Dear Mr. Spackman,

Attached is "Proof of Beneficial Use" document for water right P57-07519 which is for the Homedale 1,2 ward building. No one seems to know when this well was drilled but it had to be many years ago. As there is only a permit for 0.04 cfs there is no fee requested.

When you desire to make the field inspection, contact Larry Budge, P.O. Box 854 Homedale, Idaho 83628, phone #208-337-3484.

Thanks for your help.

RE: PERMIT NO. P57-07519

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is a form entitled "Proof of Beneficial Use" that must be submitted to the Department when your project is completed. If development is complete, you may submit proof of beneficial use immediately.
