NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that on August 23, 1968, at Boise, County of Ada, State of Idaho, before notary public (name & address) Laura J. Henderson, 224 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 4.0 c. f. s. of the waters of a subterranean source, and the application to beneficial use of said water, in accordance with the terms and conditions of permit G-30620, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and address of permit holder is D. I. Foreman Estate, Nellie B. Foreman, Adm., Oreana, Idaho.

2. Said works of diversion will be fully completed on the date for such completion, and the amount of water which said works are capable of conveying to the place of use is 4.0 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4.0 c. f. s.

4. The point of diversion of said water is NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 34, T. 4 S., R. 1 E., B. M., Owyhee County.

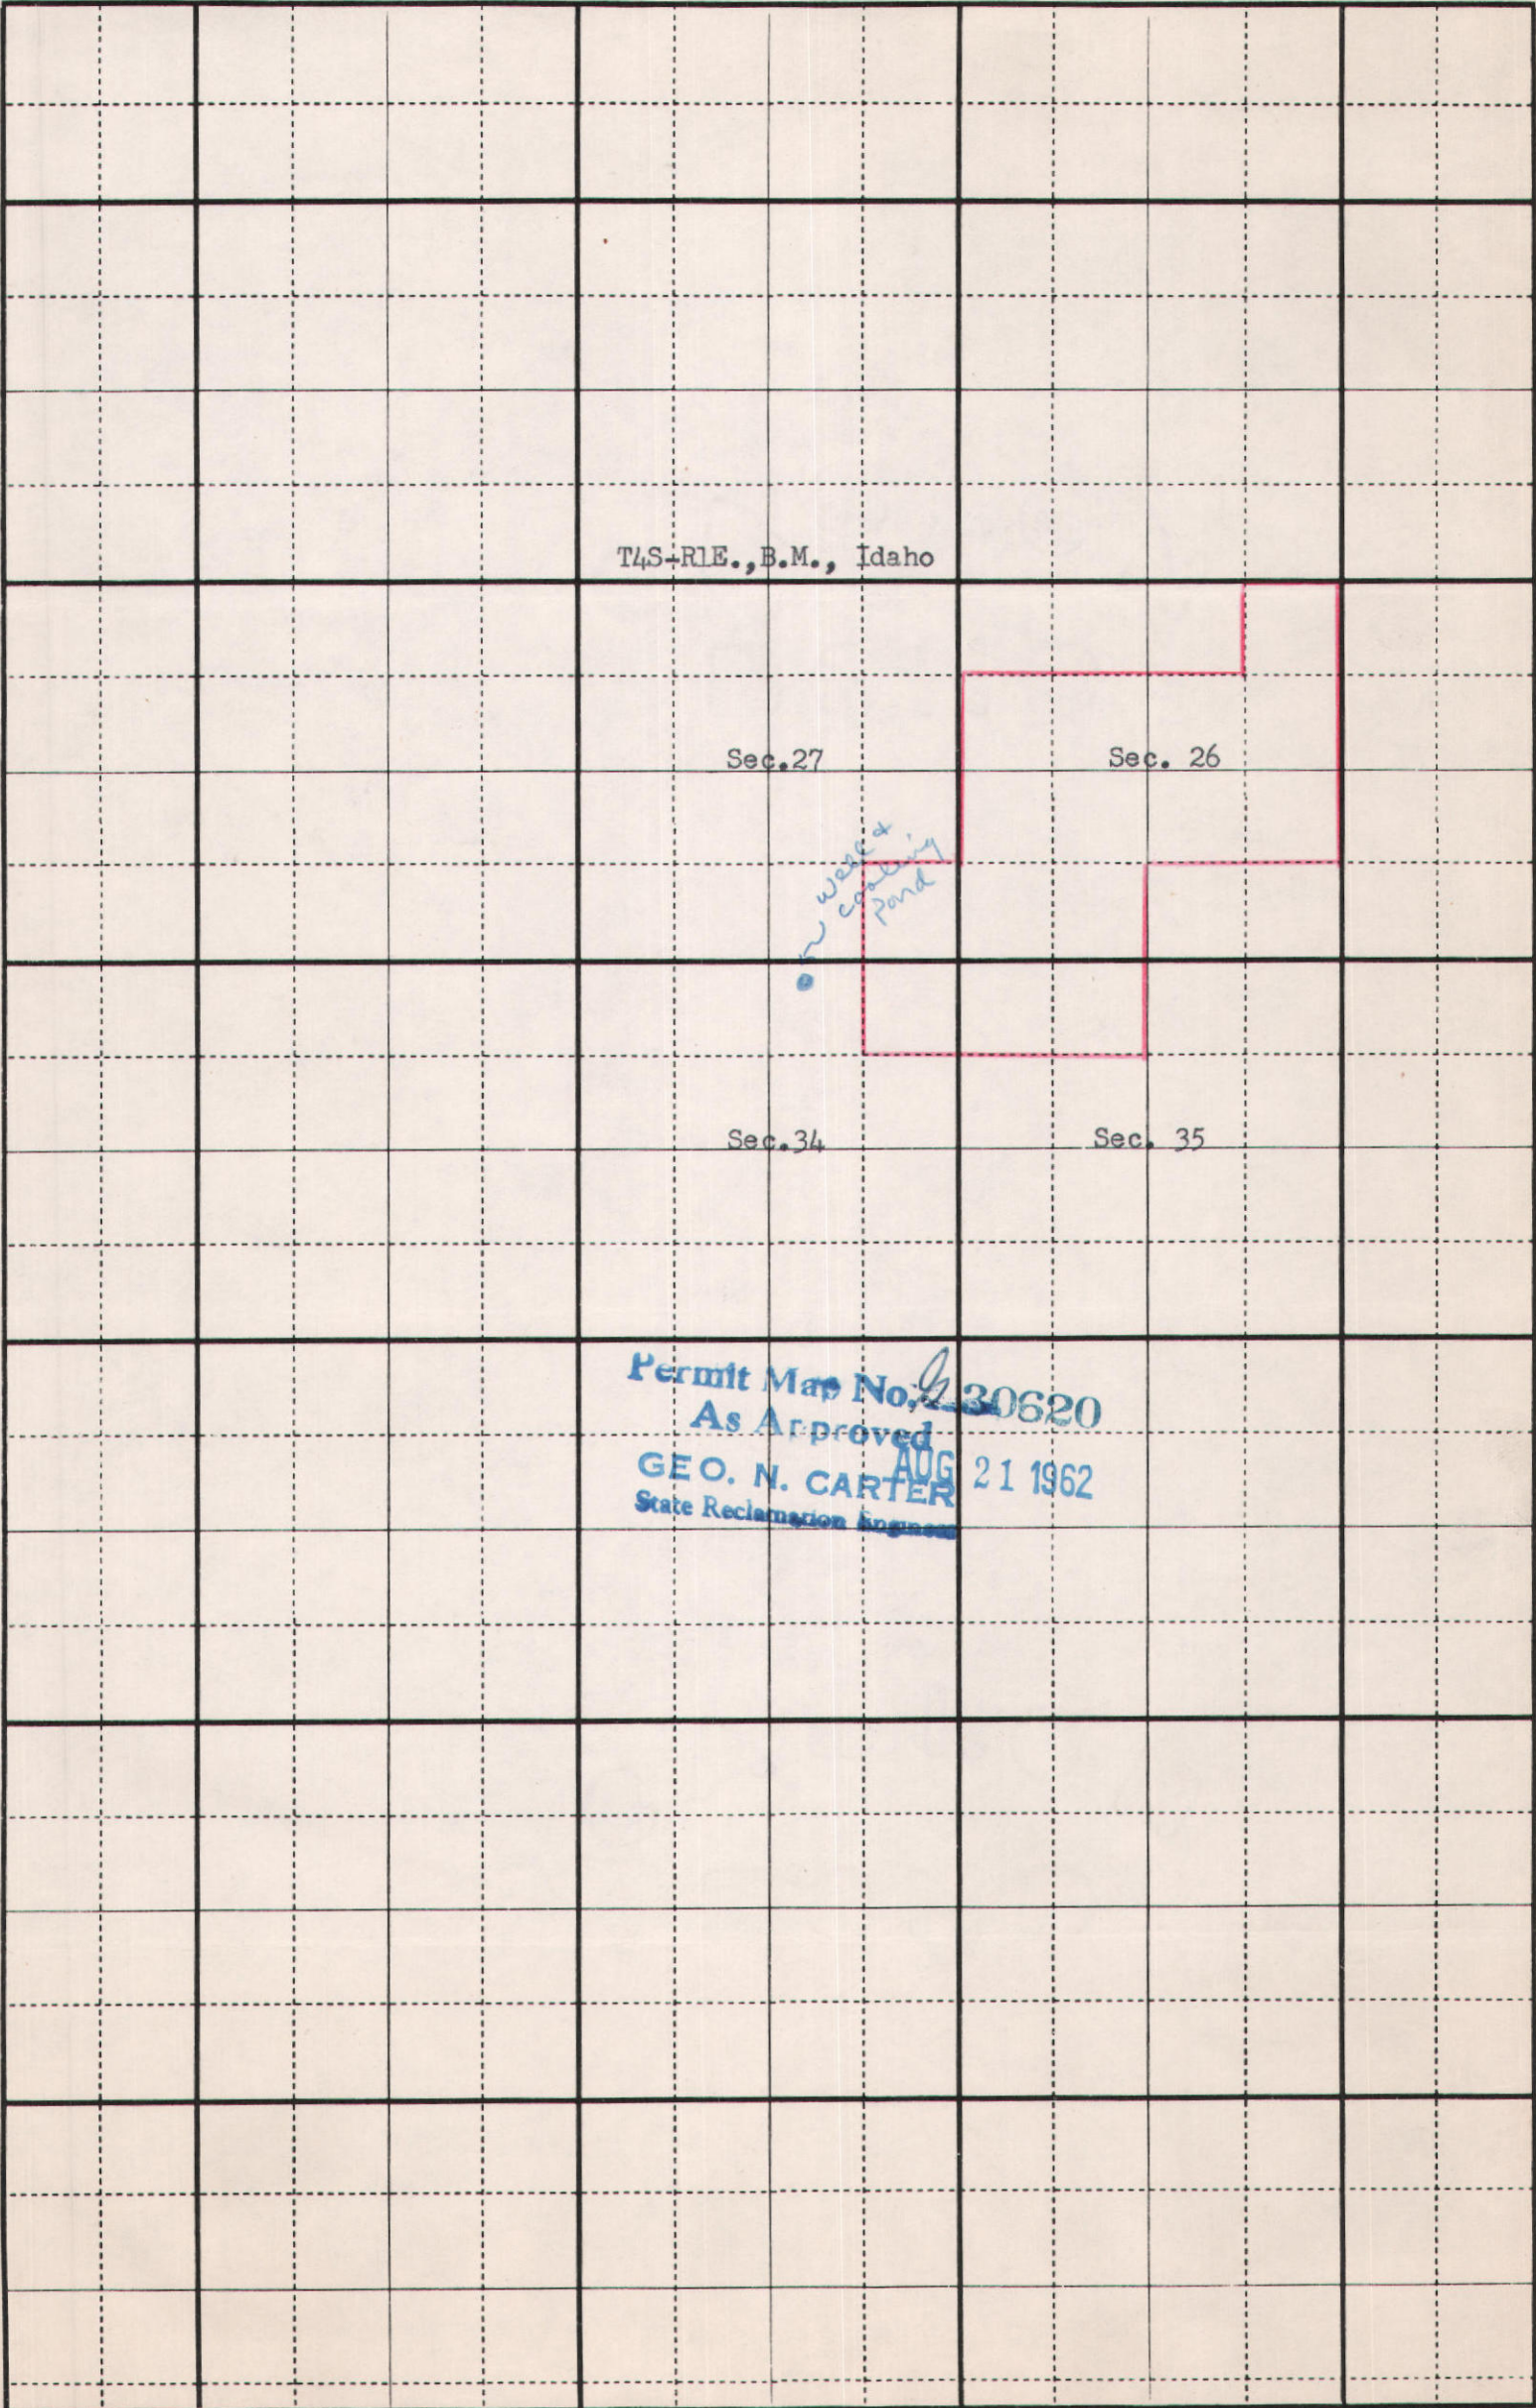

5. The place where said water is used is NE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 26; NE $\frac{1}{4}$ NW $\frac{1}{4}$ - Sec. 35, T. 4 S., R. 1 E., B. M.

