4 GENERAL INFORMATION ON PETAN RESERVOIR

Petan Company engaged Joe Thackaberry of Idaho Land & Map Service to survey the locations of their reservoirs after they were constructed. BLM surveyed the locations of the reservoirs at a later date and described the location of some of them as being different from the locations described by Mr. Thackaberry. Information obtained by this department indicates that the BLM survey was conducted by summer help and would therefore be more suspect than the survey done by Mr. Thackaberry who is an experienced surveyor. Locations found by Mr. Thackaberry have been visually confirmed by overflight in a helicopter and are the locations used in licensing. There are many other small stock water reservoirs in the same area; this might explain some of the differences in location and description when BLM and Thackaberry accounts do not agree.

Dear Sir:

This department has issued nineteen permits for water appropriation that have been completed by Petan Company and need only field examination before water licenses can be issued.

We would like to arrange for someone familiar with the permits to go over the project with one of our examiners sometime in the near future. We would appreciate any suggestions you might have as to when and how the examinations could best be completed.

Very truly yours,

Jeff Dorsey, Manager
Petan Co. Tr Ranches
Pascadero, Nevada

Dear Mr. Dorsey:

We acknowledge receipt of the deposition ~~and two~~ and two witnesses, also affidavit of publication in the _____, all submitted ~~for completion of works~~ and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER

Attention: Joan H. Bain

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. R-1109, in the name of Petan Co. - YP Ranches. Final Proof is to be made before you, as Notary on the 2nd day of November, 19 62, at 10:00 o'clock A.M., at 329 Idaho Building, Boise, Idaho.

As of this date we have mailed the Notice to the Owyhee Nurret Marsing, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,
