INTER-DEPARTMENT MEMO — 1

DATE 1/19/82

FROM Jan Grover - Western

TO Robyn Carlson

SUBJECT Claim filed by Clyde Sevy

I am returning this claim to you as it appears that you helped Mr. Sevy in the office. There are a few problems that need to be taken care of before this can be processed. These are:

- (1) The legal descrip. for the pl. of use on the front of the claim does not agree with the shaded areas on the map, i.e. NW $\frac{1}{4}$ SE $\frac{1}{4}$.
- (2) He has five points of diversion listed, but only one well is described in the diversion works description. Could the others be springs or did he tell you about the other four wells. Please list any information you may have.
- (3) In Item 6(B) he lists heating for domestic. If this is so then heating should have been listed as a use also.

Please review these problems and when all corrections have been made return the claim. Thanx.

I made the corrections necessary, I remember Mr. Sevy. He had a map with him & I copied off of it, so I change the P/O to correspond w/map. He has 5 artesian free flowing wells w/pipelines - Heating has not been used since 1914 & He will put in an App when he is ready to start the heating process.