6. The date of priority which said user is prepared to establish is August 21, 1962.

APPLICATION FOR PERMIT
To appropriate the Subterranean Waters of The State of Idaho

57-2253

Application No. G- 38701
Permit No. G- 30620
District No.

1. Name of Applicant: D. I. Foreman
Postoffice address: Oreana County: Owyhee State: Idaho
2. Quantity of water claimed:
(a) Rate of withdrawal in cubic feet per second 4 or Idaho
Miners' inches 200 or gallons per minute
(b) Annual withdrawal in acre feet per annum
3. Source of water supply: Drilled well
4. Location of point of diversion or well is in the NW 1/4 of the NE 1/4 of Section 34
Twp. 4 S , Rge. 1 E , B.M., County of Owyhee
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give.
(a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.
Rge. , B.M.
(b) Waste water or sewage effluent is to be returned to
at a point in the 1/4 of the 1/4 of Section , Twp , Rge. . B.M.
7. Kind of works: Drilled well, (Artesian) cooling pond
8. Estimated cost of works: \$ 15,000
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5
years.
11. If applicant is a corporation, give:
I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: G-30006 - Decree from
Castle Ck. 110", 1874.
(a) 2.24 (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supple-
mental to the existing water rights.
(b) 1.76 (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks.

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Mr. & Mrs. Gordon King
Star Route 5, Box 30
Ely, Nevada

RE: Hot Well (Forman Well)

Dear Mr. & Mrs. King:

Thank you for your phone call on September 4, 1986. The Department is aware of your concern for this well and does not want to place an unnecessary hardship on you. The well, however, must be repaired and must be capable of being closed to a greater extent than is now attainable. The well presently flows more than the authorized water right during the non-irrigation (winter) period. Effective July 1, 1986, Statutes became effective to monetarily penalize unauthorized diversions or diversions in excess of the water right.

During the last well inspection, it was noted that water may have been leaking around the well casing. Mr. Block told the inspector that this was from a leaky valve just under the ground. Whatever the cause, this leak must be repaired.

As I told Mrs. King, there is increasing concern for the diversion and use of hot artesian water in Idaho. This concern likely will prompt amended statutes during the next session of the legislature relative to construction and maintenance of wells constructed in connection with hot water resources.

Please provide this office with your proposal to modify or repair the well for Department review and approval. The repair should be completed before the end of 1986.

If you have any questions or comments, contact either John Carlson or me.

Sincerely,

JOHN E. BEAL, Manager
Groundwater Protection Section

O D. I. Foreman
c/o Roland M. Foreman
Oreana, Idaho 83659

Dear Mr. Foreman:

P Some time ago this office issued a Water License on Permit G-30006/57-2246.
In reviewing that permit in conjunction with Permit G-30620/57-2253, we find that
that license contained an error. The Water License should have been issued for
4.0 c.f.s. rather than 2.9 c.f.s. of water. I hope that this mistake has not caused
you undue problems. You should attach the enclosed amended Water License to
your original license.

Y Very truly yours,

C. Stephen Allred, P.E.
Deputy State Reclamation Engineer

Gentlemen:

We acknowledge receipt of the depositions and affidavit of publication in the
~~Owyhee Nugget~~ submitted as proof of com-
pletion of works and beneficial use on Permit G-30620.

Before a certificate and license of water right can be issued, a field
examination must be made by a representative from this department. We
cannot tell just when this examination will be made, but our field examiner
will try to contact you at the time he makes the examination so that you
may show him the system.

