Re: Permit No. G-31804

Angelo Giusti and Elva Marie Giusti
Oreana, Idaho

Dear Mr. and Mrs. Giusti:

One of the conditions of the approval of your permit
G-31804 was that proof of application of the water to
beneficial use be submitted to this office on or before _____
April 6, 19 69.

Enclosed is an affidavit form which must be used to submit
this proof. You may request an extension of time provided the
delay is for reasonable cause as indicated in Section 42-204, ICA.

Either the proof or a request for extension must be received
by this department on or before the above mentioned date, otherwise
the permit will lapse and be of no further force or effect.

State Reclamation Engineer

Re: Permit No. G-31804

Angelo Giusti and Elva Marie Giusti
Oreana, Idaho

Dear Mr. And Mrs. Giusti:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Very truly yours,

Donald W. McEldowney

Angelo Guisti
Oreana,
Idaho

Dear Mr. Guisti:

It has been brought to our attention that on or about
1964, you had a well drilled. The
well is reported to be located at a point in the SW $\frac{1}{4}$
SE $\frac{1}{4}$, sec. 26, T. 4 S, R. 1 W, B.M. for
irrigation use.

A search of our records has failed to find your
application or approved permit. Under existing Idaho
Statutes, Sections 42-226, 42-229, and 42-230 of the
Idaho Code, you are required to file and obtain an
approved permit before you divert waters from a sub-
terranean source, with the exception of domestic wells
which are defined under Section 42-111 of the Idaho Code.

If we have overlooked your permit, please advise the
department as to your permit number. However, if you have
not yet filled out an application for permit, please use
the instructions and the blank application form which
we have enclosed.

We will be very happy to assist you with any questions
you might have.

Very truly yours,

Donald W. McEldowney

c/o Lester M. Buck

Dear Mr. Buck:

We are in receipt of your proposed amendment to the point of diversion of the above referenced permit. As the permit is now in the name of Angelo Giusti and Elva Maria Giusti, we are unable to approve your amendment application. If the current permit holders are in favor of the proposed amendment, the best way to correct the problem would be for you to have the current permit holders assign you attorney in fact for permit G-31804. Then you would be able to sign for them. We are enclosing our power of attorney form for your use in the matter. If you become the attorney in fact for this permit, please return the power of attorney form along with a letter of instruction telling this department to change the name on your amendment application to Angelo & Elva Giusti. As a result of the above action we will be able to process your application.

Should the afore mentioned action be undesirable, please advise us and we will return your amendment application form, rejected.

Also enclosed is a blank amendment form for possible other action.

Please reply within 30 days from the date of this letter.
