RE: Permit No. 55-7212

Dear Permit Holder(s):

The above referenced water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to correspond with the findings of the Department's field examiner.

The enclosed application for amendment contains information that will be included on the license when it is issued. Please review carefully and if you concur, sign the amendment and return with the \$20.00 filing fee within 30 days.

If you do not concur with these findings or if you have any questions, please contact us within the 30-day period.

RE: Permit No. 55-7212

Bureau of Land Mgmt.  
3380 Americana Terrace  
Boise, ID 83706

Gentlemen:

On 3/13/84 a Department field examiner contacted your Boise District office to verify water use on a number of water rights. In this process, it was determined that the source of water being used under the above referenced permit is actually an unnamed stream, rather than an unnamed spring as filed.

Please be advised that the statutes which allow amending of permit to correct water right information have no provisions for changing the source of water. Therefore, there is no way that Permit 55-7212 can be licensed.

To simplify the formal requirements to cancel a permit, I have enclosed a relinquishment form which can be signed and returned to our office.

We suggest that you file a new application to cover the water being used for this project. If you have any questions, please feel free to contact our office.

Sincerely,

JIM JOHNSON  
Water Rights Supervisor

This office acknowledges receipt of the statement of beneficial use postcards submitted for the above-referenced permits.

Before a license can be issued, a field examination must be made by a representative of this department. Based upon the findings of the field examiner, a water right license will be issued.

If you have any questions, please contact this office.

Sincerely,

RITA I. FLECK  
Secretary/Records Manager

Boise, ID 83724

Gentlemen:

Enclosed are copies of your approved applications for permit as referenced above. We direct your attention to the conditions of approval as listed on the fourth pages.

The 1982 Idaho Legislature added a requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date the permit was issued, and must proceed diligently until the project is completed. The enclosed blue cards must be completed and returned to this office as soon as you commence construction, no later than one year from the date the permits were approved.

We have enclosed a form entitled "Making Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop these permits into licenses.

Sincerely,

DAVID R. TUTHILL, JR., P.E.  
Supervisor, Water Allocation Section
