

Name of Applicant C. W. Farmer No. 11265

Name of Applicant Charles W. Farmer

County: Elmore
Stream: Canyon Creek
Amount: 18/50 of 1 Cu. Sec. Ft.
Use: Irrigation
Priority: May 19-15.

STATE OF IDAHO

Water License No. 11265.....
Water District No. 1.

WHEREAS, On the 19th day of May, A. D. 1915,

Charles W. Farmer

of Glens Ferry, County of Elmore, State of Idaho, duly made application (No. 16413) to me for a permit to use 38/50 of 1 cubic foot per second of the waters of Canyon Creek, in Water District No. 1.

County of Elmore, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 3rd day of June, A. D. 1915, Permit No. 11265 was issued to said applicant for the diversion of said water and providing for the completion of the works of diversion therein described on or before the 3rd day of June, A. D. 1916, and for the application to beneficial use of said water on or before the 3rd day of December, A. D. 1916 and,

WHEREAS, On the 16th day of April, A. D. 1916,
Charles W. Farmer

the holder of said permit, duly made proof of the completion of adequate works for the diversion of 38/50 of 1 cubic foot per second of said waters, as evidenced by my Certificate No. 11265 dated April 26, 1916, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 38/50 of 1 cubic foot per second of said waters with date of priority of May 19, 1915, and

WHEREAS, On the 13th day of May, A. D. 1916,
Charles W. Farmer

the holder of said permit, duly made proof of the application to beneficial use of 18/50 of 1 cubic foot per second of said water.

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to

Charles W. Farmer

of Glens Ferry, County of Elmore, State of Idaho, the holder and owner of said Permit No. 11265, a perpetual right, dating from May 19, 1915 to the use of 18/50 of 1 cubic foot per second of the waters of Canyon Creek

in the County of Elmore and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point in the SW $\frac{1}{4}$ of NE $\frac{1}{4}$, Sec. 36, T. 5 S., R. 9 E., B.M.

and conducted to and upon 18 acres of land in Lot 6, Sec. 35, T. 5 S., R. 9 E., B.M.

for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho, applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 7th day of August A. D., nineteen hundred and seventeen.

(Seal)

J. H. Smith

State Engineer.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: Charles W. Farmer

Postoffice address: Glenns Ferry

County: Elmore

State: Idaho

I. If applicant is a corporation, give

(a) Date and place of incorporation:

(b) The amount of capital stock:

(c) The amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. The quantity of water claimed is thirty-eight fiftieths (38/50) cubic feet per second

3. Source of water supply: Canyon Creek

4. Location of point of diversion: SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 36, T. 5 S. R. 9 E.

County of Elmore

5. To be used for:

Irrigation and domestic Use.

I. Irrigation and domestic use: (a) Amount of land to be irrigated: thirty-eight (38) acres.

(b) In the following legal subdivisions:

Lot 1, Sec. 26, and Lot 6 Sec. 35, T. 5 S., R. 9 E.

II. Mining, milling, power, manufacturing, transportation or other purposes: -

(a) At what point:

(b) Amount of power to be generated:

H. P. under

ft. head

(c) Is water to be returned to any stream?
return:

(d) If so, name stream and locate point of

6. Estimated cost of works: \$200.00

7. Description of works for diversion:

I. Kind of works: Earthen ditch (Enlargement old ditch)

II. Dimensions of works:

(a) Height of dam

feet, length of dam at top

feet,

length of dam at bottom

feet. Material used in construction:

(b) Capacity of reservoir

acre feet.

(c) Size of headgate, width

feet,

Height

feet. (d) Conduit

ditch

width at bottom one feet,

width at water line

three

feet, depth of water

one

feet; diameter of pipe

inches; average grade per mile is

5.28

feet. Length of conduit is

5/5

miles,

and it crosses the following quarter sections:

NE $\frac{1}{4}$ Sec. 36, NW $\frac{1}{4}$ Sec. 36, SW $\frac{1}{4}$ Sec. 25, T. 5 S., R. 9 E.

8. The time required for the completion of the construction of such work is one (1) years.

9. Time required for the complete application of the water to the proposed use is One-half additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Charles W. Farmer

REPORT OF ENGINEER

Dist 1

1. State name of applicant and number of permit: C.W. Farmer- No. 11265

2. State source of water supply: Canyon creek

3. Location of point of diversion: SW 1/4 NE 1/4 Sec. 36, T. 5 S. R. 9 E.

4. State whether or not the works of diversion are fully completed and in accordance with terms of permit: Works are fully completed in accordance with terms of permit

5. Describe works as they exist, giving dimensions and capacities of same:

Headgate is a kind of orifice with an opening 2 ft wide and 11 in. High, is well built of one inch lumber. The ditch is 3200 feet long 1 1/2 feet wide and depth of water 6 in. Capacity easily 1.75 sec. ft. There is about 300 ft of flume built of 10x12 in. lumber, laid in trench and has a capacity of 10x12 in. capacity same as ditch.

Diversion by means of loose rock dam across creek channel dam is 36 ft long

6. State whether or not water has been turned into works of diversion:

Water has been turned in.

7. Give exact location of lands to be irrigated. Give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation):

This water to be used in lot 6 Sec 36 T. 5 S. R. 9 E. of which 18 acres is under cultivation as shown accompanying map

8. Submit map on enclosed plat, showing location and details of above description.

Remarks:

This examination was made on the

14th

day of

July

1917.

Dear Sir:

Find that I did send you the wrong papers, and herewith
beg to submit Proofs of application of Water to Beneficial Use
under Permits #11818 and ~~XX~~ #11265 for Chas. W. Farmer.

Trusting that this will set matters right, I am

Yours very truly,

Ed M. Clark

11265

PERMIT NO. 11265**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Chas. H. Garner, age 47, farmer
Glenns Ferry, Idaho

Ques 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. acting for self

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #11265, date ~~June 3d~~ May 13th 1916

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Little Canyon Creek, point of diversion SW 1/4
N6 1/4, Sec 36, T5-S, Range 9 E Bm

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. A small earth and rock fill, headgate of wood 24' wide
12' high, and is capable of carrying 100 miners inches
of water. No name for ditch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, ~~all of Lot One (1) Sec 35, and 20 acres~~
~~of Lot 6 Sec 35, Township 5 S Range 9 E Bm~~
~~32 acres in diversified crops, balance in pasture~~
all of Lot Six (6) section 35 and 20 acres Lot One (1) Sec 36
Township 5 S Range 9 E Bm, 32 acres in diversified
crops and balance in pasture.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. for irrigation

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. One miners inch per acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. for self

11265

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since beginning of present irrigation season, for crop now growing, 75 inches during this season continually.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Have used 30 inches during last season (~~Oct~~ Sept and Oct) of water claimed under permit # 11818 and have used same water this season. Ten inches previously decreed to this property from Canyon Creek.

(Sign) Charles W. Farmer

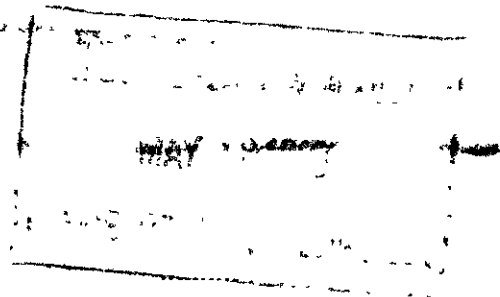

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Elmora, County of

Permit No. 11265

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Bert Growley, age 30, residence Glenns Ferry, Farmer, address Glenns Ferry, Ida

Ques. 2. Are you acquainted with Chas W. Garner, the holder of Permit No. 11265? How long have you known him and where does he reside?

Ans. Yes, have known him about 5 months, he resides in Glenns Ferry, Ida.

Ques. 3. Have you read or heard read said Permit No. 11265, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Taken from Little Canyon Creek, SW 1/4 of NE 1/4 Section 36, Township 5 S. Range 9 E Bm and consists of an earthen ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. It will carry 100 inches safely and I have seen more than ~~thousand~~ ^{thousand} gallons.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, all of Lot six (6) Sec 35 and 20 acres of Lot One (1) Sec 26 Township 5 S Range 9 E Bm, about 32 acres in various crops and balance in pasture.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. For irrigation

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. a sandy ash and requires about one inch per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. *Have the interest of a tenant only.*

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. *During this irrigation season have used 75 inches.*

(Sign) *Bert Howley*

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in *Glenns Ferry*, County of *Elmore*, State of Idaho, on this *13th* day of *May*, A. D. 19*16*.

Permit No. 11265

Proof of Application of Water to Beneficial Use**DEPOSITION OF WITNESS**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans.

Robert C. Giffert, age 52, residence Glennsburg
General Farming, address Glennsburg, Ida

Ques. 2. Are you acquainted with Chas W. Farmer, the

holder of Permit No. 11265? How long have you known him and where does he reside?

