AFFIDAVIT OF PUBLICATION

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 10:00 A. M. on the 30th day of May, 1944, at Homedale, County of Owyhee, State of Idaho, before George D. VanDerhoff, proof will be submitted of the completion of works for the diversion of 10 cubic feet per second of the waters of Jump Creek and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 19380 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Gem Irrigation District, Homedale, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is 10 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 10 cubic feet per second.

4. The place where said water is used is lands under the A Canal of the Gem Irrigation District west of Jump Creek as stated in application, in Secs. 32, 33 & 34, Twp. 3 N., Range 5 W., B. M., and Sec. 4, Twp. 2 N., Range 5 W., B. M.

5. The date of priority which said user is prepared to establish is Nov. 24, 1942.

19380
MARK R. KULP,
4-27-4 State Reclamation Engineer.

STATE OF IDAHO)
COUNTY OF OWYHEE) ss.

I, Everett A. Colley, being first duly sworn, depose and say:

1. That I am a citizen of the United States of America, and at all times hereinafter mentioned was and now am over the age of twenty-one years, not a party to nor interested in the proceedings hereinafter mentioned.

2. That during the time of the publication of the notice hereinafter mentioned, I was and now am the printer and co-publisher of THE OWYHEE CHRONICLE, a newspaper of general circulation published weekly, on Thursday of each and every week, in the Village of Homedale and County of Owyhee and State of Idaho.

3. That the said The Owyhee Chronicle has been published continuously and uninterruptedly in said County during a period of seventy-eight weeks prior to the first publication of the attached notice.

4. That said notice Notice Of Proof Of Completion
Of Works And Application Of Water To
Beneficial Use.

of which a printed copy, taken from said newspaper, is hereto annexed, was published in the regular issue thereof, and not in a supplement thereto, in said newspaper, in four consecutive calendar weekly issues of said newspaper, on the following dates:

April 27, 1944

May 4, 1944

May 11, 1944

May 18, 1944

Signed Everett A. Colley

Subscribed and sworn to before me this 19th day of May,

Amount 10 second feet

Water District No.

Priority November 24, 1948

THIS IS TO CERTIFY that GEM IRRIGATION DISTRICT
of Homedale, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated November 24, 1942; that Permit No. 19380
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
10 second feet, was issued thereunder on April 28, 1950, showing that said works
were completed on the 31st day of May, 1944; and that on the 3rd
day of June, 1944,

GEM IRRIGATION DISTRICT

of Homedale, State of Idaho, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of Jump Creek, a tributary of Snake River, for the purpose of irrigation and domestic use, under Use Permit No. 19380 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume 8 of Licenses at page 4581, on the 28th day of April, 1950; The right hereby confirmed dates from November 24, 1942;

The Point of Diversion is located

in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 15, Tp. 2 N., R. 5 W., B. M. **Owyhee County**

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed ten (10) cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Lands under the Canal of the Gem Irrigation District, West of Jump Creek, in Sections 32, 33, and 34, Township 3 North, Range 5 West, B.M., and in Section 4, Township 2 North, Range 5 West, B.M.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
28th day of April, 1950.

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 26875
Permit No. 19380
District No.

1. Name of Applicant: Gem Irrigation District

Postoffice address: Homedale

County: Owyhee

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: Municipal Corporation

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors: I. H. Lineberger, Pres., Homedale, Idaho., L.E. Titus, Marsing, Idaho, Lee Stutheit, Homedale, Idaho, Frank P. Kushlan, Homedale, Idaho, Ray Pershall, Marsing, Idaho

II. The financial resources of the applicant are:

(a) Cash on hand:

(b) Treasury stock

(c) Bonds to be issued:

(d) Other resources:

2. Quantity of water claimed: Ten

cubic feet per second.

3. Source of water supply: Jump Creek

which is a tributary of Snake River

4. Location of point of diversion: 710

South
feet distant from the North Line NE $\frac{1}{4}$ NE $\frac{1}{4}$

corner of Section 15, T. 2 N., R. 5 W., B. M., and is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$

of Section 15, T. 2 N., R. 5 W., B. M., County of Owyhee

5. Water is to be used for: Irrigation and domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the

of Section, T., R., B. M.

