PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or be accompanied by a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. 57-07540 Telephone No. (208) 896-4593
2. Name(s) of Permit Holder(s): MARK & SUSIE ALEXANDER
3. Mailing Address: HC 79 Box 123 Mehta, Idaho 83641
4. Source of Water: Ground If **GROUNDWATER** (well), Date Drilled: mo. MAY / yr 1963
 - a. Well Driller: Elmer D. Johnston Drilling Permit Number: G - 23388-57 - 2337
 - b. **OPTIONAL:**
Pump Horsepower: 15 Pressure (psi): 45 Dynamic pumping level (ft): 100

5. Use(s) (as authorized by the water right permit):

Domestic (No. of households): _____ Stockwater (No. and type of stock) _____
Irrigation (No. of acres): ~~50~~ 50 Other: _____

6. Total rate of diversion and/or volume for which proof is submitted: 1.00 cfs OR _____ acre feet

7. Measuring Device Requirement: (refer to the approval conditions on your permit and respond accordingly)
(This question is **not optional** Please check either yes or no. Proofs returned not checked accordingly, will be considered incomplete)

Measuring Device: Is a measuring device required? Yes _____ or No _____
Has the measuring device been installed? Yes _____ or No _____

Flow Measurement Port: Is a flow measurement port required? Yes _____ or No _____
Has the measurement port been installed? Yes _____ or No _____

8. Fee Enclosed: \$ 100.00 (See Fee Schedule on back of the instructions for filing proof of beneficial use)

9. Person to contact to accompany the Department representative during field examination of the water system

Name: _____ Telephone Number: _____

Address: _____

10. The information given on this form is my true statement of the extent to which the above numbered permit has been developed and I relinquish any undeveloped portion of the permit to the State of Idaho.

RE: License No 57-7540 - Issuance of License

Dear Water Right Holder(s):

The Department of Water Resources has issued the enclosed Water Right License confirming that a water right has been established in accordance with your permit. Please be sure to thoroughly review the conditions of approval and remarks listed on your license

The license is a PRELIMINARY ORDER issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless a party petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-327-7946.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

SWK:klt

Enclosure(s)

RECEIVED

CERTIFICATE OF MAILING

I hereby certify that on October 1, 2001 I mailed a true and correct copy, postage prepaid, of the foregoing PRELIMINARY ORDER(Approved License) to the person(s) listed below.

RE: WATER RIGHT NO. 57-7540

**MARK ALEXANDER
SUSIE ALEXANDER
HC 79 BOX 123
MELBA ID 83641**

A handwritten signature in cursive script, appearing to read "Kari Lynn Townsend", written over a horizontal line.

**Kari Lynn Townsend
Secretary**

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

E. NARRATIVE/REMARKS/COMMENTS

2 wells are interconnected and deliver irrigation and domestic water. A three inch mainline (above ground from well No. 1, buried from well No. 2) runs to the south edge of each of the two irrigated parcels. Handlines are run from these mainlines (max. 3 @ 1/4 mile each).

Irrigation includes lawns at the applicants' house. There is a second house (located on the east side of Hard Trigger Rd) which has a small yard. This small yard is not included in the irrigation calculation as it is very small and can be considered as part of the exempt ~~and~~ domestic use for this second house.

Mrs. Alexander indicated that they had plans to install a pivot in the near future. The pivot will irrigate more acres than are currently irrigated. Applicants were advised that any expansion in irrigated acres will require a new water right.

Have conditions of permit approval been met? ☒ yes ☐ no

OVERLAP REVIEW

Permit No. 57-07540

Permit 57-07540 is for 1.0 cfs to irrigate 50 acres in sections 12 and 13, T01N, R04W. Two points of diversion are located in s. 13: NWNE (Lot 2) and NENW (Lot 3).

The overlap review found license no. 57-02337:

Priority: 12/11/1952
POD: T01N R04W s.13 NENW
POU: s.12 NESW 23 acres
 SESW 27 acres
 s.13 NENW 5 acres
 55 Total acres
AMT: .30 cfs

License 57-02337 was not claimed in the SRBA.

A well log was located which describes an irrigation well in the NESW s.13, 1/2 mile south of the location of the permitted well. This log references right no. G-30406. G-30406 describes a well in the NENW s.13 to be used to supplement 57-02337 (G-23388) and on additional lands. G-30406 was canceled in 1967 because the applicant failed to submit Completion of Works and Beneficial use.

Since 57-02337 was not claimed in the SRBA it is assumed that the license has been forfeited/abandoned, especially since the present owners filed a new application rather than a claim on the license (the licensed acres do not match the permitted acres, but the applicant could have claimed an accomplished transfer in the POU and POD). Permit G-30406 has been lost. The owner of 57-07540 indicated during the field exam that no irrigation was evident when they bought the land. The 1987 ASCS aerial photo shows some irrigation but not the same fields as found during the field exam.

The owner also indicated that the large irrigation well was the only irrigation well that they were aware of (with the exception of the dom/irr well in NWNE, on the east side of Hard Trigger Road).

The owners are getting ready to put in a pivot to irrigate additional acres. I explained that they would need a new permit for those acres. We had several conversations by telephone about why this was necessary when permit 57-07540 was for 50 acres. I explained that they were limited to the beneficial use found by the field exam (8 acres) and sent Application forms to them.

PROOF DUE NOTICE

RE: PERMIT NO. 57-07540

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before December 1, 1995. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

Dear Permit Holder:

Enclosed is a copy of the approved request for extension of time. The time within which to submit proof of beneficial use is extended to December 1, 1995. Please note that the department has granted this extension based on due diligence. It is important that you work diligently toward the completion of this project during the construction period allowed since the department will not be able to grant additional extensions based on due diligence.

If you have any questions or if I can be of any further assistance, please feel free to contact this office.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
Secretary/Records Manager

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 57-07540

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under Condition No. 1 is the date when the project must be completed. You will receive a "Proof Due Notice" from this Department approximately 60 days prior to the completion date requiring you to file either a Proof of Beneficial Use form stating that the project has been completed or file a Request for an Extension of Time in which to file the proof statement.

Be sure to note the special condition requiring you to install a measuring device. Enclosed, for your reference, is a list of measuring device options.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

Sincerely,

PAMELA SKAGGS
Technical Records Specialist

ADDITIONAL INFORMATION

NOTE: overlap runs 57-07214 for well in NWNW and
 57-02337 " " " NENE for some of same
 acres.

However, 07214 is abandoned & 02337 appears to have been
 abandoned. Owners did not file SRBA claim for this
 and agree about abandonment per discussion with
 LW 10/8/91.

Thus, no overlap actually exists for these wells or
 acres.
