Dear Mr. Ferris:

One of the conditions of approval of your water Permits, referenced above, was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before November 1, 1977 (see last page of approved permits). Enclosed is an affidavit form which must be used to submit the required proof of beneficial use on each of the above permits.

If you have not fully completed your projects, and you have not previously received an extension of time, you may request extensions of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavits or requests for extensions of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
