NOTICE OF EXISTING WATER PERMIT

Notice is hereby given that Louis W. Brooks, Box 489, Caldwell, Idaho has received an approved permit No. G-30996 issued by the Idaho State Reclamation Department authorizing the diversion of 6.4 cubic feet per second of water from a ground water source, subject to all prior rights. The priority to be established under this permit is February 27, 1963 and the permit was approved March 1, 1963. Water is to be diverted by a well, electric pump and sprinkler from a point within the NE 1/4, SE 1/4, Sec. 26, T. 4S, R. 5E, B.M., Elmore County to be used for irrigation and domestic purposes in the SW 1/4, Sec. 25, SE 1/4, Sec. 26, T. 4S, R. 5E, B.M. Proof of the application of the water to bene-

ficial use is to be submitted to the Department on or before January 20, 1970. Any protests against the issuance of a license for the above referenced permit should be filed with the Department of Reclamation within ten (10) days of the last date of publication of this notice or prior to the licensing of the permit. Licensing may commence prior to the date beneficial use proof is due without further notice.

RE: Permit No. 30996

Louis W. Brooks
Box 489
Caldwell, Idaho

Dear Mr. Brooks:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit [REDACTED]. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time

Very truly yours,

Donald W. McEldowney

Dear Mr. Hickey:

Proof of completion of works and application of water to beneficial use for the above referenced permit is due not later than March 1, 1968.

Under the terms of your permit, it is required that a notice be published once a week for four consecutive weeks in a local newspaper showing your intent to submit proof. The proof will consist of depositions which the permit holder and two disinterested witnesses must complete before the listed notary public, and must be accompanied by an affidavit of publication of the legal notice.

We have prepared the enclosed notice from the information on your permit. The complete name and address of a notary public of the State of Idaho must be entered together with a date for you to appear before the notary. Allow at least 40 days from the date the notice is mailed to this department for your appearance before the notary.

If you find any discrepancy in the notice or have made any changes, please advise this department and we will assist you in doing whatever may be necessary to assure correct publication.

If the enclosed notice is correct, complete the blank spaces and sign the form authorizing us to publish the notice at your expense and return all forms. At the time we send the notice to the newspaper, you will be supplied with further instructions.

If you do not desire to complete the proofs and obtain a license of water right, you are requested to complete the relinquishment portion of this form below and return it to the Department of Reclamation.

R Keith Higgins
State Reclamation Engineer

RELINQUISHMENT

I hereby relinquish to the State of Idaho, all my right, title and interest in and to Permit to Appropriate the Public Waters of the State of Idaho, No. _____.

Boise, Idaho

JAN 21 1965

Dear Mr. Hickey:

Your Desert Land Entry, Serial No. Idaho 013940, Receipt No. 840058
for SW $\frac{1}{4}$ Sec. 25, SE $\frac{1}{4}$

Section 26,
Township 4 S., Range 5 E., Boise Meridian, Idaho, containing 320 acres,
has this day been allowed, subject to any valid existing rights and your
further compliance with laws and regulations applicable thereto. The accept-
ability of final proof is contingent upon development and reclamation of the
land in accordance with your plan of development which is on file in the Boise
Land Office. Any substantial change in source of water or deviation in the
construction of the irrigating facilities must have the approval of the Bureau
of Land Management. The irrigable acreage of this entry has been determined to
be approximately 304 acres. In correspondence relating to this entry,
always refer to the serial number shown above.

Subject to the Act of July 14, 1917 which may require the reservation of all oil and
gas deposits to the United States.

Subject to the reservation of a pipeline right-of-way on W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 25; E $\frac{1}{2}$ SE $\frac{1}{4}$ Sec.
26, Intermountain Gas Company I-015350.

Re: Permit No. 0-30996

Mr. Carl D. Hickey,
5904 Overland,
Boise, Idaho.

Dear Mr. Hickey:

We enclose Permit No. 0-30996 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

By this same mail, we have sent to the Bureau of Land Management two copies of this permit, one of which has been certified, to be used in connection with the Desert Land Entry filed in that office. A copy of that letter is enclosed.

~~XXXXXXXXXXXXXXXXXXXX~~ Departmental Receipt No. 0-7741 which was issued covering payment in the amount of \$8.50, which includes \$ 6.50 for the filing fee and \$2.00 for the copies sent to the Bureau of Land Management, ~~was given to you~~ **while in our office.**

Well logs are an important part of your recorded water right and State Statutes require that well drillers supply logs on all wells, whether irrigation, domestic, drain or stock wells, to be filed in the Department of Reclamation. In view of the rapidly increasing demand for ground water, the lowering of the ground water level, and the creation of critical ground water areas, it is important that you, as owner, make sure a log on your well is filed in this office.

Very truly yours,

GEO. N. CARTER
