Dear Mr. and Mrs. Mayo:

One of the conditions of approval of your water Permit No. 57-7213 was that evidence of the extent of development must be submitted to this office on or before July 1, 1979. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Dear Mr. and Mrs. Mayo:

Your approved copy of Application for Permit No. **57-7213** is enclosed and we direct your attention to the conditions of approval on the fourth page.

The exercise of this permit may also be affected by the court's determination of water rights in the case of Idaho Power Company v. State of Idaho, et al., Civil No. 62237, currently pending before the District Court of Ada County.

Idaho Power officials tell us that because of Case No. U-1006-124 filed before the Idaho Public Utilities Commission, Idaho Power Company is asking the District Court of Ada County to determine whether the Power Company's water rights on the Snake River are protected against subsequent upstream appropriations in the waters of the Snake River and surface and subterranean tributaries between Milner Dam and Hells Canyon.

Since the use of water under your permit may affect the flows in this reach of the Snake River, the final decision in Idaho Power Company v. State of Idaho, et al. (Ada County Civil No. 62237) may determine to what extent the exercise of your permit may be subject to the water rights of Idaho Power.

While the Ada County court is examining this question, Idaho Power Company has not filed a specific protest to your permit.

MICROFILMED

However, the Department of Water Resources has been advised that the Power Company is not waiving any of its rights to contest or limit the exercise of your permit or a subsequent license or water right.

If you have any questions, please let us know.

Sincerely,

RE: Application No. 57-7213

Mr. & Mrs. Joe C. Mayo
Star Route, Box 123D
Melba, ID 83641

Dear Mr. & Mrs. Mayo:

In processing your application, we noticed that you did not list the place of use for your domestic and stockwater uses. Since your map indicates the place of irrigation use as the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 12, Township 1N, Range 4W, B.M., I have taken the liberty of changing your application to show this as the place of domestic and stockwater use also. We will hold your application for 10 days to allow you to contact us if this is incorrect. 1.

If you have any questions, please contact us.

Sincerely,

William MacAllister
Water Resource Agent
