Re: Permit No. G-33045/61-2205

Mr. Robert M. Ford
c/o Rocky Bar Stage
Mountain Home, Idaho

Dear Mr. Ford:

We acknowledge receipt of the affidavit of beneficial use in connection with the above referenced permit.

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department; previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit. We have mailed the notice to the Mountain Home News, P.O. Drawer O, Mountain Home, Idaho to be published on April 16 and April 23, 1970. You will be required to obtain the affidavit of publication from them and to submit it to the Department.

Also, before a license can be issued, a field examination must be made by a representative from this Department. We cannot tell just when
