Dear Mr. Steiner:

In the final processing of your transfer application it came to our attention that one more item is needed.

The tax notices submitted as proof of ownership for the lands under the water rights in question show Florence Steiner as the owner. In order to submit the transfer in your name you must show the land is now owned by you. The reason for this is to avoid the transferring of water off of another's land without their knowledge and is for all water users protection. If you have inherited or purchased this property, then all we need is a copy of the legal document showing the change in ownership.

As soon as this document is received we will forward the application to our state office for approval. If you have any questions concerning this matter, please contact our office at 2735 Airport Way, Boise Idaho 83705.

lots + quarter-quarters involved.

I don't want to make this ^{transfer} more complicated than it has to be, but as I look at a copy of the decree (see file), it appears that there is not a direct correspondence between the 40 acre tract (to the right) and the priority date and miners inches (to the left), under each wateruser. The clues on this are (1) the brackets, and (2) the lack of one to one matchups for other rights. Your thought? ~~Let's~~ Let's discuss?