7. Estimated cost of works: \$ 1,500.00

8. Kind of works: Loose Rock Dam and Open Ditch

9. Height of dam 3.0 feet; length of dam at top 35.0 feet; length of dam at bottom 30.0

feet; material used in dam: Loose Rock

10. Size of headgate: Width 30" feet; height 5.0 feet.

11. Ditch: Width at bottom 3.5 feet; width at water line 8.0 feet; depth of water 2.0

feet; dimensions of flume:

Diameter of pipe inches; length of conduit 1 miles.

Average grade per mile 8.0 feet.

12. The time required for the completion of such work is Two years.

13. The time required for the complete application of the water to the proposed use is None additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

5. (a) Is reservoir to be used? No If so, fill in (b) and (c) below.
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Gem Irrigation District Applicant.

By W. H. ROBINSON /s/ Agent.
Manager

Date of first receipt at Department of Reclamation: November 24, 1942 - 11:00 A. M.

Returned to applicant for correction:

Corrected application received:

APPROVAL OF COMMISSIONER OF RECLAMATION

The number of this permit is 19380
Recorded in Book 70 Page 19380 Approved November 24, 1942
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before
Work to begin on or before January 24, 1943 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before November 24, 1943
The whole of said work to be completed on or before November 24, 1944
Beneficial use of water appropriated in accordance herewith, to be made on or before November 24, 1944.

Witness my hand this 24 day of November, 1942.

E. V. BERG /s/
Commissioner of Reclamation.

STATE OF IDAHO

BY: CHASE A. CLARK /s/
Governor

The Gem Irrigation District canal system was constructed in 1912 and a 54 inch diameter wood siphon 2600 feet long was built across Jump Creek on the A Canal and has been in service for the past 30 years. It is now beyond repair and will have to be re-built or water will have to be diverted from some other source to replace the water formerly taken through this siphon. Since the Bureau of Reclamation has constructed the Owyhee Project, water can be diverted from their canals into Jump Creek and diverted through a lateral about a mile long to the West end of the present siphon and water can be supplied to those lands under the A Canal which were formerly supplied through the siphon. At a point about three miles Northwest of this siphon another feeder later from the Owyhee Project is used to divert water into the A Canal which supplies all the land North and West of that point.

Permit No. 19380 CERTIFICATE OF COMPLETION OF WORKS.

TO ALL WHOM IT MAY CONCERN:

This is to certify that GEM IRRIGATION DISTRICT of Homedale, County of Owyhee, and State of Idaho, the holder of Permit No. 19380, issued upon Application No. 26875, bearing date of priority of November 24, 1942, authorizing the diversion of Ten (10) second feet of the waters of Jump Creek, a tributary of Snake River, County of Owyhee, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use Ten (10) second feet of the waters of Jump Creek; that the point of diversion of said waters is in the NE¼ NE¼ Section 15, Township 2 North, Range 5 West, B.M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Lands under A Canal of the Gem Irrigation District, West of Jump Creek, in Sections 32, 33, and 34, Township 3 North, Range 5 West, B.M., and Section 4, Township 2 North, Range 5 West, B.M.

Witness my hand this 28th day of April, A. D. 1950.

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 19380

Mr. W. H. Robinson, Manager,
Gem Irrigation District,
Homedale, Idaho

Dear Mr. Robinson:

We now have on file the report of our Field Engineer on examination for completion of works and beneficial use under the above numbered permit.

The statutory fee in connection with completion of works proof is \$5.00; and for beneficial use proof, \$48.00--being at the rate of \$8.00 for each 40-acre tract in which the land is located.

Therefore, upon receipt of the amount of these fees, or \$53.00, a Certificate of Completion of Works, and License will be issued for ten (10) second feet of water from Jump Creek.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 19380

Mr. W. H. Robinson, Mgr.
Gem Irrigation District
Homedale, Idaho

Dear Mr. Robinson:

We enclose Certificate of Completion of Works, also License and Certificate of Water Right issued under Permit No. 19380, confirming the right of the Gem Irrigation District to the use of ten (10) second feet of water from Jump Creek, with priority of November 24, 1942, with point of diversion in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 15, Township 2 North, Range 5 West, B.M. for irrigation and domestic use on lands under the A Canal of the Gem Irrigation District.

We also enclose Departmental Receipt No. 22295 in the amount of \$33.00 in payment of the fees in connection with these two proofs.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

APR 28 1950
Department of Reclamation

Attention: Mrs. Anderson

Dear Mrs. Anderson:

Upon my return to the office this morning, I find a check was issued to the State of Idaho Department of Reclamation on October 22, 1949, check #2791 in the amount of \$33.00, but it is still outstanding, so we are enclosing our check in the amount of \$33.00 and will ask the bank to stop payment on the check previously made out to you.

Yours very truly,

GEM IRRIGATION DISTRICT

Re: Permit No. 19380

Mr. W. H. Robinson, Manager,
Gem Irrigation District
Homedale, Idaho

Dear Mr. Robinson:

In further reference to the fees required in connection with the statutory proofs under Permit No. 19380:

It is our understanding that the ten cubic feet per second from Jump Creek are used as supplemental water on lands under the Gem Irrigation District project.

Therefore, there will be no additional fee on examination for beneficial use on any of the land included in other licenses issued to the Gem Irrigation District.

According to our records, as per plat enclosed, there are fourteen additional subdivisions, not so included in other licenses, as follows:

SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 34;
N $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{2}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 33;
NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 32;
All in Twp. 3 North, Range 5 West, B. M.

The fee will, therefore, only amount to \$28.00 for beneficial use proof, and upon receipt of this amount, plus the \$5.00 for completion of works proof, license and certificate of completion of works will be issued.

Very truly yours,

Encl.

Re: Permit No. 19380

Mr. W. H. Robinson, Manager,
Gem Irrigation District,
Homedale, Idaho

Dear Mr. Robinson:

In checking the water rights of the Gem Irrigation District, at the request of the U. S. Bureau of Reclamation, we find that the right under Permit No. 19380 has never been perfected by the issuance of a Certificate of Completion of works and license.

Our files show that on February 21, 1946, a letter was addressed you, advising that upon receipt of the statutory fees, amounting to \$5.00 for completion of works proof, and \$48.00 for beneficial use proof, or a total of \$53.00, a Certificate of Completion of Works and license would be issued, for 10 second feet of water from Jump Creek.

To date, this fee has not been received, and as no doubt you have overlooked the matter; we are now bringing it to your attention.

Very truly yours,

MARK R. KUIP

State Reclamation Engineer

BOISE**

REPORT OF ENGINEER

PERMIT NO. 19380

REPORT ON PROOF OF Completion of works and Beneficial Use

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 19380

This proof is for Completion of works and beneficial use In Water District No. ..

1. Name of applicant Gem Irrigation District, W. H. Robinson, Manager, Homedale, Idaho

2. Source of water supply: Jump Creek

3. Location of point of diversion: Is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 15
T. 2 N. R. 5 W. County of Owyhee

4. Describe works as they exist, giving dimensions and capacities of same: A Diversion Dam of Cyclopean masonry and earth 66 feet long X 3 feet top width X 8 feet Maximum height. Spillway crest 9 feet long X 2 feet deep. Screw stem slide gate, and outlet pipe of 30 inches diameter, and 30 feet long. Canal 6 feet wide, and 2-2 $\frac{1}{2}$ feet deep, which leads to the main "A" canal of the system.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation):
Lands under the A Canal of the Gem Irrigation District, West of Jump Creek, in Sections 32, 33 & 34, Twp. 3 N., Range 5 W., B.M., and Section 4, Twp. 2 N., Range 5 W., B.M.

NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 32;

NE $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, SE $\frac{1}{4}$ Section 33;

NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$ Section 34; Twp. 3 N., Range 5 W., B.M.

N $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 4; Twp. 2 N., Range 5 W., B.M.

(Submit map on attached plat, showing location and details of above description.

8. What large stream would the water here appropriated finally reach? Snake River

Remarks:

This examination was made on the 22nd day of November, 1944.

(Signed)

Fred A. Tolman
Examiner.

Permit No. 19380

Examination for Completion of works
and Beneficial Use

County Qwyhas ...

