DEPARTMENT OF WATER ADMINISTRATION

CLAIM TO A WATER RIGHT

Established by Diversion and Application to Beneficial Use

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. **The filing of this claim does not confirm the water right but will serve for information purposes only.** It may, however, become the basis for future adjudication of the water right by the Court.

(Please refer to the instructions on the back of this form)

1. Name of claimant Mrs. Emily B. Lewis and/or Wilma L. Statham
post office address 4023 Hoover St., Boise, Idaho 83705
2. The point of diversion is in NE 1/4 of SW 1/4 Section 6 Township 5S
Range 3N B.M. located on Florida Mt., at a spring known as "City Spring"
(name of source)
tributary to Jordan Creek in Owyhee County.

3. Dates of priority claimed: list the priority for each separate quantity that you claim. Priority dates should be based upon the earliest diversion of the water which has resulted in continued beneficial use since that time. If there has been an interval of five years or greater when the water was not beneficially used for the same purpose as originally appropriated, the priority that you claim should date from the time that the water was again beneficially applied following the period of non-use.

a. Date of priority claimed:

June 12, 1909 amount: 0.02 c.f.s. or _____ acre feet
____ amount: _____ c.f.s. or _____ acre feet
____ amount: _____ c.f.s. or _____ acre feet
Total claimed _____ c.f.s. or _____ acre feet.

- b. Explain the purpose for which the water has been used and the time during the year when you have used the right claimed:

use Domestic * period of use from ~~8/1/1909~~ to ~~8/1/1971~~ ~~XXXXXX~~ (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive)
use _____ period of use from _____ to _____ (both dates inclusive).

4. Description of diverting works:

a. Surface water diversion dam and/or headgate: material is composed of Boxed spring
____; length is 3 feet; height is 1 feet;
width at bottom is 1 1/2 feet; width at top is 1 1/2 feet; explain any increase in diversion capacity since structure was first built, giving dates and estimated capacities if known Routine maintenance of box and spring with no increase in capacity.

b. Underground water diverting works: is well flowing or pumped _____; depth of well is _____ feet; diameter of well is _____ inches; type of pump is _____
capacity of pump is _____ g.p.m.; name and address of well driller is _____

* from 1909 to 1942 - Jan. 1 to Dec. 31
from 1942 to present - May 15 to Nov. 1

W. Statham

attach well logs if available, has there been any change in pump or motor since well was first completed _____; if so, give dates and explain _____

c. Conveying works: length of ditch to place of use is feet, width of ditch at top is feet; width of bottom of ditch is feet, depth of water is feet, grade of ditch per 1000 feet is feet; material through which ditch passes is , maximum length of pipe line to first place of use is 1,400 feet; diameter of pipe line is 3 inches; type of pipe galvanized iron, grade of pipe per 1000 feet is 50 feet. Please explain any changes or increase in size of conveying system since water was first appropriated, giving date and dimensions if possible

d. If water is stored: name of reservoir Idaho Water Works Tank.;
total capacity of reservoir is 25,000 ^{gallons} ~~acres feet~~; active capacity of reservoir is 25,000 ^{gallons} ~~acres feet~~
year construction commenced 1902; year completed 1902, date first used 1902
period of storage is from Jan. 1 to Dec. 31; is reservoir drained each year No;
is reservoir on or off stream off explain the tank is on a hill over looking Silver
City and is 20 feet in diameter is 12 feet in height and has a capacity of
about 25,000 gallons. *X
if feeder canal is used give maximum carrying capacity _____ c.f.s.; if reservoir is off stream, describe
location of reservoir by 40-acre subdivisions _____

decrease of other available reservoirs since 1902. If so, give dates and describe. However, another 10,000 gallon tank maintained by Idaho Water Works has since been discontinued. Another company known as "Town Water Works" maintained one 20,000 gallon tank and two 10,000 tanks which have been torn down, as well as numerous private springs which have dried up. Population of Silver City in 1910 was 364 persons using all these facilities.

5. a. Where water is used for irrigation, describe area irrigated by 40-acre subdivisions and give total acres:

[illegible]

Total number of acres to be irrigated _____

Explain any significant increase in area irrigated since first use, give dates and acreages if known _____

* * Owyhee Avallance newspaper article. On microfilm at Idaho State Historical Society.

