RE: ASSIGNMENT OF PERMIT 57-07570

Dear Mr. Mrs. Nicholson:

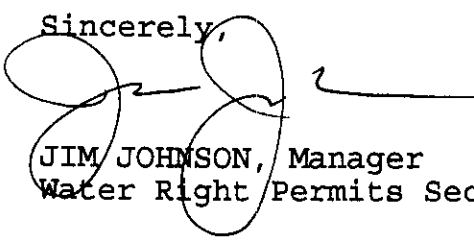

We acknowledge receipt of the correspondence changing ownership of the above referenced water right to you. We have modified our computer records to reflect this change in ownership. A computer generated report is enclosed for your information.

Also, please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address to the department. If you have acquired a water right or have changed your mailing address **PRIOR TO** July 1, 1996, you have until July 30, 1998, to notify the department. If you acquire a water right or change your mailing address **AFTER** July 1, 1996, you must notify the department within 120 days of the change.

Failure to report these changes could result in a \$100 late filing fee. Contact any office of the department to obtain the proper reporting form.

If you have any questions regarding this matter, please feel free to contact us.

Sincerely,

JIM JOHNSON, Manager

RE: Change of Ownership of Water Right 57-07570

Dear Mr. & Mrs. Nicholson:

A copy of the Notice of Change of Water Right Ownership form that you submitted listing approximately 55 separate water rights has been forwarded to me for processing. Of all the water rights listed for ownership change, only 57-07570 (listed above) appears to be still in the **permit** stage.

Ownership change for a permit is accomplished with an Assignment of Permit form. I have enclosed an assignment form for your convenience. The assignment form requires the notarized signature of the property owner who is selling the property to you and there is a \$25.00 filing fee required.

Please return the completed assignment form and the \$25.00 filing fee so that I may finalize the processing of this portion of the ownership change for you.

If you have any questions regarding this matter, please call me at 208-327-7941.

Sincerely,

A handwritten signature in cursive script that reads "Kari Lynn Townsend".

MEMORANDUM

DATE: February 25, 1997

TO: File 57-07570

COPY TO : Steve Lester, Western Region

FROM: Shelley W. Keen *SWK*

RE: Stockwater Use

The holder of permit 57-07570 has inquired about whether stock watering is authorized by the permit. Stockwater is not listed as a separate water use on the permit, but the permit does carry a condition indicating that the permit authorizes stockwater development for 700 range cattle and 30 horses. The application for permit requested stockwater. There is no clear indication in the file as to why stockwater was not listed as a use on the permit.

Because proof of beneficial use has been submitted, I believe it would be most appropriate to wait until a field examination has been conducted before deciding how to address the stockwater issue. By waiting until a field exam has been done, we will have collected all the facts that may come to bear upon the issue. I have assured the permit holder that the field examiner will investigate the stockwater use and report, in detail, the nature and extent of any stockwater and irrigation use associated with this project.

In order to bring this issue to a swift resolution, I would recommend conducting the field examination at the earliest reasonable opportunity.

RE: Stockwater Use

This morning I spoke with Ron Howerton about the fact that stockwater is not listed as a use on permit 57-07570. We agreed that it would be appropriate to wait until a field examination has been conducted before deciding how to address the issue. Ron will try to see that a field exam is conducted during the 1997 field season.

RE: 57-07570 PERMIT
DT: January 27, 1997

File 57-07570

- 1 I talked to Joe Parkinson this morning about this permit. He wondered why it didn't include Stockwater as an use?
2. The permit only shows irrigation as a use, however, in remarks it say; STOCKWATER USE IS FOR 700 RANGE CATTLE AND 30 HORSES, but doesn't show stockwater as a use?
3. The application was for both.
4. Is this possibly a typo? The field exam hasn't been done on this.
5. Can this be changed at the SO?
6. This application had been in the moratorium hold.

Dear Joe:

I am returning the Proof of Beneficial Use form you submitted to the Western Regional Office May 10, 1995. Proof was made for this water right on November 29, 1993. I have enclosed a copy of the 1993 proof for your files.

I have initiated the process to refund the \$50.00 license examination fee which was submitted with the proof. The process takes between seven (7) and ten (10) days and will arrive under separate cover.

If you have any questions, or if I can be of any assistance, please feel free to contact me at (208)327-7953.

Sincerely,

JULIE L. YARBROUGH

- 01E - A measuring device and lockable controlling works of a type acceptable to the Department shall be permanently installed and maintained as part of the diverting works.
- 005 - Use of water under this right is subject to control by the watermaster of State Water District No. 57C.
- 051 - Any license issued by IDWR pursuant to the right or portion thereof for the use of trust water is subject to a term review of 20 years after the date of this approval to determine availability of water for the use and to re-evaluate the public interest at the end of the term.
- 052 - Diversion and use of water under this right is subject to an annual use fee if rules are subsequently promulgated which provide for the submittal of the fee.
- 053 - The Director retains jurisdiction of this right and/or subsequent license issued to change, add or remove any requirement as determined to be appropriate.
- 03A - The rate of diversion of water for irrigation under this right and all other water rights on the same land shall not exceed 0.02 cubic feet per second for each acre of land.

