PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 57-07533

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit.

Enclosed is an order reinstating your permit since proof was submitted after the proof due date of June 1, 1996. Please note that the priority date has been advanced to July 9, 1991.

Please be advised that Section 42-248, Idaho Code, which became affective on July 1, 1996, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner. Failure to maintain current records with the department could result in the assessment of a monetary penalty.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water. If you have questions concerning the field examination, contact the **WESTERN** Regional Office in Boise at (208)334-2190.

Sincerely,

JULIE L. YARBROUGH

LAPSE NOTICE

RE: PERMIT NO. 57-07533

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated March 31, 1996. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifty dollar (\$50.00) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 57-07533

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1996.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

Subject: Irrigation Pond

Echo Hall
Route 2 Box 99
Homedale, ID 83628

This is to confirm your request for assistance to develop an irrigation reservoir on your property to impound water flowing from an unknown stream which is a tributary to Succor Creek.

Due to the reduction of personnel available in the area, this project will not be completed by the June 1 date IDWR has requested. In a conversation with Julie Yarbrough at IDWR, she indicated that you may be able to extend due to our agency not being able to provide assistance rapidly enough to meet your deadline.

We did make a very preliminary investigation of pond sites on your property on May 18th. The most likely site is at the upper end in the "cattail" area. This area is listed as being a wetland according to a USDA determination. You will need to contact Greg Martinez at the Army Corps of Engineers to obtain a "404 permit" to modify this area. We will not be able to provide construction designs to you until you do receive this permit, but can continue to survey and design as long as you are actively seeking the permit. I caution you not to construct your pond or disturb the area until you do receive this permit.

Greg can be reached in Boise at 343-0671. You are welcome to have Greg speak with either myself or John Jeffredo in Caldwell if he needs information you can not provide. John's number in Caldwell is 454-8684.

If you have any questions, please give me a call. If you have a tough time catching me in the office, my home phone is 455-2239. Please call before 9:00 PM.

RE: PERMIT NO. 57-07533

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed. You will receive a "Proof Due Notice" from this Department approximately 60 days prior to the completion date requiring you to file either a Proof of Beneficial Use form stating that the project has been completed or file a Request for an Extension of Time in which to file the proof statement.
