Dear Mr. Givens:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Owyhee Nugget, all submitted in proof of the application of water to Beneficial Use on Permit No. 20953.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

RE: Permit No. 20953

Mr. Lanus G. Givens
Star Route
Melba, Idaho

Dear Mr. Givens:

Your request to withdraw proof of beneficial use made March 18, 1955, on the above numbered Permit has been accepted and filed.

We enclose herewith your application for amendment to the permit to include the additional acreage in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 34, Township 1 South, Range 2 West, B.M. and NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 3, Township 2 South, Range 2 West, B.M. which has been approved by the State Reclamation Engineer and recorded in this department.

We also enclose approval of your application for extension of time for making new proof of beneficial use to February 21, 1956. This should be attached to the original permit of which it now forms a part.

We are today sending to the Owyhee Nugget notice for proof of beneficial use to be made at 2:00 P.M. January 9, 1956, at Nampa, Idaho, before Mile Axelsen, Notary Public, with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

We enclose the forms of deposition to be executed by yourself and two witnesses in making this proof.

By this same mail, we are also sending to the Owyhee Nugget notice in connection with your Transfer Application.

Malba, Idaho

Dear Mr. Givens:

We now have on file the Report of our Field Engineer on examination for Beneficial Use on Permit No. 20953.

This report shows that you have irrigated 75 acres in the ~~SW~~^{SE}₄ Section 34, Township 1 South, Range 2 West, B. M., and the ~~SW~~^{SE}₄ Section 3, ~~SW~~^{SE}₄ and ~~NW~~^{SE}₄ Section 2, Township 2 South, Range 2 West, B. M.

This is in accordance with letter written by our Mr. Humphrey on November 22, 1955.

A License can therefore be issued for 75 inches or 1.5 second feet of water from the well in the ~~NW~~^{SE}₄ Section 2, upon receipt of the statutory fee amounting to \$10.00.

RE: Permit No. 20953

Mr. Larus G. Civena

Melba, Idaho

Dear Larus:

I found an aerial photo of your place, it shows quite plainly the land that is irrigable.

Twp. 2 S., Rge. 2 W., Sec. 2, NW $\frac{1}{4}$ SW $\frac{1}{4}$ = 20 acres
SW $\frac{1}{4}$ NW $\frac{1}{4}$ = 20 acres

Sec. 3, SE $\frac{1}{4}$ NE $\frac{1}{4}$ = 10 acres
NE $\frac{1}{4}$ NE $\frac{1}{4}$ = 20 acres

Twp. 1 S., Rge. 2 W., Sec. 34, SE $\frac{1}{4}$ SE $\frac{1}{4}$ = 5 acres
75 acres listed in Permit.

I also find 20 acres irrigated in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 34 and 5 acres irrigated in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 3.

It will be possible to get a supplemental license on it under the same permit by amending the Permit and then making additional proof.

If there is any question in your mind regarding this, I would be glad to have you come in and see me. If you do not agree with my findings, please let me know so that it can be corrected before license is issued.

RE: Permit No. 20953

Mr. Janus G. Givens
Star Route
Melba, Idaho

Dear Mr. Givens:

We acknowledge receipt of the depositions of yourself and two witnesses submitted in proof of beneficial use on Permit No. 20953.

Question 4 of your own deposition gives the place of use as the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 3 but the Permit describes it in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 2, Township 2 South, Range 2 West, B.M.

If this is a typographical error, it can be corrected but if there has been a change in the point of diversion, it will be necessary to amend the Permit accordingly.

Question 4 of the depositions of your two witnesses should also give the location of the well to a subdivision, Section, Township and Range.

We return the depositions for the necessary correction and also call attention to the fact that the affidavit of publication is a necessary part of this proof. The Owyhee Nugget was instructed to send this to you and if you have not received it, we suggest you take the matter up with them at once.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Lanus G. Owens
Malba
Idaho

Boise, Idaho

Dear Sir:-

Under the terms of your permit No. 20953 you are required to complete your diversion works on or before February 21, 1954. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP
