ques. 12. The dimensions of the spillway are 10 ft. bottom to 12' and the bottom of the spillway is 4 feet below the top of the dam.

Ques. 13. Dimensions of the reservoir outlet are 18" steel round pipe.

Ques. 14. Describe the gate and control unit.

Ans. Steel headgate made by Armco. Cement bulkhead and iron trash bar. Steel gate with 14' stand to top of dam and hand wheel to turn water on and off.

Ques. 15. The reservoir outlet is made of corrugated steel covered with asphalt.

Ques. 16. Is the reservoir filled through a feeder canal? No. Fed through natural flow of creek.

Ques. 17. If so, where is the point of diversion for same?

Ans. 1/4 1/4 Section, Twp. Range

R-890

Ques. 18. Does the feeder canal comply with the specifications in the permit? None.....

Ques. 19. If not, explain

Ques. 20. Cost of constructing feeder canal? \$.....-..... Cost of reservoir? \$..2,000.00....

Ques. 21. State whether or not the works from reservoir outlet to place of use are fully completed, and whether or not they comply with the specifications in permit. If not, explain.

Ans. ~~They are completed and comply with specifications to the best of my knowledge.~~

Ques. 22. Water has ~~XXXXXX~~ been delivered to place of intended use?

Ques. 23. Give description of dam, state dimensions, and give slope of face both upstream and downstream. Also method and material for protecting against wave action.

Ans. ~~Dimensions 14' ft. wide at top. Slope 3-1 upstream. Widens to 80 ft. at bottom - 720 ft. long. Slope downstream 2-1. Riprapped with 1 1/2-2 ft. of rock on face of dam for protection against wave action.~~

Ques. 24. State the purpose for which the water is to be used and give the place of use, and if for irrigation, state the number of acres, and give the legal description of same.

Ans. ~~Purpose is irrigation and livestock water and place of use is E 1/4 NE 1/4, Section 17, T. 4 S. - R. 7 E., B. M. 160 acres to be irrigated as described above.~~

DEPARTMENT OF RECLAMATION

RE: Permit No. R-890

BOISE

May 1, 1957

Mr. Harvey Groefsema
Box 384, Mountain Home, Idaho
Dear Sir:

Under the terms of your permit No. R-890 you are required to complete your diversion works and make proof of beneficial use on or before July 29, 1957.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is July 29, 1957, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permits Nos. 23320 & R-890

Mr. Harvey Groefsema
Box 384
Mountain Home, Idaho

Dear Mr. Groefsema:

I am sorry you did not get back to the office the other evening so that I could have helped you with the forms required for proof on your Permits Nos. 23320 and R-890. I had rather expected you to return the next day or so.

However, I will do my best to give you the necessary information so that you can complete the matter by mail.

1. Proof of completion of works on Permit No. R-890 should be made on Form 15-R enclosed, notarized and returned to this department with the statutory fee of \$5.00. Upon receipt and approval, Certificate of Completion of Works can be issued.

2. Proof of completion of works has already been made and Certificate issued on Permit No. 23320.

3. Beneficial use proof can be made on both these permits at any time but before the proof is made, notice must be published once a week for four weeks in a county newspaper. These notices should be made in duplicate for each permit, on Form 10 enclosed setting the time and place and naming the Notary Public before whom the proofs are to be made.

These proofs may be made at Mountain Home or any place convenient for yourself and your two witnesses and the time, of course, must be set far enough ahead to allow for four weeks publication.

Both copies of Form 10 to be returned to this department together with Form 11 which is your authorization for us to have the notices published at your expense in the designated county newspaper.

R-890

August 4, 1952

Re: Permit No. R-890

Mr. Harvey Groefsema
Box 384
Mountain Home, Idaho

Dear Mr. Groefsema:

We enclose Permit No. R-890, and direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We have approved your plans for your reservoir dam in Section 4, Township 4 South, Range 7 East, B.M.. There were no specifications except those included in the plans, but separate specifications are waived.

We suggest the possibility of needing riprap on the dam from elevation 86 to elevation 92, if experience shows too much wave action.

There is a question as to whether the un-named stream should be called tributary to Rattlesnake Creek or to Dry Creek.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

R-890

Mr. Harvey Groefsema

2

May 6, 1955

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by yourself and two witnesses in making the proofs.

We return the original permits numbered 23320 and R-890 which you left in the office and which you will wish to keep in your own files, and which you will want to have with you in making the proofs.

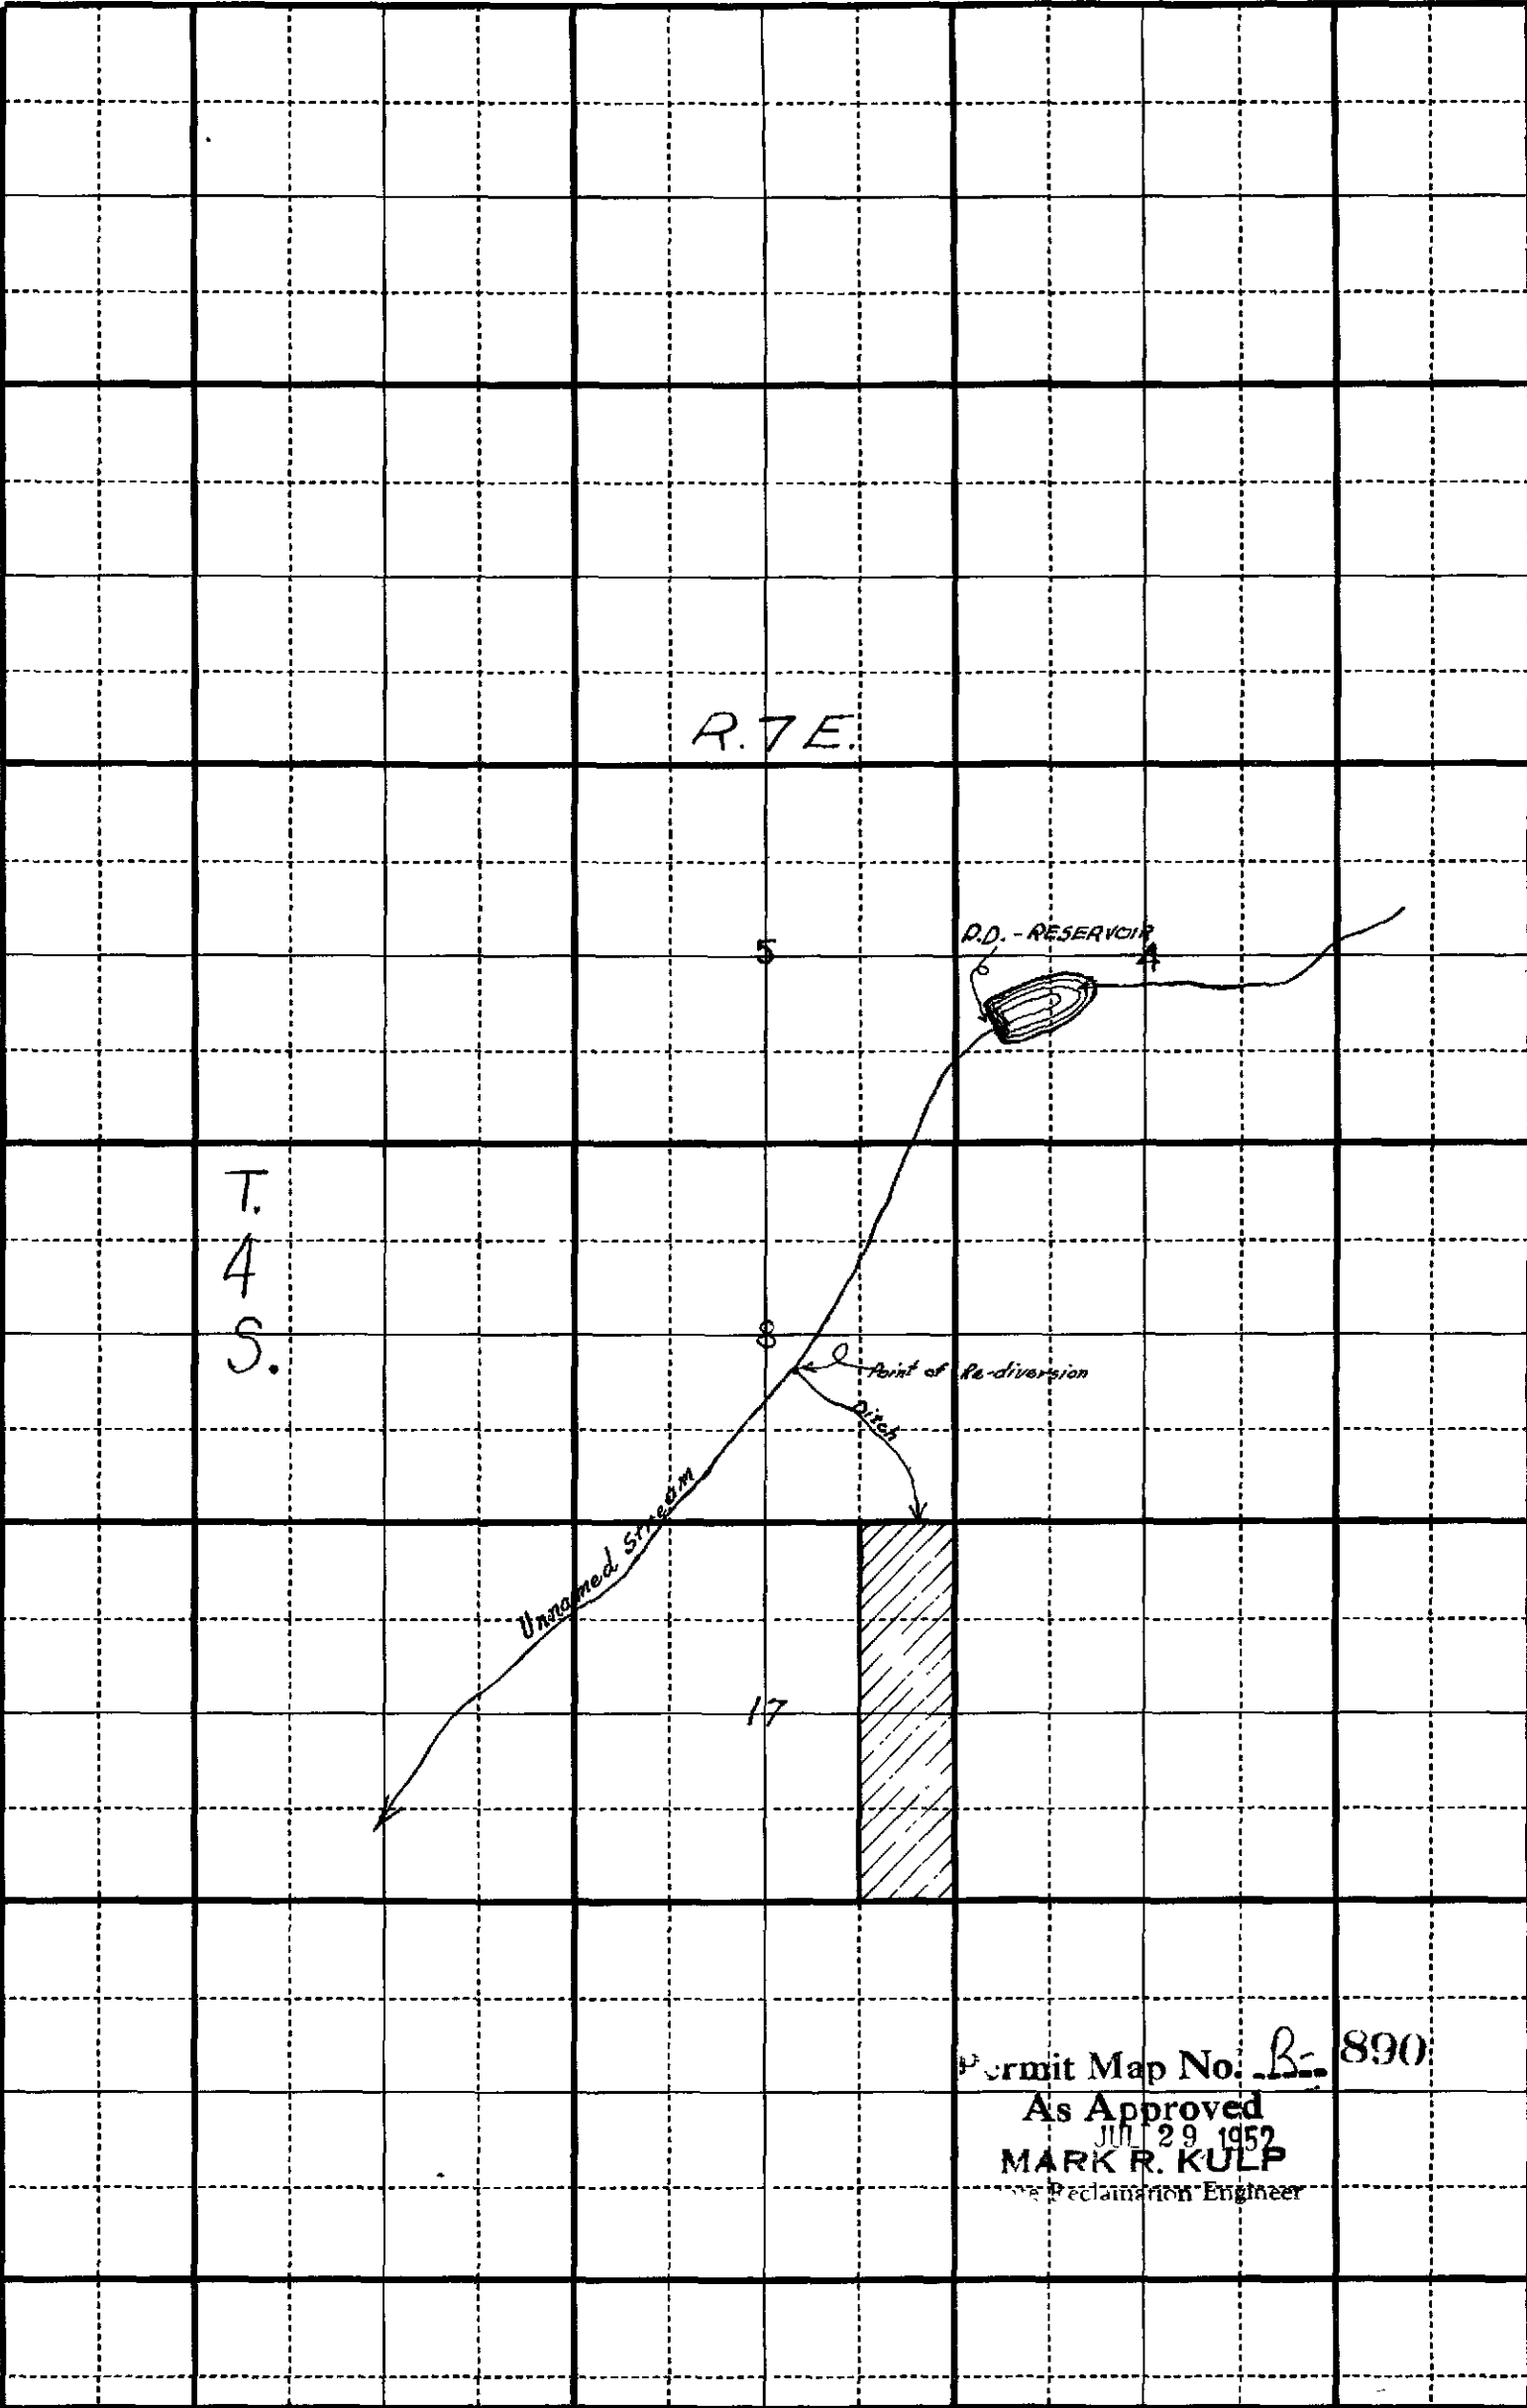

Very truly yours,

MARK R. KULP
State Reclamation Engineer

SW 1/4 NE 1/4	36	" " "	36	" "
SE 1/4 NE 1/4	20	" " "		
NE 1/4 NW 1/4	40	E. 1 DISTRICT	36	" "
NW 1/4 NW 1/4	40	" " "	37.60	" "
SW 1/4 NW 1/4	40	" " "	40.	" "
SE 1/4 NW 1/4	40	" " "	40	" "
" NE 1/4 SW 1/4	17	" " "	17	" "
NW 1/4 SW 1/4	35	E. 1. DISTRICT	34.98	" "

Suggestion

Ribroad from Eler 86
to Eler 92, with concrete
material (length of reservoir
at 86 is about 50% of May L.)

Reservoir will have little if
any winter storage, and
there is no resistance for
the proposed gate control.

SW 1/4	SW 1/4	33	"	WASTE	20	"	"
SE 1/4	SW 1/4	33		WASTE		"	"
NE 1/4	SE 1/4	40	E.I.D.		40	"	"