RECEIVED

FEB 20 1946

Department of Reclamation

INSTRUCTIONS TO EXAMINERS

- 1 Always carefully note the location of the point of diversion and accurately plat same.
- 2 When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
- 3 Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
- 4 If any unusual conditions are discovered, make a plain statement of them under remarks.
- 5 Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

Mark R. Kulp

June 6, 1944

Re: Permit No. 19380

Mr. W. H. Robinson, Manager,
Gem Irrigation District
Homedale, Idaho

Dear Mr. Robinson:

We are in receipt of your letter of June 5th, enclosing depositions in proof of beneficial use under the above numbered permit; and, as stated in office letter of June 1st, we had previously received the depositions for completion of works.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, since this Department has but one field engineer, who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination, so that you may arrange to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit #19380

Dear Mr. Kulp:

Enclosed find Proof of Application of Water to
Beneficial Use.

I am sorry I neglected in having any of these
filed with you at the time of making Proof of Completion
of works, but I did not happen to notice them.

Very truly yours,

GEM IRRIGATION DISTRICT

W. H. Robinson

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 19380

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. W. H. Robinson, Secretary and manager, Homedale, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Gem Irrigation District, Homedale, Idaho. Manager by resolution of Board of Directors.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 19380, November 24, 1942. November 24, 1942.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Jump Creek. 710 feet South from the north line of NE $\frac{1}{4}$ NE $\frac{1}{4}$,
Section 15, T. 2 North, Range 5 West, E.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Loose rock Dam, three feet high with 36 in. head gate in canal.
Ditch will carry 12 second-feet of water and is a feeder ditch for
A. canal.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. This ditch supplies water to A. canal which was formerly
supplied by a siphon across Jump Creek and is used on land in
Sections 32, 33 and 34, T.3N., R5W, B.M., and Section 4, T2N, R5W,
B.M. that was formerly irrigated by the A canal.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

19380

W.H.
Robinson

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 8 Second-feet.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. ~~For~~ Water diverted at least 8 second feet through this ditch for the past two seasons.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Water was formerly supplied to these lands by pumping through the A canal and now water used on these lands is diverted into the A canal from the gravity system of the Owyhee Project. The District formerly had a filing on all water pumped out of the Snake River which was sufficient to irrigate these lands.

PERMIT NO. 19380

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. A. L. Parker, Homedale, Idaho, Ditch-rider, Homedale, Ida.

Ques. 2. Are you acquainted with Gem Irrigation District, the holder of Permit No. 19380? How long have you known him and where does he reside?

Ans. Resided in Gem Irrigation District 12 years.

Ques. 3. Have you read or heard read said Permit No. 19380, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Jump Creek. NE~~1~~NE~~1~~ Section 15, T2N, R5W. B.M. Canal about one mile long then through A canal to point of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 6 or 8 second-feet.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. Water is used on land in Sections 32, 33 and 34, T3N, R5W, B.M., and Section 4, T2N, R5W B.M. that was formerly irrigated by the A canal.

19380

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Good farm land which irrigates about 5 acre feet of water per acre each season.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. Have been a ditch rider for the District for the past two years and have delivered the water diverted through this canal.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have delivered this water for two seasons and have delivered from 8 to 10 second-feet through this canal.

(Signed) A. L. Parker

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Homedale, County of Owyhee, State of Idaho, on this 3 day of June, A. Re: Permit No. 19380

Mr. W. H. Robinson, Manager,
Gen Irrigation District,
Homedale, Idaho

Dear Mr. Robinson:

We acknowledge receipt of your letter of May 31st,
enclosing the depositions of yourself and two witnesses
in proof of completion of works under the above num-
bered permit.

However, both proofs were to have been made at this time-
and you have not sent the depositions in proof of beneficial
use, forms for which were sent to Mr. Vanderhoff at the
same time as the forms for completion of works proof.

Please give this matter your prompt attention- so that the
matter may be completed.

Very truly yours,

PERMIT NO. 19380

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W. H. Robinson, Manager. Gem Irrigation District, Homedale, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Gem Irrigation District, Homedale, Idaho. Manager, authorized by resolution of Board of Directors.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Permit #19380, Nov. 24, 1942. 10 Sec. ft. Jump Creek dam in NE¹/₄ NE¹/₄ Sec. 15, T2N, R5W, B.M.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Irrigation. Approx. 1,000 in Sec. 32, 33 & 34, Township 3 North, Range 5 West, B.M., and Sec. 4, Township 2 north, range 5 West, B.M.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Used during season of 1943 and 1944.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Fully completed and complies with Permit.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans.

