RE: Claim No. 55-4149

Dear Claimant:

The Department of Water Resources has completed the advertising of your claim to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claim will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

We are enclosing a copy of your claim for your records. If you have questions, or if this office may be of further assistance, please feel free to contact us.

Sincerely,
Yours truly,

DAVID B. SHAW
Western Region Supervisor

Dear Mr. Collett:

We are now processing the claims received during our June, 1983 mandatory claims program and have some questions concerning two of your claims.

On the two enclosed claims the points of diversion listed on the front do not match the points of diversion drawn on the map. We cannot tell to which scale the map was drawn because the section center was not indicated. Therefore, enclosed are copies of the topographic maps for your areas. Please designate the points of diversion for each system and the place of use for each. The place of use also needs to be shown under item 6(A). I have designated the quarter-quarters on the topographic maps for your convenience.

Once you have completed the claims explained above, please return the maps and claims to us. This needs to be done before a 60-day period elapses to preserve the June 30, 1983, deadline filing fee. If you have any questions, don't hesitate to contact us.

Sincerely,

Jan Grover