Ans.

Yes, have known him 4 years, he resides
in Glennsburg, Ida.

Ques. 3. Have you read or heard read said Permit No. 11265, and are you familiar with its provisions and conditions?

Ans.

Yes, have read it.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans.

Taken from Little Canyon Creek, SW 1/4 of NE 1/4 Sec 36
Township 5 S Range 9 E BM, and consists of
earthen ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans.

It is ample to carry 100 inches, have seen this amount
in ditch.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans.

Irrigation, all of Lot six (6) Sec 35 and 20 acres
of Lot one (1) Sec 26, Township 5 S Range 9 E BM.
32 acres in diversified crops and balance in
pasture.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

For irrigation

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans.

Light sand and lava ash and requires
at least one minus inch per acre.

11265

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

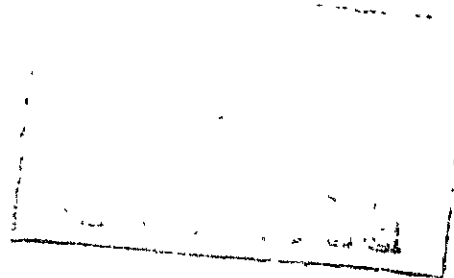

Ans. Since beginning of present irrigation season for crops now growing, and have seen at least 75 inches being used.

Re Permits 11265-11818.

Mr. C. W. Farmer,
Glenns Ferry, Idaho.

Sir:--

We are in receipt of your letter enclosing affidavits for proof of completion of works, with check for fees in the sum of \$10.00, and note what you say relative to final proof. Replying would say that the notices that you sent in, partially filled out for publication, were for the proof of the beneficial use of the water. However, inasmuch as you appeared at the office of the notary public on the date set for the proof and no protests were filed against same, the date for making the proof of use will be extended one month without readvertising. This will make the proof due on May 13th, at which time you should appear before Mr. Clark, with two disinterested witnesses, and fill out the deposition blanks that were sent him.

The affidavits for proof of completion are satisfactory. The certificates will be issued just as soon as we can get to them.

Very truly yours,

J. H. SMITH,

State Engineer.

April 17, 1916

Mr J. E. Smith State Engineer
Dear Sir

I am enclosing proof of
completion of work on permits No.
11818 and 11265 with \$10.00 fee
On the 15th I appeared with witnesses
before Ed Clark notary. as I thought for
proof of completion of work.

On reading of notice for publication
was for proof for beneficial use
also blanks sent to Ed. M. Clark
was for beneficial use
So the matter was laid over until
we could hear from your office
thinking there was a mistake as
I had not offered completion of work
I will be ready with in two or three
weeks to offer proof of beneficial use
to all of said land except to about 11265

or 8 acres that will require considerable
work in leveling before it can ^{be} properly
irrigated. please write me if it is
necessary to have all of land in cult-
ivation or in natural meadow before
making proof of beneficial use.

I remain yours

NOTICE FOR PUBLICATION.

Notice of Proof of Application of Water to Beneficial Use:

Notice is hereby given that at 10 a. m on the 15th day of April, 1916, at Glenss Ferry, County of Elmore, State of Idaho, before Ed. M. Clark, notary public, proof will be submitted of the application to beneficial use of one (1) cubic feet per second of the waters of two unnamed draws and Canyon Creek, in accordance with the terms and conditions of Permits No. 11265 and 11818 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are C. W. Farmer, Glenss Ferry, Idaho

2. The use to which said water has been applied is applied is irrigation and domestic use.

3. The amount applied to beneficial use is 1-0 second foot on No. 11265, and 3-5 second foot on No. 11818.

4. The place where said water is used is All of Lot One (1) of Section 26 and Six (6) of Section 25, Township 5 south, Range 9 East Boise Meridian, containing 74 acres, more less, except 18 acres lying on the Northeast corner of Lot One (1) in said Section 25, which is too high to be irrigated.

5. The right to take the water from such works is based upon Permits No 11265 and 11818.

6. The source of supply from which such water is diverted is two unnamed draws and Canyon creek.

7. The dates of priority which said user is prepared to establish are as follows: Permit No. 11265—May 19, 1915. Permit No. 11818—November 5, 1915.

18-21 J. E. SMITH, State Engineer.