Very truly yours,

Donald W. McElowney
Appropriation Examiner

Dear Mr. & Mrs. King:

The Department has received no response concerning Mr. Beal's letter to you dated December 8, 1986. While this Department sympathizes with your situation, the well must be repaired or abandoned to prevent further waste of the resource.

The Department specifically requests from you the submittal of a plan for repair within 30 days. This plan shall include an indication of when the work will be completed. If you have any comments or questions, contact Mr. Beal or Mr. Carlson.

Sincerely,

L. GLEN SAXTON, Chief

June 3, 1968

D. I. Foreman Estate
Nellie B. Foreman, Adm.
Oreana, Idaho 83659

Dear Mrs. Foreman:

Proof of completion of works and application of water to beneficial use for the above referenced permit is due not later than August 21, 1968.

Under the terms of your permit, it is required that a notice be published once a week for four consecutive weeks in a local newspaper showing your intent to submit proof. The proof will consist of depositions which the permit holder and two disinterested witnesses must complete before the listed notary public, and must be accompanied by an affidavit of publication of the legal notice.

We have prepared the enclosed notice from the information on your permit. The complete name and address of a notary public of the State of Idaho must be entered together with a date for you to appear before the notary. Allow at least 40 days from the date the notice is mailed to this department for your appearance before the notary.

If you find any discrepancy in the notice or have made any changes, please advise this department and we will assist you in doing whatever may be necessary to assure correct publication.

If the enclosed notice is correct, complete the blank spaces on both forms, sign the form authorizing us to publish the notice at your expense, and return all forms. At the time we send the notice to the newspaper, you will be supplied with further instructions.

If you do not desire to complete the proofs and obtain a license of water right, you are requested to complete the relinquishment portion of this form below and return it to the Department of Reclamation.

State Reclamation Engineer

RELINQUISHMENT

CARL E. TAPPAN
State Reclamation Engineer

Very truly yours,

We will, of course, be most happy to discuss Mr. Foreman's well problem at any time.

Our engineers reported that there was water issuing from around the casing, when they arrived. They opened the well to full flow then closed it to a point where the estimated flow was 15 to 20 inches. The well was never shut off by our engineers who stated that flow could not be completely stopped because a large nut on the gate stem prevented such closure.

We wish to express our appreciation of Mr. Foreman's willingness to cooperate in the investigation concerning his well and also to limit the flow of water from this well.

Replying to your letter of January 5, 1966, wherein you recite some complaint by Mr. D. I. Foreman.

Dear Mr. Axelsson:

Re: Permit Nos. G-3006; G-30620
D. I. Foreman

Smith & Miller
Attorneys at Law
Box 111, Caldwell, Ida.

Attn: Lawrence N. Smith

Dear Mr. Smith:

We received your letter of April 2nd, in regard to a well drilled by Mr. D. I. Foreman.

Mr. Foreman has two permits as follows:

G-30006, for 4.0 c.f.s., from well in NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 34, Twp. 4 S., Rge. 1 E., for irrigation of land in Sections 26, 27, 34 and 35, with priority of July 26, 1961.

G-30620, for 4.0 c.f.s. from well in same location to irrigate land in the same sections, being the same lands, except adding 160 acres, priority August 21, 1962.

Mr. Foreman has not made any proofs in regard to these permits which are not due until 1966 and 1967.

Your letter was very vague as to location of the well. You also requested a copy of whatever there is on file.

The file consists of our record^{of} the permit, map which accompanied the application, letter of transmittal of the permit and probably the letter accompanying the application.

Kindly notify this office if these permits are the ones you desire and what other material you desire.

Very truly yours,

RALPH W. THOMAS, Deputy
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

APPLICATION FOR EXTENSION OF TIME

State of Idaho
County of Butte

Permit No. G-30620

Nellie B. Foreman, Admin., D. I. of c/o Roland Foreman, Oreana, Idaho 83659
(name) (address)

State of Idaho, being first duly sworn, upon his oath deposes and says:

That he is the holder, or the duly authorized agent of the holder, of Permit to Appropriate the Public Waters of the State of Idaho No. G-30620.

That under the terms and conditions of said permit, work thereunder was required to be completed by August 21, 1967, 19 67.