Remarks: Stockwater use is for 700 range cattle and 30 horses.

PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 57-07570

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

On your proof due notice you requested a waiver of the measuring devise condition. The condition requires a weir be installed in order for the watermaster to be able to measure the flows. The department will not waive the condition. The weir will need to be installed before the department conducts your field exam.

You additionally requested an amendment to add 500 head of stock to the permit. This can only be done if you reduce the acres you intend to irrigate. The permit can not be enlarged unless you file a new application. I suggest you wait to file the amendment until after the field exam had been conducted. I have enclosed an amendment form for your convenience.

If you have questions concerning this matter, please feel free to contact the WESTERN Regional Office in Boise, at (208)334-2190.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

Re: Pixley Creek Permit; 57-07570

Dear Joe and Becky Parkinson,

I have received your letter dtd. November 17, 1993 that your Pixley Creek Permit is now ready to be proved up on.

The next step is for you to submit the enclosed Proof of Beneficial Use Form and enclose the required Licensing fee of \$100.

Also, it seems like we had talked about the Garrett's not having any interest in this permit, if so, you need fill out and send back the enclosed Assignment of Permit. This will ensure that only your name will be issued on the license. If this is not the case, disregard the attached Assignment of Permit form.

Please attach your check for the license fee, along with the completed form(s) and return all back together to this office.

If you have questions regarding this letter please feel free to contact me.

Sincerely,

Ron Howerton
Senior Water Agent

Re: Permit No. 57-07570

Dear Permit Holder:

Returned is the proof of beneficial use you submitted to this office. Unfortunately, it is unacceptable as filed. In order for the Department to complete processing, further information is required. You failed to complete # 5 (extent of use) and #6 (total rate and/or volume) properly. Since the Department cannot determine from this information exactly how much water you are diverting, we can only inform you of the amount appropriated on your permit. Your permit was issued for 0.40 cfs. I have enclosed a copy of your permit in case you have misplaced the original that was mailed to you on August 2, 1993. Additionally, on #7 please check whether or not a measuring device was installed.

In order to be in compliance with all of the necessary dates, you will need to return the properly completed form on or before January 6, 1994.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

A handwritten signature in cursive script that reads 'Julie L. Yarbrough'.

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 57-07570

Dear Permit Holder(s):

Enclosed is a copy of your approved application for permit. Please be sure to thoroughly review the "CONDITIONS/REMARKS:" listing on the permit.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed. You will receive a "Proof Due Notice" from this Department approximately 60 days prior to the completion date requiring you to file either a Proof of Beneficial Use form stating that the project has been completed or file a Request for an Extension of Time in which to file the proof statement.

This permit authorizes the appropriation of trust water. Trust water is defined as that portion of a particular hydropower water right which exceeds certain minimum stream flows established by state action, and is held in trust by the State of Idaho for the use and benefit of the people within the state. Conditions pertaining to a term review, annual use fee and jurisdiction of the permit are trust water conditions.

Sincerely,

JIM JOHNSON
Water Rights Supervisor

TO: WATER RIGHT APPLICANT(S)

RE: WATER RIGHT APPLICATION(S) BEING HELD DUE TO MORATORIUM

Dear Interested Party:

An Application(s) for Permit for a water right(s) in your name has been held due to a moratorium declared by the director of this department on May 15, 1992. The moratorium was established because of limited water supplies caused by another year of drought.

The water supply situation in your area has improved this year. The director rescinded the moratorium in your area on April 30, 1993. Processing of your application(s) can now proceed. I will assume that you want to proceed with the application unless this office hears from you by May 14, 1993. You can contact me or other staff by calling (334-2190) or writing to the above address.

Sincerely,

A handwritten signature in cursive script that reads "Steve Lester".

Steve Lester
Water Rights Supervisor

CECIL D. ANDRUS
GOVERNOR

R. KEITH HIGGINSON
DIRECTOR

October 23, 1992

Mr. Joseph L. Parkinson
123 West Highland View Drive
Boise, ID. 83702

RE: Application for Permit

Dear Mr. Parkinson:

Your application for permit to appropriate Pixley Creek water for irrigation and stockwater uses was received on 10/15/92. Due to continued drought and the need to protect existing water rights and water supplies, the director of this agency declared a moratorium on 5/15/92 concerning water right applications proposing new consumptive uses of public water.

Therefore, your application cannot be processed in its entirety for possible approval until the moratorium ends. Delays related to department decisions do not affect the date of priority or seniority of an application. To establish a date of priority, the application fee must be paid in full. You submitted \$30 instead of the \$45 fee needed for .40 cfs. Please remit \$15 to complete the fee payment.

Part of the application is exempted from the moratorium. Stockwater use is non-consumptive and can be advertised and approved. If you would like the application to be split into two parts to establish a stockwater right as soon as possible, please indicate this in your response. If you pursue the split application, we will make the needed changes, advertise the stockwater portion, and hold the irrigation portion until the moratorium is lifted. Otherwise, the entire proposal will be held pending changes in the moratorium.

You will be informed of any changes related to moratorium delays. Please let me know if you want to modify the application or if you need additional information when you submit the \$15.

Sincerely,

Steve Lester
Water Rights Supervisor
