Dear Mr. & Mrs. Stevenson:

A field examiner from our Department has conducted a field examination of the land and works covered by your above referenced permit and has found that your well is located within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 16 rather than the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 16 as your permit lists. We are enclosing a partially completed amendment form for your use in amending your point of diversion. Please sign this amendment and return it to this office with a \$5 amendment fee.

As soon as we receive the signed amendment and fee we are prepared to issue a Water License on Permit No. 57-2248 confirming the right to divert 0.90 cubic feet per second of water from a ground-water source. The water is to be used for irrigation purposes within the SE $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 16, T. 2 N., R. 5 W., B.M. The maximum quantity diverted shall not exceed 248 acre feet per season or 5.0 acre feet per acre for 49.8 acres. The priority date established is September 19, 1961. If you agree with these findings, please remit \$11 licensing fees within 30 days of the date of this letter.

Please return the signed amendment and a total of \$16 in fees.

PERMIT NO. G-30200

REPORT ON PROOF OF Completion of Works & Beneficial Use

April 8, 1968

Re: Permit No. G-30200

Mable E. or J. D. Stevenson
Marsing, Idaho 83639

Dear Mr. and Mrs. Stevenson:

Please be advised that the Department of Reclamation has conducted a field examination of your lands and works and has come to the decision that a license for Permit No. G-30200 cannot be issued at this time. The field examiner's inspection shows that the well is not presently equipped.

It is necessary that the well be producing and the ground irrigated as the license is issued on the basis of water diverted and used beneficially.

The permit will be held only a reasonable period to allow you to put the water to use. This period will extend through the 1969 irrigating season.

Very truly yours,

Dean R. Reynolds
Field Examiner

Dear Mrs. Stevenson:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the ~~Owyhee Nugget~~ all submitted in proof of completion of works and beneficial use on Permit No. G-30200.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try to contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

Re: Permit No. G - 30200

Mable E. & J. D. Stevenson
Marsing, Idaho

Dear Mr. and Mrs. Stevenson:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 30200 are due not later than **Sept. 19, 1966**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Deputy