That he has heretofore performed the following work described under said permit:

This well was completed under permit G-30006. Permit G-30620 was obtained
in order to utilize additional water on lands that I am placing under
cultivation at the present.

Costing \$

That he is unable to complete the remainder of the work within the required time for the following reasons, to-wit: While clearing the lands that were to be planted and
irrigated the machinery broke down, due to the length of time it will
take to repair this machinery, the land can not be cleared and planted
in time to be irrigated before the date the proof is due.

WHEREFORE, he asks that the State Reclamation Engineer extend the time for the completion of obligations under said permit to August 21, 19 68.

Nellie B. Foreman, Admin.
(signature)

Subscribed and sworn to before me this 3rd day of August, 19 67.

Frederick
(notary public)

My commission expires 11/20/67.

Date of receipt at office of Department of Reclamation August 7, 1967

ACTION OF STATE RECLAMATION ENGINEER

I, R. KEITH HIGGINSON, State Reclamation Engineer of the State of Idaho, hereby approve the above application for extension of time for permit G-30620.

Witness my hand this 7th day of August, 19 67.

RE: Proof of Beneficial Use for Permit G-30620

Dear Sir:

Please consider this your authority to withdraw my intention to make proof of completion of works and beneficial use for permit G-30620 in the name of D. I. Foreman Estate. *Aug 7-67*

Due to circumstances beyond my control it is impossible to take this proof on the day set, which is August 17, 1967.

Enclosed herewith is an application for extension-of-time for one year. If at all possible I would appreciate it if you could consider this application favorably and grant this extension.

Very truly yours,

Nellie B. Foreman, Admin.

Gentlemen:

This acknowledges receipt of the notice of intent to make proof of completion of works and application of water to beneficial use for permit G-30620.

We have mailed the notice to the Oryhee Nugget, Marsing, Idaho, to be published once a week for four consecutive weeks prior to Aug. 17, 1967

, which is the hearing date when the permit holder D.I. Foreman Estate, Nellie D. Foreman, Administratrix and two disinterested witnesses must appear before Laura J. Henderson, 224 Idaho Bldg., Boise, Idaho, notary public, to complete the enclosed depositions. The witnesses must be familiar with the works and permit.

After the hearing, the depositions and an affidavit of publication must be submitted to this office. The affidavit may be obtained from the newspaper when the advertising bill is paid by Idaho Land & Appraisal Service

Be sure all the forms have the notary's seal and are signed.

Please feel free to contact us if we may be of any assistance.

Very truly yours,

Donald V. McElowney

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE
Department of Reclamation

Notice is hereby given that at ~~10 A. M.~~, on the 17th day of August
19 67, at Boise, County of Ada, State of Idaho
before Laura J. Henderson, Notary Public, at (address) 224 Idaho Bldg.,
Boise, Idaho, proof will be submitted of the completion
of works for the diversion of 3 cubic feet per second of underground water from a
well, and of the application to beneficial use of said water, in accordance with the
terms and conditions of Permit No. G-30620, heretofore issued by the Department of
Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit
is D. I. Foreman Estate, Nellie B. Foreman, Administratrix, Oreana, Idaho

2. Said works of diversion will be fully completed on the date for such completion,
and the amount of water which said works are capable of conveying to the place of
use is 3 cubic feet per second.

3. The use to which said water has been applied is irrigation
, purposes and the amount applied to beneficial use is
3 cubic feet per second.

4. The point of diversion of said water is NW $\frac{1}{4}$ NE $\frac{1}{4}$, Section 34, T4S-R1E, B.M.

5. The place where said water is used is Section 26, NE $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$,
NE $\frac{1}{4}$ SW $\frac{1}{4}$; T4S-R1E, B.M.

6. The date of priority which said user is prepared to establish is 8/21/62

Re: Permit No. G - 30620 D. I. Foreman

Idaho Land & Appraisal Service
P. O. Box 2161
Boise, Idaho

Gentlemen:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 30620 are due not later than Aug. 21, 1967

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

STATE RECLAMATION ENGINEER

NAMPA, IDAHO

January 3rd, 1965

Mr. Carl L. Tappan
State Reclamation Engineer
State of Idaho
Department of Reclamation
107 State House
Boise, Idaho

RECEIVED
JAN 4 1966

Dear Mr. Tappan:

On behalf of C. L. Tappan, acknowledgment is hereby made of your letter dated December 27, 1965 sent to him from your office by certified mail.

