Re: Permit No. 27820

Mr. Frank Baltzer
Jordan Valley, Oregon

Dear Mr. Baltzer:

Our field engineer's report on his inspection of the application of water to beneficial use under the terms of Permit No. 27820 shows the ~~xxx~~ Succor Creek is capable of conveying 50 miner's inches, or 1.0 c.f.s. of water for the irrigation of 50 acres.

Upon receipt of the statutory fee of \$ 8.00 -based at the rate of \$2.00 for each 40-acre subdivision - we will issue the License and Certificate of Water Right, confirming the right with priority of March 9, 1959 to the use of 1.0 second feet of surface water with the point of diversion in NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 13, for the irrigation of 50 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 13, T. 3 S., R. 6 W. B. M.

Since your permit does not include the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 13, it will be necessary to amend the land list on the permit, if you want the extra land included in the license.

Complete the enclosed form, submit it with the above mentioned statutory fees, plus an additional fee of \$1.00 for recording the amendment to this office and the License and Certificate of Water Right will be issued as shown above. If you do not want the extra land included, the statutory fee will be \$6.00, and the land list will be restricted to the lands shown on the permit which are actually irrigated.

Dear Mr. Johnson:

It is impossible at the present time to get to this property of mine on Succor Creek to make an inspection. I live right on the highway to Jordan Valley just 1 mile south of the old Sheaville postoffice. You could meet me here at the house and we could go in together, but I will have to let you know later what day to come. It will probably be sometime in April, depending on the weather. It is about six miles from my home ranch but we have to go down a steep narrow grade which is unsurfaced so will have to arrange a time when it is dry.

Wish to thank you for your letter concerning this matter and will arrange a definite date with you at the earliest time that we can get to this property to go over the work.

Very truly yours,

Frank Battjes

Dear Mr. Baltzer

This is a follow up of the notice from the Department of Reclamation office that an inspection would be made on your water filing as soon as possible.

~~Next, please inform me as to when an inspection can be made on this permit. What would be the best way to get there. Where could I meet you?~~
Please arrange to be on the premises so that you can accompany me over the work.