INSTRUCTIONS

PROOF OF BENEFICIAL USE

C. W. Farger,
Glenns Ferry, Idaho.

BOISE, IDAHO, **March 22, 1916.**

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. **11265.**

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On..... **April 15th**....., the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Glenns Ferry, before Ed. M. Clark, M.E.**

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everthing is properly executed, License will issue.

Yours truly,

J. H. SMITH,

State Engineer.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Dear Sir: **Charles W. Farmer**

3-15-16

Under the terms of your permit No. **Glen s Ferry, Idaho 11265**, you are required to complete your diversion works on or before **June 3 1916**. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request

Yours truly,

J. E. SMITH

State Engineer.

Re Permits 11265-11818.

Mr. C. W. Farmer,
Glenn's Ferry, Idaho.

Sir:--

We are just in receipt of your letter giving name of notary before whom proof will be taken under above permit. As it is now too late for this week's publication, I have set the date for proof one week later, to April 15th, and the notice has today been mailed to the Gazette.

Very truly yours,

J. H. SMITH,

State Engineer.

Re Permits 11265-11818.

Mr. C. W. Farmer,
Glenn's Ferry, Idaho.

Sir:--

Replying to your letter of the 5th would say that, if the notice is published this week, proof can be made on April 8th, under both permits. If you will send the name of the notary public, or other officer before whom you can make proof in Glenn's Ferry, the name will be inserted in the notice for publication

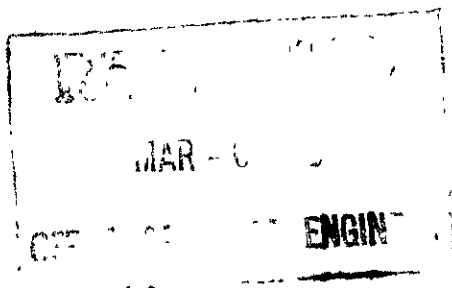

Very truly yours,

J. H. SMITH,

State Engineer.

Mr J. H. Smith
State Engineer
 Boise Idaho

Dear Sir

You will please publish
notice of proof of permit No. 11265 and
permit no. 11818 I wont make additional
filing at present.

I if you could arrange that these two
permits can be proven the same day
and in Glenns Ferry it would accomodate
me greatly.

I dont know what the law is regarding
proof.

Thanking you

I remain yours.

E. W. Rarner

March 4, 1916.

Re Permits 11265-11289-11818.

Mr. C. W. Farmer,
Glenn's Ferry, Idaho.

Sir:--

Notices for final proof under the above permits have just been received. In checking same, I find that the proof of completion of works under Permit No. 11289 was due December 19, 1915, and same was not made. It will, therefore, be necessary to file a new application and obtain a new permit for the water appropriated under said permit. Notice of the proof was mailed to you in September with letter stating that the affidavit must be returned to this office or or before the date specified, or within ten days thereafter. The affidavits for proof of completion of works for the other two permits should be filed at the time the proof of beneficial use of water is submitted.

If you desire to hold the notices for proof, without publication, until the new permit has been granted and make the three proofs together, please to advise us. The proofs of completion under Permits Nos. 11265 is due June 3, 1916 and under permit No. 11818, June 11, 1916.

Very truly yours,

J. H. SMITH,

State Engineer.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) Glenn's Ferry, Idaho March 3 - 1916

(P. O.) 4

To the State Engineer,
Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Glenn's Ferry Gazette, of Glenn's Ferry, Idaho, published in the
county in which the works are situated.

C. W. Farmer

(In case of canals or other works designed to divert and carry more than 50 cubic feet of
water per second, the following certificate must be signed by a well known and com-
petent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 10 a m on the 15th day of April, 1916,
 at Glenn's Ferry, County of Elmore, State of Idaho,
 before Ed. M. Clark, Notary Public, proof will be submitted
 of the application to beneficial use of One (1) Second Foot cubic feet per second of the waters of
Two unnamed draws and Canyon Creek, in accordance with the terms and conditions of Permit No. 11265
11818
 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are

E. W. Farmer, of Glenn's Ferry, Idaho.

2. The use to which said water has been applied is irrigation and domestic use.

3. The amount applied to beneficial use is 1 1/2 Sec. Ft. on No. 11265; ~~2 1/2 Sec. Ft. on No. 11265~~ and
3/5 Sec. Ft. on No. 11818.

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated).....

All of Lot One (1) of Section 26 and Six (6) of Section 35, Township 5 South,
Range 9 East Boise Meridian, containing 74 acres more or less, except 13 acres
lying on the Northeast corner of Lot One (1) in said Section 26, which is too high
to be irrigated.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is.....

6. The right to take the water from such works is based upon Permit No. 11265, ~~XXXXX~~ and 11818.

7. The source of supply from which such water is diverted is.....

8. The date of the priority which said user is prepared to establish is 11265 - May 19 - 1915

11818 - Nov 5 - 1915

A. E. ROBINSON,
STATE ENGINEER

Permit No. 10413 11265
Charles W. Farmer,
Glenns Ferry, Idaho.

BOISE, IDAHO.

June 7, 1915.

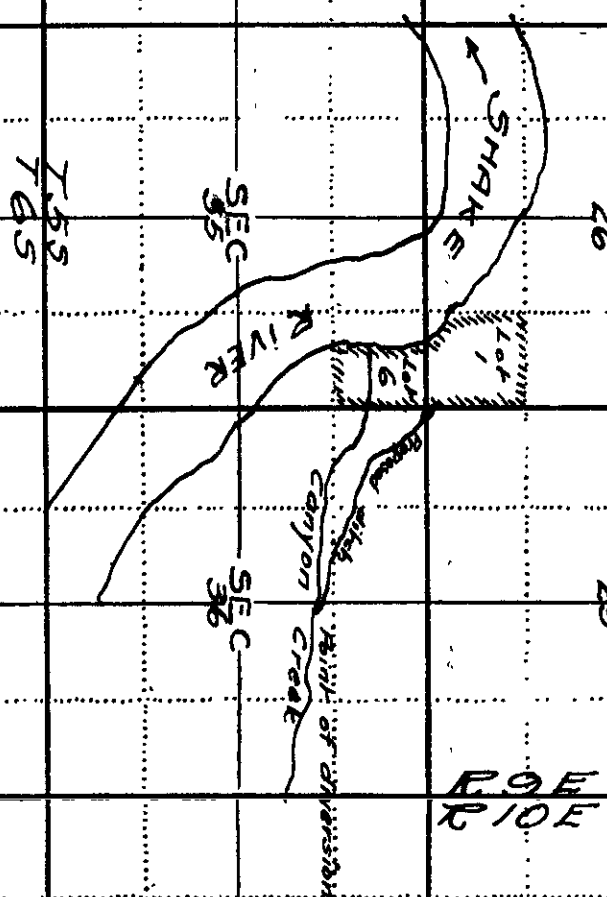

Dear Sir:

I enclose herewith above numbered permit. BE SURE TO NOTE LIMITATIONS AND CONDITIONS OF SAME as given under approval of State Engineer on the third page.

~~A. E. ROBINSON~~, J. H. Smith,
State Engineer.

11265

Name of Applicant Charles W Farmer

Boise, Idaho, May 25, 1915.

Application 16412.

Mr. Allan Miller,
Glenns Ferry, Idaho.

Sir:--

The above application received and filed.
Same is herewith returned for completion in the
following particulars:

The maps show that Lot 6 is to be
irrigated, as well as Lot 1. The maps and the
application should agree as to this.

In paragraph 3 of the blank you state the
source of supply as "Natural spring (unnamed draw)".
The maps show this to be an unnamed draw. As it is
necessary for the application to state definitely,
we have crossed out the expression "Natural spring"
to make it agree with the maps. If this is not correct,
the application and maps should both be changed to
agree.

If the diversion is direct from the spring,
comply with General Rule III of the Rules and Regu-
lations relative to filing on springs.

Very truly yours,

J. H. SMITH,

State Engineer.

18413

Mr J. H. Smith

State Engineer - Dear Sir

Your letter of the 12th inst. containing the applications of Chas W. Farmer and returning the same for not being accompanied with the fee of \$2.00 and suggesting that "your office cannot accept an application unless it shows the source to be a natural stream, a spring or a lake," the Statute Sec 3253 R. C. I. as amended Session Laws 1913. Chap 37, p 136. uses also the word seepage and the Supreme Court in the Case of Ell Juine vs Chambers 15. Ida. 405. says in substance if I understand the case correctly that it makes no difference whether it is designated as a spring or as seepage, so long as the waters gravitate to a certain point and there form a body of water usually designated as a spring but in order to comply with your rules Mr Farmer has substituted the words natural spring for the word seepage. The waters from both sources go upon parts of both parties. Inclosed find fee \$2.00. Hoping that this will be satisfactory, I remain

Very truly Yours

Allen Miller
