In reply to your letter of December 15, 1954, please be advised that:

1. LaPearl McPherson is one and the same person as Mrs. Myron McPherson.
2. Mrs. McPherson's address is 129 10th Avenue W., Gooding, Idaho.
3. The N $\frac{1}{2}$ SE $\frac{1}{4}$ of Sec. 10 contains the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 10, Twp. 2 S., R. 4 EBM and is owned by Mrs. McPherson. The well is situated in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ 10-2-4.

Re: Permit N . G-23585

Mr. James W. Cunningham
Court House
Twin Falls, Idaho

Dear Mr. Cunningham:

Reference is made to your letter enclosing notice for proofs of completion of works and beneficial use on Permit No. G-23585.

In checking same with the Permit, we find several discrepancies as follows:

1. The Permit Holder's name is La Pearl McPherson, probably this is the same as Mrs. Myron McPherson, but the name should appear as in the Permit.
2. The notice fails to give her postoffice address which we assume is Gooding, Idaho.
3. The location of the well and the place of use as described in the Permit as the N¹/₄ S¹/₄ Section 10, Township 2 South, Range 4 East B.M. instead of the N¹/₄ S¹/₄ of said Section.
4. The priority date that can be allowed under this Permit is January 19, 1953, which is the date the application was filed in this department.

We assume that Mr. Robert McLaughlin is a Notary Public, but the notice should so state.

Upon your further advice we can make a corrected notice and send same to the Mountain Home News for publication.

Idaho

Dear Mr. Cunningham:

We enclose Permit No. G-23585 in the name of LaPearl McPherson, together with departmental receipt No. 25422 for the \$5.00 filing fee.

The application states that the well is complete and has been in use for the past year, but you will note that we have allowed two years or until January 30, 1955, within which to make proofs of completion of works and beneficial use.

However, these proofs may be made at any earlier date and we shall be glad to send the necessary forms upon request.