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. Diversion Dam 35 ft. long, 3 ft. high. Canal 1 mile long, 3.5 ft. wide on bottom, capacity 10 Sec. ft., Approximate cost--\$1,500.00.

The Depositions of two Witnesses, in this form, taken separately, required in each case.

Permit No. 19380.....

Proof of Completion of Works

DEPOSITION OF WITNESS

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. A. L. Parker, Homedale, Ditch rider, Homedale, Idaho.

Ques. 2. Are you acquainted with Gem Irrigation District....., the holder of Permit No. 19380, authorizing the diversion of 10..... second-feet of the waters of Jump Creek....., at Diversion Dam for irrigation purposes? How long have you known him, and where does he reside?

Ans. Resided in Gem Irrigation District 12 years.

Ques. 3. Have you read or heard read said Permit No. 19380, and are you familiar with its terms and conditions?

Ans. Yes.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. It's good farm land, and the istimated amount of water required is about 5 acre feet per season. This water supplements the gravity flow from the Owyhee Canal.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. Rock dam built across the creek with a 36 inch diversion pipe and gate and a canal approximately one mile long which will carry 10 second-feet of water.

(Sign here.)

We acknowledge receipt of your letter of
May 23rd, enclosing affidavit of publication
in connection with proofs in the above numbered
permit.

Since May 30th, the date set, is a legal holiday,
it will be all right to take these proofs on the
following day- May 31st.

The forms of deposition were sent to Mr. Van Derheff
on May 20th, and should have reached him ere this.
If not, please let us know, and we shall at once send
others.

Very truly yours,

MARK R. KILP

Mr. Mark R. Kulp,
State Reclamation Engineer,
Boise, Idaho.

Dear Mr. Kulp:

Re: Permit #19380

Enclosed find affidavit of publication of notice of
proof on permit #19380.

The date set for proof is May 30th which is Decoration
Day so assume proof can be made on the 31st in lieu
of it being a holiday. Please let me know if that is
satisfactory.

Mr. VanDerhoff, the notary public has not received the
necessary papers for making proof as yet.

Very truly yours,

GEM IRRIGATION DISTRICT

Re: Permit No. 19380
Gen Irrigation District

PROOF OF COMPLETION OF WORKS

Mr. George D. Van Derhoff
Notary Public
Homedale, Idaho

Boise, Idaho, **May 20, 1944**

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of
~~and beneficial use~~
works under Permit No. ~~19380~~---

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On ~~May 30, 1944~~-----, the date set for proof of completion of works ~~and proof of beneficial use~~ the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at ~~Homedale, Idaho~~-----, before ~~George D. VanDerhoff, Notary Public~~-----

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

MARK R. KULP
Commissioner of Reclamation
State Reclamation Engineer

Owyhee Chronicle

Homedale, Idaho

Gentlemen:

Enclosed you will find notice for publication
once a week for four consecutive weeks prior to May 30
1944, the date set for proof, the expense of the
publication to be paid by the applicant, Gem Irrigation District
of Homedale, Idaho, to whom you should
furnish proof of publication on or prior to the date set
for proof.

Please acknowledge receipt of this notice, and
furnish this office with a copy of the first publication.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

Re: Permit No. 19380

Mr. Willard R. Robinson
Manager Gem Irrigation District
Homedale, Idaho

Dear Mr. Robinson:

We acknowledge receipt of your letter of April 17th, enclosing notice in duplicate for proof of completion of works and beneficial use under the above numbered permit, and your authorization to have the notice published in the Owyhee Chronicle.

In paragraph 4 of the notice we have added the sections in which the land is located, as shown on the permit record; but are sending the notice to you, rather than directly to the newspaper, so that you may check and verify same.

If you find this to be correct, please forward the enclosed letter and the copy of the notice to the Owyhee Chronicle.

About ten days prior to the date set for proof, we shall send to Mr. George D. Van Derhoff, Notary Public, the proper forms of deposition for making these proofs, similar to the ones we handed you when in the office recently.

There is no fee due the Department on these proofs at the present time; but after examination has been made by our field engineer, Mr. Tolman, you will be notified as to his report, and the proper amount of fees.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