On December 7th, 1965, two representatives from your office called at the ranch of Mr. Foreman and requested his permission to examine his well, which he freely granted to them. They requested and received permission from him to open the well, with the express instructions from him to leave the same amount of flow as was flowing at the time they went to examine the well. I believe your Department is aware that in the summer of 1965, the well developed a leak and water percolated outside of the well into neighbor's fields, and Mr. Foreman had Mr. L. E. Steiner, who drilled the well, work on the well for about 30 days in order to stop the leak. After completion of the work, Mr. Steiner felt that it was possible that some additional work was necessary, but that it was very important not to shut the well completely down, not only for the reason that the pressure would pull the seal from the casing, at the bottom of the well, but also to prevent the leak breaking out and again percolating to the surface and flooding a neighbor's farm.

Mr. Foreman provided ample controls to shut off his well, which I understand met the approval of your Department, and because of the leak and the consequent damage to a neighbor's farm lands, and upon the advice of Mr. Steiner, permitted approximately 20 inches to be flowing at the time your representatives were there. I understand from Mr. Foreman that the pressure with this amount of flow at the top of his well is about 95 pounds, and when it is shut down to about 20 inches, the pressure is between 105 and 110 pounds. Your representatives, on December 7, 1965, shut the well completely down, which was not known to Mr. Foreman until the following day when Mr. Steiner had gone to check the well. Prior to that time, no water was percolating to the surface to cause any damage. As a direct result of your representatives shutting the well off, the water has commenced to percolate again to the surface and is flooding the neighbor's farm land, and it was necessary that Mr. Foreman construct a ditch to prevent flooding as much as possible to his neighbor's farm land.

30620

Mr. Carl E. Teppen

-page 2-

January 3rd, 1965

It would seem that all of the work which was done on the well last summer by Mr. Steiner in repairing the leak has been completely lost by the negligence of your representatives, and we feel that your office should assume some responsibility and liability for their acts.

Mr. Foreman at all times has attempted to cooperate fully with your department and your office, and is quite disturbed about your representatives ruining his ~~well~~ ^{water} and also apparently causing a great deal of damage to his neighbor, for which he feels responsible, and for which he also feels is a direct result of your representatives.

It will be some time before work can again be commenced on the well to repair the damage, and at such time as it is repaired, Mr. Foreman would certainly control any waste water as far as is practicable.

Mr. Foreman contemplates commencing work on the repair of damage to the well as soon as the weather permits, and it would be greatly appreciated if you would write to us with respect to your intentions in this matter.

Very truly yours,

Thilo Andersen

Dear Sir:

Mr. D. I. Foreman drilled a well near Oreana, Idaho, which would probably be located in Township 5 South, Range 1 East of the Boise Meridian. The well was drilled sometime during 1962 and I would like to know whether or not there was a license and certificate of water right for the development of the well, or whether or not there was a certificate of completion of works.

If you would send me a copy of whatever there is in the file, I would be glad to pay whatever your charges are for this service.

Yours very truly,

Re: Permit No. G-30620
D. I. Foreman

August 28, 1962

Mr. Harley M. McDowell,
Idaho Land & Appraisal Service,
Box 2161,
Boise, Idaho.

Dear Mr. McDowell:

We enclose Permit No. G-30620 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-7277 which was issued covering payment in the amount of \$ 5.75 for the filing fee of the above mentioned permit. ~~Enclosed is also a copy of the permit.~~

Well logs are an important part of your recorded water right and State Statutes require that well drillers' supply logs on all wells, whether irrigation, domestic, drain or stock wells, to be filed in the Department of Reclamation. In view of the rapidly increasing demand for ground water, the lowering of the ground water level, and the creation of critical ground water areas, it is important that you, as owner, make sure a log on your well is filed in this office.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer
