Dear Mr. Tucker:

We are enclosing your permit on Spencer Dam in Owyhee County. We sent your notice of publication to the Owyhee Nuggett under date of the 24th stating that proof was to be made at Pocatello, at 10:00 A. M. on the 28 of July before F. M. Bistline. But since receiving your letter this morning, we have corrected the publication to read at Boise, Idaho, on the same date before E. A. Weston, Notary Public, Sonna Bldg. and your address to Boise, Idaho, Sonna Bldg. We havent seen a copy of this weeks publication and do not know if the notice arrived in Marsing on time for this week's issue, if it did, there will be need for four additional publications.

We are also enclosing a form for making Completion of Works proof on this Dam. Proof may be made at any time before the 28th of July and no witnesses are needed. A Notary Public in your office, or one in our office will be sufficient. There is no charge if made before a State Notary here in the bldg.

Gentlemen:

We are in receipt of a letter from the Grazing Service at Pocatello that they are moving to Boise and wish to make proof for Beneficial Use on Permit No. R-726 here in Boise. That means that the publication must be changed. Did you publish under date of June 25th? We are enclosing a form showing the changes to be made.

The attorney general's office informs us that there must be four publications with the corrected place of proof.

Gentlemen:

As the Grazing Service is moving the regional office to Boise it is probable that some change should be made in the execution of papers for proof of application of water to beneficial use of the Spencer Dam Reservoir, located in sec. 13, T. 7S, R. 3W.

As previously discussed, it was planned that this proof should be made before F. M. Bistline, attorney here. However, I would like to make a change and have this proof made before some notary public in Boise. I will discuss this matter with you when I am in Boise on or about July 1.

The Grazing Service performed certain construction on the dam of this reservoir by raising and widening same for vehicle travel. The spillway was also so constructed as to allow vehicle travel across same. The Grazing Service made application number 26785, permit number R-726, for the storage of stock water in this reservoir. This storage is to be in addition to irrigation water filed on and stored by said W. B. Spencer, who holds State license for the same. This stock water was considered to be run-off of rain and snow draining into the channel of Meadow Creek on which drainage this Spencer Dam is located.
