Gentlemen:

One of the conditions of approval of your water Permits No. G-33362/55-2157 and G-33363/55-2158 was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before December 13, 1971. Enclosed are affidavits which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permits will lapse and be of no further force or effect.