See 1903 Plat of Silver City giving water facilities.

b. Do you get water through a ditch owned by several users? _____ If yes, give the name of the ditch _____ The other users and their respective interests in the ditch are (if known) _____

6. Where water is used for stock watering, give number of each kind of stock watered _____

7. Where water is used for domestic or municipal purposes give number of families served 28 (Only 3 full-time summer families use from May to Oct.) 0-*
name of town supplied Silver City, Idaho

8. Where water is used for other purposes not above enumerated, give the nature of use, the extent of use, and any details regarding the initiation of the right or subsequent later expansion. Be as specific as possible, giving dates and quantities _____

9. Remarks: please explain any details of your claim which you feel need clarification or additional explanation
My home was purchased in 1900 by my mother-in-law, Mrs. Elisha Lewis, Sr. ** I went to the home as a bride, June 12, 1909, ** with my late husband, William A. Lewis and have maintained my home there. The Idaho Hotel maintained the the spring, main lines and tank as long as the hotel operated and charged water rental to townspeople and county offices *** until the county seat was moved in Sept. 1935. Hotel has been closed since 1942 ****, and has not been reopened since that date, but the old families already on the lines and limited water available have had use of the facilities of the spring, lines and tank since that time and have maintained the function. My family and I have had continuous use of the "City Spring", main lines and tank for the past 62 years or since June 12, 1909. (water was in the home prior to my living there but I cannot give exact date.)

0-* 0-* List of homeowners and who does have water and those who don't.
** Owyhee Avalanche newspaper article. On microfilm at Idaho Historical So.
*** Copy of my Marriage license and certificate.
**** Copy of a check written by my husband, Owyhee County Auditor to the Idaho Hotel for water rental for County Offices.
***** My son-in-law, Harold R. Statham, was last paying guest of Hotel in 1942.
***** 2 letters indicating the plans for Silver City. I am relinquishing my unpatented mining claims for the "City Spring" is located on my Holy Terror claim that State of Idaho Mining claim located 1941.

County of Ada } ss.

Be it known that the undersigned, being duly sworn, deposes and says that he, she, they subscribed the foregoing claim to a water right, together with all attached information, and that the matters and facts therein are true to the best of the affiants knowledge.

INSTRUCTIONS

Your claim should set forth all necessary information to describe your claimed right. Failure to give enough information may make your claim of little value. Some of the items in the form may not apply to your situation. Please use additional sheets if space provided is not sufficient to fully answer the questions.

Paragraph No.

1. Give full name and post office address of person or company making the claim.
2. Describe the point of diversion by 40-acre subdivision. Give the name of the source, the drainage to which it is tributary if surface water, and the county in which the point of diversion is located. If there is more than one point of diversion, list others in the remarks section.
3. Give the priority dates and the quantities of water that you claim. You should accurately list the dates that you initiated each new use of the water. List separately the dates and amounts of water involved in each enlargement of the diversion. (Example: if you diverted 0.8 c.f.s. of water for irrigation on May 18, 1871, for the first time for use on 40 acres of land, and then later you enlarged the diversion by diverting an additional 0.4 c.f.s. of water to irrigate an additional 20 acres of land on June 1, 1901, your right should be described as follows:

Date of priority claimed:	<u>May 18, 1871</u>	amount:	<u>0.8 c.f.s. or</u>	<u> </u> acre feet
	<u>June 1, 1901</u>	amount:	<u>0.4 c.f.s. or</u>	<u> </u> acre feet
		Total claimed:	<u>1.2 c.f.s. or</u>	<u> </u> acre feet

Since the water was used for irrigation between April 1 and October 31 on that particular farm, part b. would be completed as follows:

use irrigation period of use from April 1 to October 31 (both dates inclusive). If the water had been used for any other purpose, you would have described the priority date, amount, use, and period of use in a similar manner.

4. Describe the diversion works and explain any changes since the right was first initiated.
5. If the water is used for irrigation, give the total acreage and list the lands irrigated by 40-acre subdivisions and complete the other questions.
- 6, 7, & 8. Describe any other uses of water.
9. In the remarks section, give any information or details that you feel are not fully covered or that need clarifying. You might explain your operation, where the water is returned to if for an industrial or non-consumptive right, the condition and temperature of the returned water, and any other information to help explain your claim.

You may wish to include as a part of your claim, affidavits of witnesses who are familiar with your right and who have a personal knowledge of the circumstances which you have described in your claim. You may submit maps, drawings, certified copies of posted notices which may have been filed in the county courthouse, water measurement records, or any other document which you feel will support your claim.

Your claim will be advertised in a county newspaper for two weeks. Exceptions to your claim which dispute the water right that you have described may be received by the Department of Reclamation and you will be provided a copy of such exceptions.

The fee for filing this claim with the Department of Reclamation, Room 107, Statehouse, Boise, Idaho 83701, is \$10.00.

Mrs. Emily B. Lewis &/or Wilma L. Statham
4023 Hoover Street
Boise, Idaho 83705

Dear Mesdames Lewis & Statham:

The Department of Water Administration has completed the processing of your claim to a water right, and no further action is authorized under Sections 42-225a and 42-225b, Idaho Code. Your claim will be retained in our files and will be available at any time for use by you or the court.

As you are aware, the filing of your claim does not, in itself, guarantee you a water right; it only records and preserves the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included in your claim file, you may have that information or evidence added at any time. Please refer to your claim number when corresponding with this office.

We are enclosing, for your records, a copy of your claim. If you have any questions, or if we can be of further assistance, please feel free to call upon us.

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor

Owyhee Avalanche - June 20, 1902
page 1, col. 6

IDAHO HOTEL WATER SYSTEM: Work on the new system of water works for the Idaho Hotel was inaugurated this morning, and will be completed within a week or ten days. A three inch main will be laid from the tank to the hotel. The new tank is on the ground and will be erected at once. It is twenty feet in diameter on the bottom and twelve feet in height, and has a capacity of about 25,000 gallons.

A fire plug will be put in at the hotel and a supply of hose provided sufficient to convey the water to any portion of the hotel or adjoining property. Messrs. Connors & Evans, the proprietors, are also willing that a fire plug should be put in on Washington street by the citizens to be used in case of fire, at no expense to the city except for the plug and connections.

With the completion of this system and the installation of the new four inch line by the citizens and Mr. John Grete, Silver City will have one of the best gravity systems of water works in the West, and insurance rates will take a tumble.

3 of 11

WATER FACILITIES: Town Water Works have one 20,000 Gall tank and two 10,000 gall tanks elev. about 180 Ft. above Post Off. Tanks filled from creek fed by spring. 4" Main with six D. Hyds. Pressure 67 Lbs. - Idaho Water Works have one 25,000 gall. and one 20,000 gall. Tank filled from springs and elev 135 Ft. - Two 2" Hyds. on 3" main.

Marriage License.

KNOW ALL MEN BY THIS CERTIFICATE That any regularly ordained minister of the Gospel, authorized by the rights and usages of the church or denomination of Christians, Hebrews, or religious body of which he may be a member, or a Judge or Justice of the Peace, or competent officer to whom this may come, he not knowing of any lawful impediment thereto, is hereby authorized and empowered to solemnize the rites of matrimony between WILLIAM A. LIVES, of Silver City, of the County of Owyhee, State of Idaho, and EMILY U. BROWN, of Silver City, of the County of Owyhee, State of Idaho, and to certify the same to said parties, or either of them, under his hand and seal, in his ministerial or official capacity, and thereupon he is required to return his certificate in form following, as hereto annexed.

In testimony whereof I have hereunto set my hand and affixed my official seal, at Silver City, Idaho, this 7th day of June, A. D. 1909.

Recorder.

By _____ Deputy

Marriage Certificate.

David H Jones, an Episcopal Clergyman, residing at Boise in the County of Ada, in the State of Idaho, do certify that, in accordance with the authority on me conferred by the above license, I did on this 9th day of June in the year A. D. 1909, at Boise in the County of Ada in the State of Idaho, solemnize the rites of matrimony between William A. Lewis of Silver City, in the County of Owyhee of the State of Idaho, and Emily U. Brown of Silver City in the County of Owyhee of the State of Idaho, in the presence of Wm. Uetta A. Brown and James R. Brown and Dean Smith Witnesses, my hand at the county aforesaid, this ninth day of June, A. D. 1909.

Honorable Cecil D. Andrus
Governor of Idaho
Boise, Idaho 83707

MAY 12 1971

Dear Governor Andrus:

An area of historical significance and of particular interest to the people of this area of Idaho is the old mining town of Silver City in Owyhee County. Most of the lands in Silver City are public domain, covered by unpatented mining claims and occupied by several part-time residents. Visits to the area by tourists, sightseers and recreationists are increasing every year. Unfortunately, there are few, if any, facilities to accommodate these people.

Former Governor Don Samuelson had discussed with my predecessor, Joe Fallini, the possibility of the State of Idaho obtaining the lands in Silver City for the establishment of a historical site. Federal lands can be transferred to the State for this purpose. Attached are two letters from Director Fallini to Governor Samuelson regarding this subject.

Since historical values are being lost with the passage of time, it is very desirable that plans and programs be developed at an early date that would provide for both protection and development of the area. We are interested in knowing the desires of the State at this time. Perhaps a meeting of our staffs to explore alternatives would be desirable.

Sincerely yours,

Wm. L. Mathews
State Director

Dear Mr. Mathews:

*Glenn took the lead in
the arrangement of meeting, then.
Mr. Haney, for discussion designed
to bring a plan for the same.
While Mr. Haney returns to the
letter we write to be*

Mr. William L. Mathews, State Director
Bureau of Land Management
Room 334; Federal Building
550 West Fort Street
Boise, Idaho 83702

Dear Mr. Mathews:

Thank you for your letter of May 12th concern-
ing Silver City.

I agree that we should begin some discussion
on this matter, and I'm designating my assistant,
Mr. Roy Haney, to represent me. If you would
ask whatever staff member you choose to con-
tact him, they can set up a meeting.

I appreciate your courtesy in reminding this
office of the subject. I trust something of
importance can come from this undertaking.

Sincerely,

Cecil D. Andrus
CECIL D. ANDRUS
GOVERNOR

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for our review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor
