Re: Permit No. 57-7308

Dear Mr. and Mrs. Britton:

We are in receipt of the letter you sent during the last part of December, in which you asked about the status of the above-referenced permit. It sounds from your letter like the well is in place and you are currently using the water for the purposes described on the permit. At this point you have two choices:

1. If the hookup is installed for two households and 70 head of dairy cattle, you may want to submit the enclosed white postcard which will provide to this office proof of beneficial use. After we receive the white card, we will come out to your location and examine the system, prior to issuing a water right license.
2. Since you have submitted the commencement of works postcard, you could merely proceed with the development of your system, insuring that your system is totally complete by March 1, 1987.

I hope that this answers your questions. Please give me a call if you have further concerns about this matter.