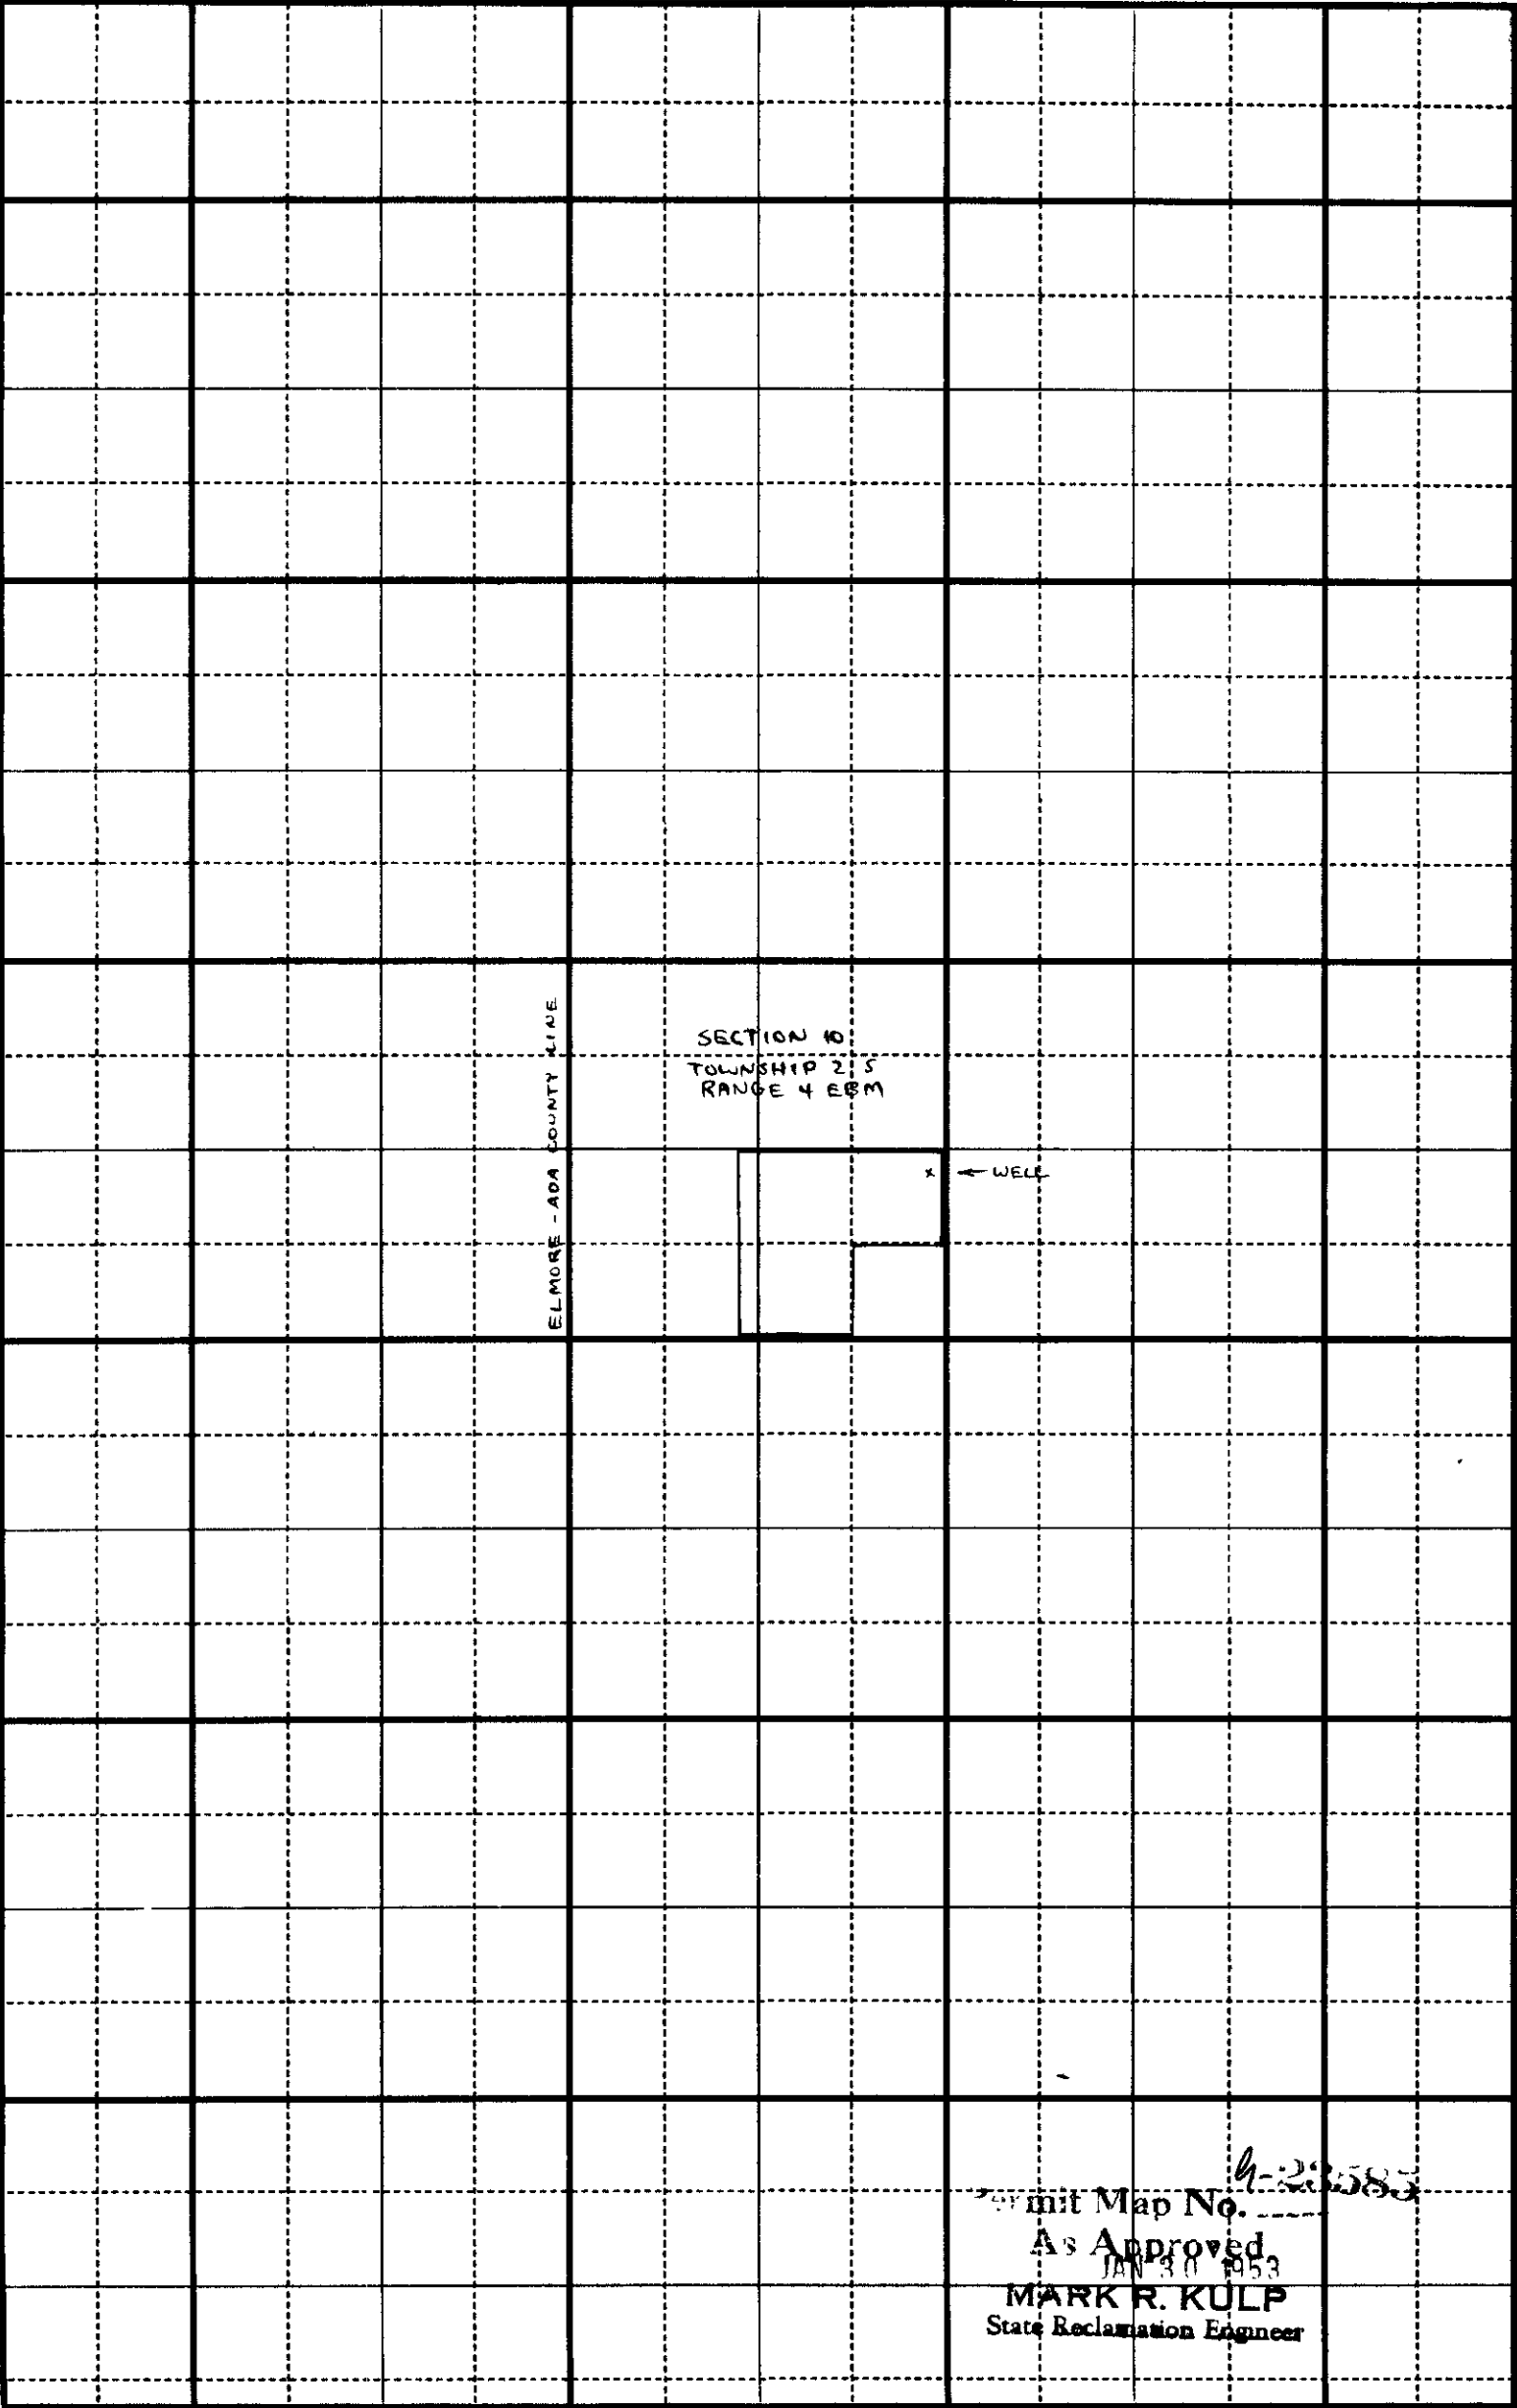

Very truly yours,

MARK R. KULP

Dear Mr. Kulp:

Enclosed find "Application for Permit to Appropriate the Subterranean Waters of the State of Idaho" together with filing fee for the same. I trust that you will find it in order.

The application seeks a permit for no more than 13,000 gallons of water per day, and the well has been dug and has been in use for some time prior to this date. Proof of completion of works or application to beneficial use can be made at any time convenient to your department. I wonder if such proof on this type of a well could not be made upon affidavits of the owner and/or the party occupying the land rather than a formal hearing in Boise. Will you please advise.

Yours very truly,

James M. Cunningham
