Dear Mrs. Whitted:

It appearing to the State Reclamation Engineer that the terms and conditions of Permit 57-2219 to appropriate the public waters of the State of Idaho, have not been complied with as to failure to submit licensing fees of \$13.00

you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the State Reclamation Engineer on or before January 7, 1970 why said permit should not be cancelled.

Permit 57-2219 claims the use of 3.2 cubic feet per second of water. The point of diversion was to be located SW1/4, Sec. 28, T. 5 S., R. 3 E., B. M., Owyhee County

and the permit was approved April 11, 1957.

Re: Permit No. G-26828

Angeline E. Whitted,
Grandview, Idaho.

Dear Mrs. Whitted:

This acknowledges the Notice of Proof of Completion of Works and Application of water to Beneficial Use under Permit No. G-26828. The proofs are to be made at 10:00 o'clock A.M., on the 30th day of November, 19 65, before Walter Blademan, Grandview, Idaho Notary Public.

As of this date, we have mailed the Notice to the Oryhee Nugget Marsing, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Re: Permit No. G-26828

Mrs. Angeline E. Whitted
Grandview, Idaho

Dear Mrs. Whitted:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G-26828 are due not later than **Oct. 28, 1965**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

RE: Permit No. G-26828

Mrs. Angeline E. Whitted
Grandview, Idaho

Dear Mrs. Whitted:

Enclosed is an extension of time for completion of works and beneficial use of the water to October 28, 1965 or five years after the desert entry was allowed.

The field examiner's report shows that the well was still being drilled July 26, 1962. Your deposition and the depositions of the witnesses show that water was pumped for one hour on April 20. As the completion of works proof was due April 11, 1962 the depositions do not prove completion of works on time. Therefor, your proofs are rejected and you will have until October 28, 1965 to readvertise and make the proofs after your land is actually irrigated.

You may write or visit this office if you have any question in regard to the above.

Very truly yours,

Re: Permit No. G-26828

Mrs. Angeline E. Whitted
Grandview, Idaho

Dear Mrs. Whitted:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Owyhee Nugget, all submitted in proof of completion of works and beneficial use on Permit No. G-26828.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Re: Permit No. G- **G-26828**

Date: February 1, 1962

Mrs. Angeline E. Whitted
Grandview, Idaho

Dear Mrs. Whitted:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- **G-26828** are due not later than **April 11, 1962**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
